Dear Tommy
I think you
are a real sweet
guy, even though I
don't know you too
well.

Yours Truly
Joan Peltier

Lots of Luck,
Betty Flower

Knowing you for such a short time has
been a real pleasure and in the short
time I've been with you, I've grown quite
fond of you. Please don't judge me by my
behavior and I'm really sorry about
Monday night.

Love you Always,
Ben

P. S.
Good luck in the
coming year of school.

Dear Tommy,
It has been
so nice having world
history and English with
you. you are one of the nicest
boys I know and you deserve
all the luck and blessing in
the world.

Senior High School
North Little Rock, Arkansas
Colorpress, Incorporated--------Austin, Texas

Dedicated to Mrs. Elizabeth H. Goss

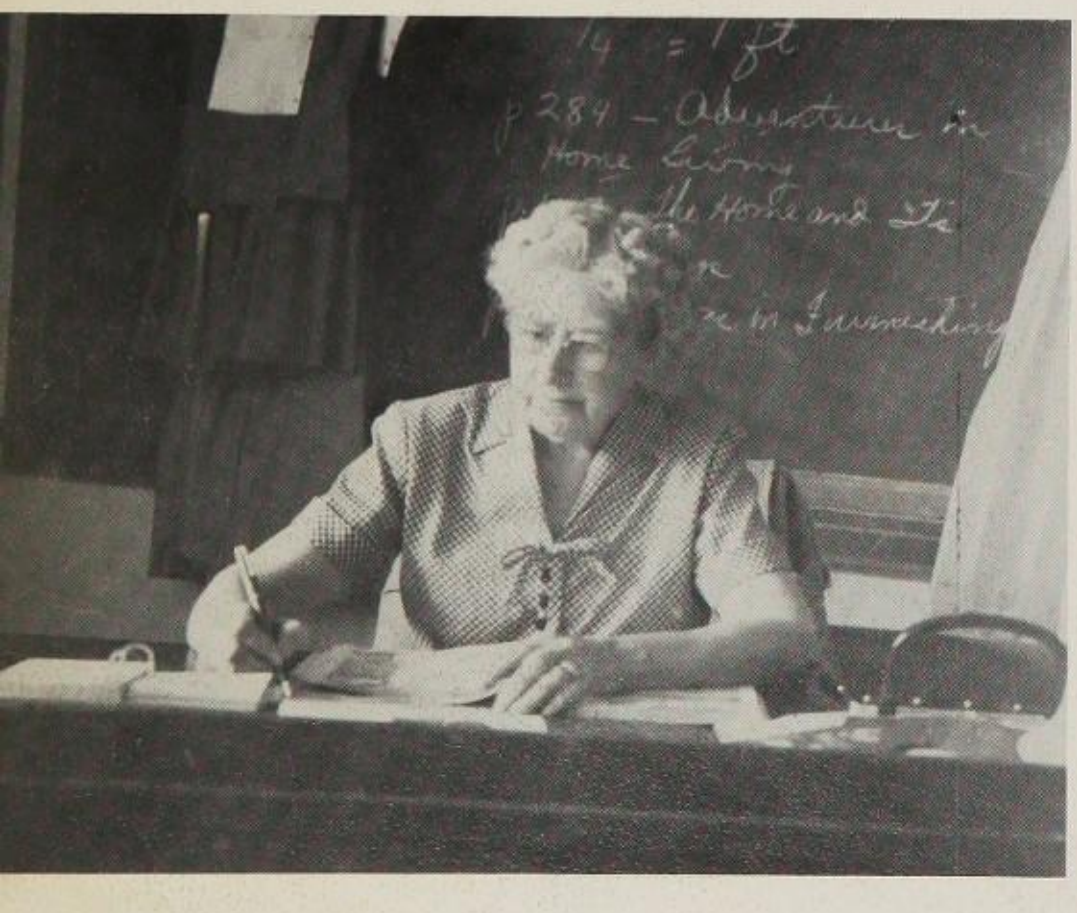
Dear Tommy,
I don't know you very well but I think you are a very cute boy. Best of luck in everything.
Sandra Hixson
Junior 59-60

To one whose life has touched that of every one of us, we wish to dedicate our record of another year in the history of North Little Rock High School.

All of us on Wildcat Hill have had the opportunity to become acquainted with Mrs. Elizabeth Hively Goss; and all of us have enjoyed every moment spent in a classroom presided over by this charming woman.

She is, without a doubt, the best-known substitute teacher in the North Little Rock public school system; for she has, at sometime, taught every grade in every school in this system.

Endowed with a warm smile, soft voice, and engaging manner, Mrs. Goss leaves each of us at the end of a class with the warm feeling that she has taught us much more than the mere contents of a textbook. In her own quiet way she has revealed to all who know her the secret of a happy life—through service to others.



The students on Wildcat Hill will always remember Mrs. Goss, whether they met her in Student Council, Study Hall, Typing, American History, or English, or whether they were Sophomores, Juniors, or Seniors. They will be grateful that they had the opportunity to meet her and be her pupil, if only for a short while.

It is said that everyone's life is influenced by those he comes in contact with, and we realize that Mrs. Goss is the best influence anyone could meet.

Mrs. Elizabeth Hively Goss

This is An Arkansas Story

Dear Tommy,

Even though I don't know you very well, I've enjoyed knowing you, especially when you let me break ups in the ole Lunch Line.

Best Wishes and Good Luck.

Always,
Toni Reedy

In the heartland of America lies the nation's most beautiful stretch of countryside named for the Quapaw Indians and spelled Arkansas by explorer Bernard de la Harpe. It is fittingly called The Wonder State, not alone for the marvels of its unbelievable topography and fabulous minerals; but for its agricultural and industrial products and the character and stamina of its people.

In the center of this state, on the north bank of the river just across from the capital city, is located North Little Rock, setting for our story of one year in the lives of the students who attended one of the nation's greatest high schools.

Many people helped us tell this story in picture and phrase, and to them we express a very deep gratitude. Besides our photographer and publisher, these included Governor Orval Faubus, Secretary of State C. G. Hall, the Arkansas Parks and Publicity Commission, the Arkansas History Commission, the Commission for the Territorial Restoration, the personnel of the North Little Rock Public Schools Administrative Offices, and the Arkansas Chamber of Commerce.

MR. D-EON PRIEST from Colorpress, our long-suffering publisher, helps work out ideas and make-up for the Wildcat.

THE MAN WHO WROTE THE BOOK . . . Prof. C. J. Medlin, author of *Yearbook Editing and Management* and *Yearbook Layout* helps editors and business managers with master plans at the workshop.

Work on this story began more than a year ago, progressed during the summer of 1959 at the yearbook workshop held at Arkansas State Teachers College under the expert guidance of Professor C. J. Medlin and Mr. Deon Priest, and now is before your eyes in wonderful reality.

It is a joy to tell you this story. May you long enjoy the reading of it.

Most sincerely,

Anne Stephens
Billy Kiehl

Arkansas Has Always Revolved Around Its Three Capitols

Little Rock, often called the city of three capitols contributes its own bit of romance to the story of Arkansas, the Wonder State. The city, located on the south side of the Arkansas River because it was chosen as a "proper place for the seat of government," is the only permanent capital Arkansas has ever had. The three capitols represent three different and very distinct eras in the history of the nation as well as the state —the settlement of our nation, the period of civil strife during which brother waged war against brother, and the world in which we live.

In the beginning the Territorial Capitol was built which, now restored, recalls the spirited days of Arkansas' pre-statehood era when courageous pioneers were struggling to open the new South. The Restoration, containing 13 brick and frame structures, has been carefully restored to resemble the town when it was only a rural county seat in the early 1820's. Classified with such historic national shrines as Mt. Vernon and Colonial Williamsburg in Virginia, the Territorial Capital Restoration in Little Rock represent the Jacksonian Era in history—the beginning of expansion.

The Territorial Capitol Building constructed of large hand-hewn oak logs and cypress sidings, contains hand-carved mantels and exquisite and

VETERAN STATESMAN Secretary of State C. G. Hall talks with Business Managers Barbara Cullins and Jackie McRoberts.

INTERNATIONAL PERSONALITY Governor Orval Faubus discusses the Wildcat with Editors Billy Kiehl and Anne Stephens.

authentic furnishings that radiate the charm and comfort of the period. Upon entering the restoration, one leaves the twentieth century behind and becomes a part of this delightful world.

The Old State House, one of the finest examples of antebellum architecture in the South, lifts its experienced voice to tell of the time it was the center of colorful Arkansas history. Within the interior of this building—with all its beauty and dignity—are wide arched hallways leading to the famed "horse-collar" stairs. These stairs spiral upward to second and third floors where

ARKANSAS' STATE CAPITOL BUILDING

Photo by Phelps
Arkansas Parks and Publicity Commission

two light wells, throw a gentle glow from outside into halls, down winding stairways, and on delicate hand-turned balustrades. One might find it hard to believe that within these dignified walls a pioneer speaker once stabbed to death a fellow-legislator in an argument over bounty on wolf-scalps, and half a dozen men tried to ride horses up the inside spiral stairs. Progress and growth brought about changes but the State House stands as a reminder of stages in Arkansas history never to be replaced.

Patterned after the National Capitol in Washington and recognized as one of the most beautiful in the country, is the present Arkansas State Capitol building. Ideally situated on a knoll facing Capitol Avenue, only the truly critical eye can fully appreciate the fine classical lines of this superb architectural masterpiece, accented by the beautifully landscaped grounds.

Although the cornerstone of the building was laid in 1900, the building, composed largely of "Batesville Marble," was not finally completed until the end of the year 1915.

As our government expands, buildings of modern but harmonious architecture are erected on Capitol Hill to house these new and needed state departments.

Housed inside this and six other state buildings located on the capitol grounds are magnificent displays of the state's natural resources that often capture the wonder of native visitors as well as tourists. This is the seat of our present state government.

The people of "The Land of Opportunity" are justly proud of these three impressive capitol buildings which exemplify the past history of the growth and development of a democratic state born of a democratic nation.

The complete and true story of our "Wonder State" cannot be related by the buildings themselves, each with its own story to be told in its own colorful and impressive way. We must see these wonders in order to believe.

Doorways and Corner stones to Learning

Located approximately in the center of our wonderful state is the campus of our beautiful high school, whose memory is held dear in our hearts, our alma mater, North Little Rock Senior High School.

This school is one of the most striking buildings in the state. However, it is not just a building to those who have been privileged enough to attend it. To them it is an immortal spirit and a personality in its own right. Wildcat Hill is alive with the spirits and memories of throngs of students who have climbed its marble steps, flocked into its large auditorium, rushed through its locker lined halls, or grasped their education in one of NLRHS's friendly classrooms.

Majestically, the main building stands tall above the others, like a king amid his royal subjects. Its rich buff brick finish is in direct contrast with the beautiful campus adorned with luxuriant shrubbery which surrounds it like a rich carpet.

As the frosting is to a cake, so is the graceful music building to Wildcat Hill. Its beautiful exterior is delightfully complimented by its wonderfully planned interior. Equipped with sound proof rehearsal rooms and storage rooms for both band and choir, this building offers sentiment plus modern facilities, as is traditional on Wildcat Hill.

* * * * *

Tread softly and you can almost hear them.

Yes, you can hear the spirits of the fans at the last Thanksgiving or homecoming game. The stadium echos with cheers as the queen is crowned, or the game is won.

Remember how the unruffled green made a perfect setting when the Cat-etts marched in pre-game ceremonies, and how the not so unruffled green looked grand when the band marched during the half?

Wildcat Stadium, located North of the high school is full of such memories of the many games, outdoor baccalaureate services, and graduation ceremonies that it has witnessed.

A shrine of physical fitness, the Physical Education Building symbolizes the happy, healthy, and fun filled good times had by all of Wildcat Hill.

This building houses two gyms and dressing rooms for both girls and boys phys ed classes. During basketball season it amazingly converts itself into a field house of which all North Little Rock is proud.

* * * * *

A hub of activities ranging from auto mechanics to mechanical drawing is our Vocational Arts Building. In this building the mechanics, draftsmen, electronical engineers, and skilled craftsmen of tomorrow are trained for the purpose of making tomorrow's world a better place in which to live. Housed in this building along with five special shops, are the shop offices, storage rooms, rest rooms, a finishing room, locker room, and an office for the vocational supervisor.

Dear Tommy,
It has been a real pleasure knowing you. I hope to see you a lot more during the next year. I had a wonderful time on our first date & hope to have more. You are very sweet & I think you will have a wonderful life ahead of you. Always stay as sweet as you are now. I hope you will remember me because I enjoyed your company. I wish we didn't have to get apart but I guess that's the way things go. Good Luck in everything you do.

Essential to any job that is to be well done are the correct natural resources. The potter must have his clay, the artist his paint and pallet, industries their raw materials. And the 1960 Wildcat has the enthusiastic and loyal students on Wildcat Hill as its natural resources.

Our Wonder State has its resources of petroleum, natural gas, natural gas liquids, coal, forests, bauxite, and manganese—not to mention the numerous other natural resources that can be found here.

Arkansas lead the nation in the production of bauxite, and ranks high as a producer of manganese. Most of the bauxite found in our wonderful state is mined from open pit mines near Bauxite, Arkansas, and in surrounding areas. Manganese, to be used in the manufacture of hard steel, is found in Independence County.

Second only to soil and water in value are the abundant and luxuriant forests that cover nearly three-fifths of this "Land of Opportunity." Contained in these forests are more than two hundred kinds of trees, sixty of which are presently used in timber industries in the state.

Although shortleaf and loblolly pines furnish about half of the lumber furnished in our state, sweet gum and red and white oak are the most valuable hardwood trees in the forests.

It has been claimed, and seems to be true, that Arkansas has a greater variety of minerals than any other state in the nation. In Magnet Cove alone there are about eighty known minerals. No where else has such a variety of minerals been found in such a small area.

Other minerals found in our marvelous state are oil and natural gas. These minerals are found in the Southern part of the state, while coal beds can be found in the Arkansas valley.

Because of its numerous and varied minerals, Arkansas has truly won the title "Wonder State" and in the same way North Little Rock High has earned the right to be called one of the outstanding schools in the state. Its students are friendly, talented, loyal, enthusiastic, and civic-minded. Thus our students are among the finest of Arkansas' natural resources.

Arkansas is a state where, as the state seal says, "The People Rule."

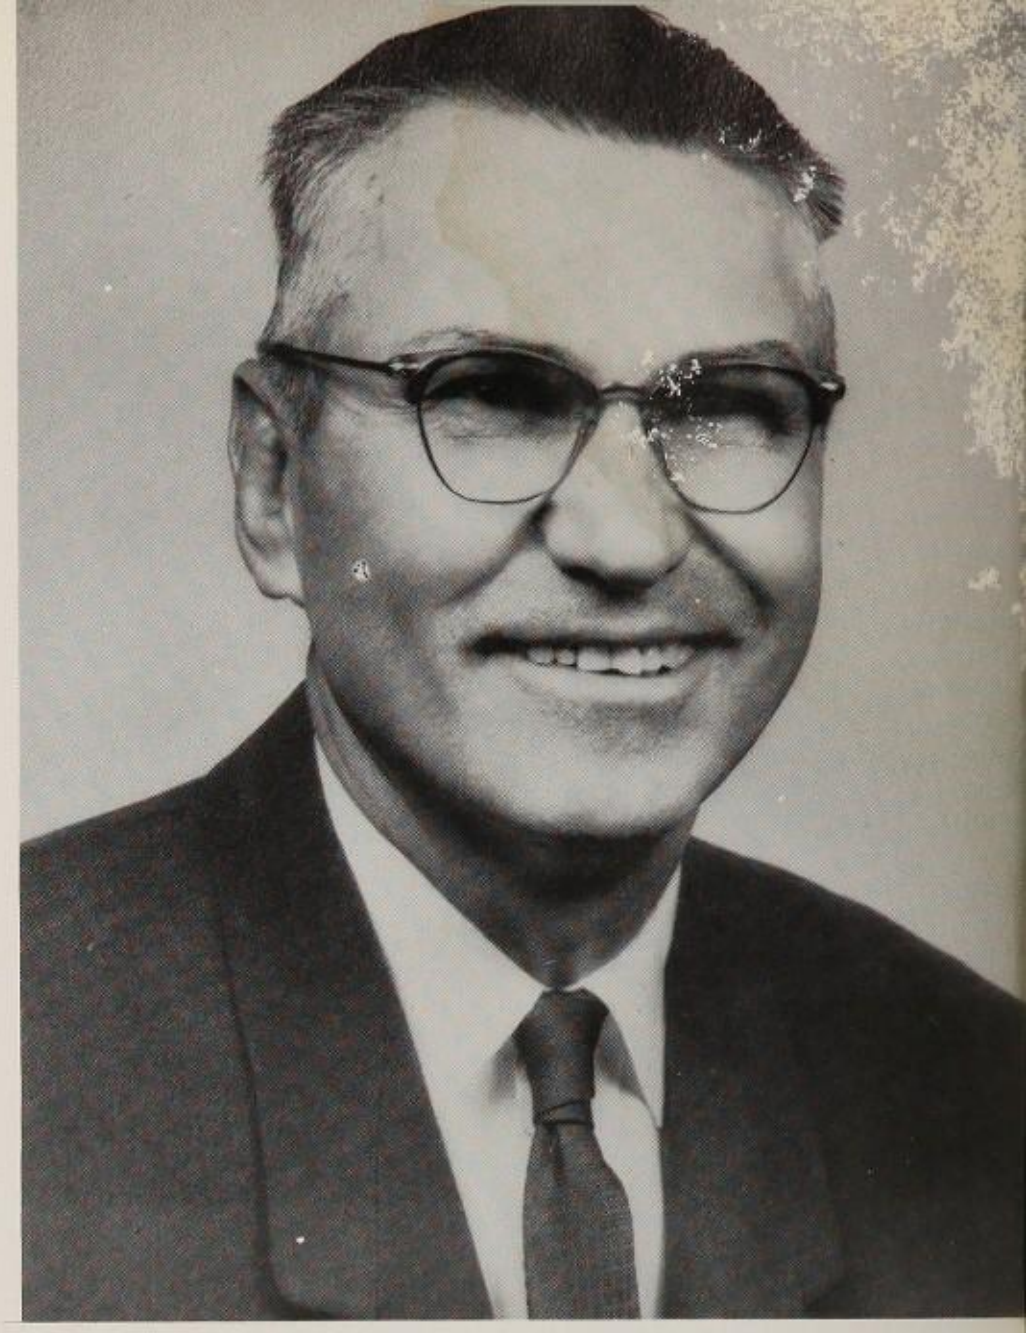
Superintendent of North Little Rock Public Schools

Mr. Wright is in his fourth year as Superintendent of the North Little Rock Public School System with its 11,348 pupils. He has also served as Assistant Superintendent, and as Principal of Senior High School.

Before coming to North Little Rock, Mr. Wright had been Superintendent of Schools at Foreman, Arkansas, and had been a science teacher and football coach at several other Arkansas schools.

He holds the Master of Arts Degree from George Peabody College for Teachers, Nashville, Tennessee.



Superintendent F. Bruce Wright

Wildcat Business Managers Barbara Cullins and Joyce De Monbrun and Literary Editor Harriette Fiske discuss the annual with Mr. Wright.

Mr. Wright inspects the Hi Comet with Editor Linda Digby, Exchange Editor Billy Farmer, Editor Clara Bess Matson, and Assistant Advertising Manager Jerry Mateer.

Mr. George E. Miller

Principal of Senior High

Highly respected by both faculty and student body, Mr. Miller is serving his eighth year as Principal for North Little Rock Senior High.

He holds a Master of Arts Degree from New York University.

Mr. Miller greets parents at Open House.

Publications Staffers Mary Nell Allen and Bill McFarland discuss an issue of the Hi Comet with him.

Supervisors and Faculty Advisers

Many faculty members have additional or special duties. This is true of the faculty advisers and supervisors, the librarian, dean of boys, dean of girls, the supervisor of instructional supplies for the audio-visual department, the student council and publications faculty advisers, and the guidance counselors.

Miss Merdith Landers
Guidance Counselor
Bachelor of Science, State Teachers College, Conway
Master of Science, University of Arkansas, Fayetteville

Mrs. Charles Carpenter
Librarian
Bachelor of Arts, Texas Women's University, Denton

Mrs. T. L. Bledsoe
Assistant Guidance Counselor
Bachelor of Arts, Keuka College, Penn Yan, New York

Mrs. Reyburn Fearnside
Faculty Advisor for Student Council
Bachelor of Arts and Master of Arts, University of Oklahoma, Norman

Mr. Raymond Burnett
Dean of Boys
Bachelor of Arts, State Teachers College, Conway
Master of Arts, Peabody College, Nashville, Tenn.

Mrs. Vada Cowan
Dean of Girls
Bachelor of Arts, Henderson Teachers College, Arkadelphia
Master of Arts, Peabody College, Nashville, Tenn.

Miss Katye Lou Russell
Faculty Adviser for Student Publications
Bachelor of Arts, Ouachita College, Arkadelphia
Master of Arts, University of Arkansas Fayetteville

Mrs. Lester Bickford
Supervisor for Bookstore and Study Hall
Bachelor of Arts and Bachelor of Music, Phillips University, Enid, Oklahoma

Mrs. Garland Beavers
Supervisor for Audio-Visual Instructional Supplies
Bachelor of Music, University of Arkansas, Fayetteville

Secretaries

Indispensable to the smooth-running of affairs at Senior High are the secretaries whose work involves thousands of clerical duties and the keeping of a number of account books.

There are records, schedules, tickets, the telephone switchboard, transcripts, scholarship data, even a lost-and-found, and a whole mountain range of correspondence to be seen to. Somebody or something is always needing attention.

Mrs. Margaret McCloskey
Secretary to the Principal

Mrs. Dorothy Baker
Secretary to the Guidance Counselor

Mrs. Madge Millsapps
Secretary-Clerk

Mrs. Geraldine Golden
Secretary-Clerk

As our Arkansas Travelers move steadily down the path of life they often pause to remember the pleasant days of the past. Many times the favorite of these memories is the wonderful days spent in high school. The joys experienced, the knowledge gained, and the friends made during high school days are remembered and treasured throughout later years.

Perhaps they remember the year they spent as a Sophomore. They can almost feel the bewilderment experienced on the first adventurous day on Wildcat Hill. But soon the bewilderment was gone and they became accustomed to their new "Alma Mater." They met new people, experienced new activities; and, before the year was completed, became a necessary part of this high school.

Then they remember their Junior year. Well established as Wildcats, they enjoyed their friends and studies and made the most of wonderful experiences.

Probably the most prominent memory of high school days is of that wonderful year, the Senior year. Realizing how priceless every day was as the end of their school career approached, they filled their Senior year with precious memories and happy times. As they remember the Senior activities, the friends they left, and graduation day, a tear may fall.

These ne'er-to-be-forgotten years in high school will be treasured by each of us whether we be businessman, civic leader, house wife, doctor, lawyer, or teacher, or wherever in life we may encounter a friend, a fellow Wildcat. Then we will probably say, "Remember when we were in high school together back in '60? Those were the days!"

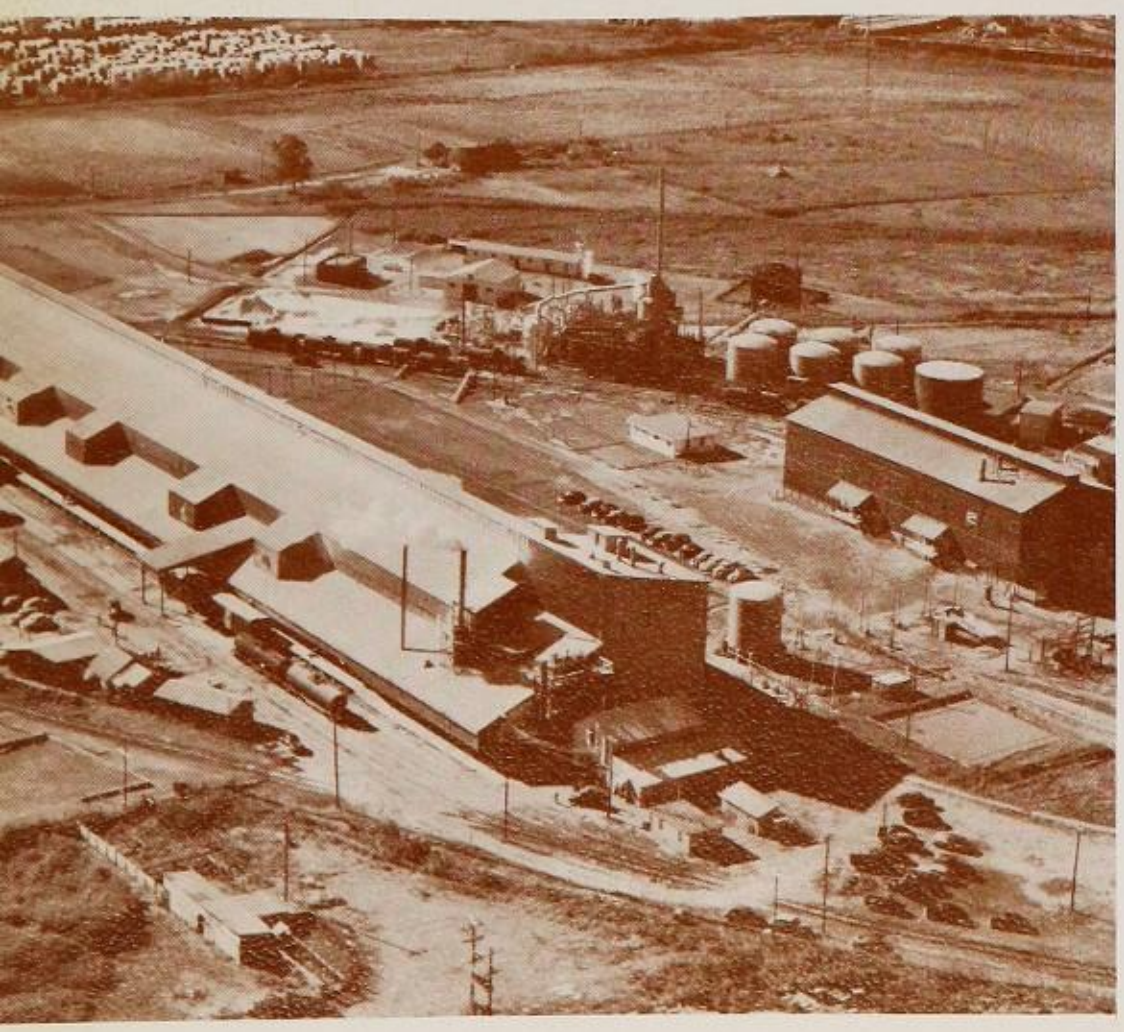
PLOT

State Tree—the pine

Cameron Feed Mills, North Little Rock
Photo Courtesy Cameron Feed Mills



Olin Mathieson's sulphuric acid plant, North Little Rock.
Photo by Ratkin, New York

Though we were given talents, the use of these talents was left to our judgment and discretion. We were also given natural resources and the decision of whether or not to use them was also left up to us. Appalled by the idea of waste and faced by the necessities of life, men became industrious and began to use these natural resources in ways that might be beneficial to all mankind.

Arkansas, with its abundance of raw materials and vast supply of cheap fuel, soon began to turn its resources into manufactured goods.

One might say the king of the manufacturing industries in our state comes to the factories clad in rich green—timber products rule. Some lumber and wood products are produced in every county in Arkansas, even though the industry is mainly located in the Gulf Coastal Plain near Crossett and Warren. Because of the great value of Arkansas forests, the pine, Arkansas' most valuable tree, was chosen as the state tree.

The mineral resources of our "Wonder State" also make possible a number of important industries. Scattered over the state are the impressive sights of petroleum refineries, chemical plants, and plants producing numerous and necessary metals.

To be offered as an example of Arkansans making the most of materials the state produces is the rapidly growing cottonseed industry. More than a hundred products are made from linters, hulls, and meats of cottonseed after the cotton is ginned. Among these products are explosives, building materials, paints, fertilizers, blotting paper, pipe stems, cooking oils, motion picture film, and steering wheels.

Electricity is a magical word and the production of electricity is one of the most important industries in the state. Because of her many streams, Arkansas is an excellent place for the building of electrical plants. This electricity is, in turn, supplied to cities, farms, and factories throughout the state.

As the state turns its natural resources to industry, the students on Wildcat Hill industriously turn out Classwork, thus setting the wheels of learning in motion. Year by year the plot thickens as more classwork is turned out and more of the product, knowledge, is made available to the people of Arkansas.

The Language Arts

Communication Leads To Understanding

The shrinking world of today is made even smaller by the student who has at his command the ability not only to express his thoughts but to understand thoughts expressed by others.

Students of NLRHS receive training in all phases of both English and American Literature and grammar.

Along with the modern idea of preparedness, there is offered in addition to the regular English courses a special, more advanced course for the college-bound student.

Here on Wildcat Hill students are not only schooled in the English Language Arts but are encouraged to select a foreign language course in which they become acquainted with other cultures. During this course of study the student may lose any prejudice or disillusionment he may have had, to a better and more realistic understanding of his foreign neighbors.

Mrs. Reyburn Fearnside
Head of the Department of English
Bachelor of Arts and Master of Arts, University of Oklahoma, Norman

Miss Katye Lou Russell
Head of the Department of Journalism
Bachelor of Arts, Ouachita College, Arkadelphia
Master of Arts, University of Arkansas, Fayetteville.

Mrs. Sarah Helms
Head of the Department of Languages
Bachelor of Arts, State Teachers College, Conway

In the courses offered—French, Latin, and Spanish—the student learns not only to speak the language but becomes familiar with the customs, dress, and daily life of the natives of these countries.

To further this chain of understanding, the Journalism student strives to create a better informed public by upholding the Journalistic ideals and perfecting the Journalistic style.

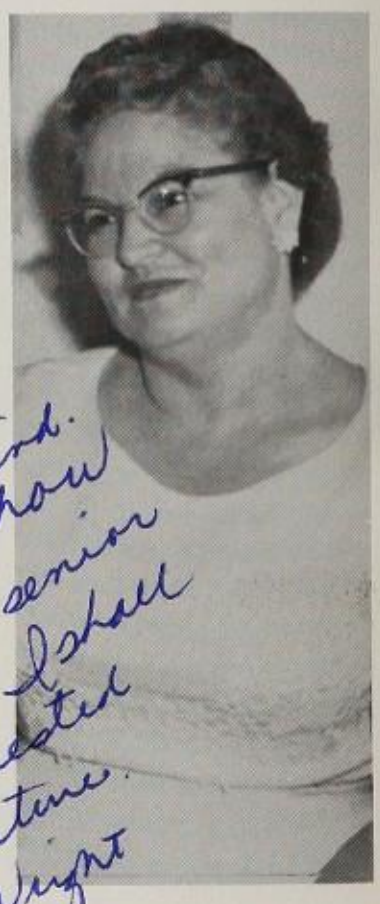
With our citizens of tomorrow well versed in these language arts so essential to the survival of our Democracy, is not a world of real understanding truly in sight?

English

An Indispensable Possession This Is

Leader of the languages of the world, basis for modern education, tool of communication, and tune to which is set the literary masterpieces of our century—these and many more phrases describe a precious and quite indispensable possession—the English language.

Here on Wildcat Hill the English language is studied in every phase—from the parts of speech to the diagraming of sentences and back to the great literature which puts English to work so beautifully. In order to accomplish this the study of English is divided into two classifications; general English, which is an over all study of all phases of English; and special or college preparatory English—which concentrates on developing those skills needed by a college student.



Mrs. John Purtle
English
Bachelor of Arts, Hardin-Simmons University, Abilene, Texas
Master of Arts, University of Arkansas, Fayetteville.

Mr. Ray Poindexter
English
Bachelor of Science in Education, Southwest Missouri State College, Springfield, Missouri.

Mrs. Marian Phillips
English
Bachelor of Arts, Central State College, Edmond, Okla.

Miss Bette Wright
English
Bachelor of Science, State Teachers College, Conway, Ark.

Mrs. Lynn Tarkington
English
Bachelor of Science in Education, University of Arkansas, Fayetteville

The Sophomore, upon entering English class, may open his mind to spelling, sentence construction, poetry or the study of Julius Caesar.

The Junior English class next door may be studying sentence diagraming or another technique used in teaching the mechanics of the English language.

And the Senior English class down the hall may be writing themes, analyzing books or simply constructing intelligent sentences.

English classes on Wildcat Hill prepare us to be pleasant, successful, and informed individuals by putting in our hand the tool on which our success and happiness will someday depend—the knowledge of the English language.

THE THROES OF COMPOSITION:
Johnny McClain writes that famous senior research theme.

Mrs. Jeannette McCormack
English
Bachelor of Arts, State Teachers College, Conway
Master of Arts, University of Arkansas

Mr. G. A. Jones
English
Bachelor of Science, State Teachers College, Conway

Mrs. Vada Cowan

Bachelor of Arts, Henderson Teachers College, Arkadelphia
Master of Arts, Peabody College, Nashville, Tenn.

Miss Linda Worden
English
Bachelor of Science in Education, State Teachers College, Conway

Miss Dee Blasengame
English
Bachelor of Arts, Winthrop College, Rock Hill South Carolina ..
Master of Arts, University of Florida, Gainesville

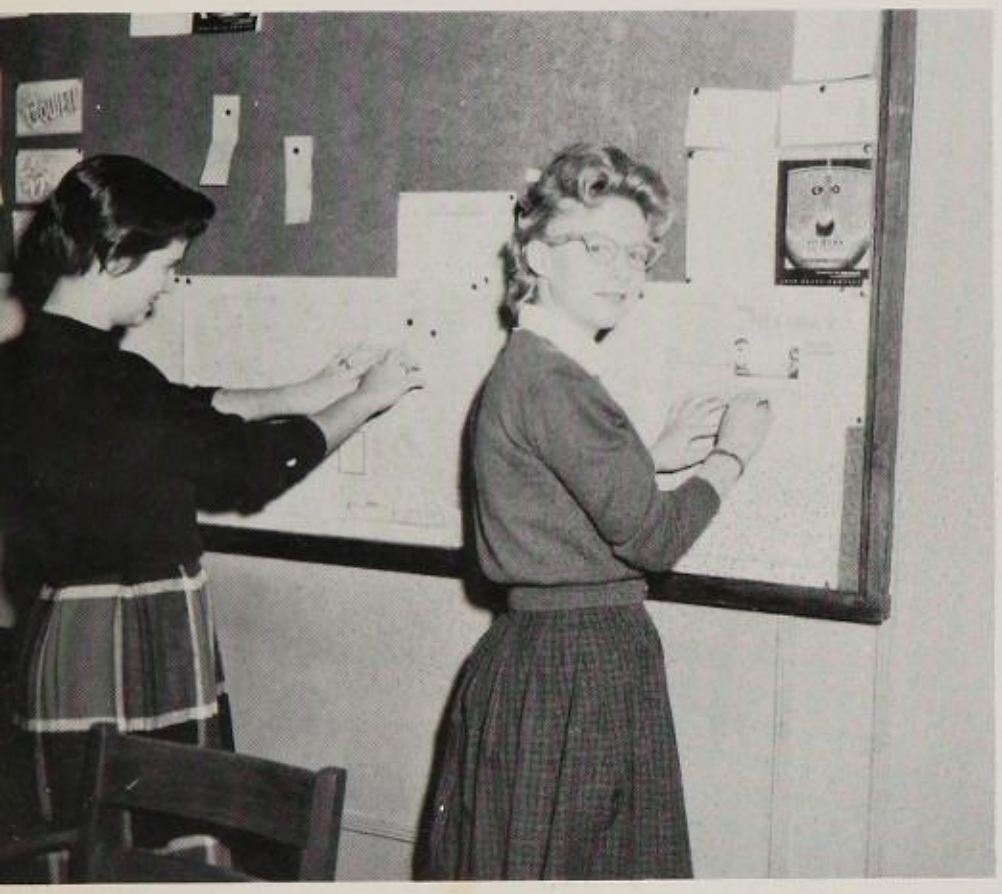
Journalism

These Record The Heartbeat of NLRHS

As the metropolitan journalists report the heartbeats of the city so do Wildcat journalists report and record the happenings at North Little Rock High School.

Students spend many long hours of hard work preparing the Hi Comet, which is a bi-weekly paper, and the 244-page 9x12 Wildcat Annual.

An outsider might regard the Journalism Department as a continuous state of mass confusion—the photographers remind one of perpetual motion while busy taking pictures of school activities, editors seem to be doing a dozen important things at once, business and advertising managers frantically make contacts over the phone and at the same time prepare ad copy, typists type as if they hadn't a moment to lose, and the poor staff reporters are everywhere at once. Deadlines must be met!



HI COMET MAKE-UP . . . Editors Clara Bess Matson and Linda Digby struggle with the dummy.

WILLIE WILDCAT IS BORN . . . Staff Cartoonist and Artist Bob Carroll works at his drawing board.

Here students receive a glimpse of the good life of journalism, whether busily working to keep the student body informed through the paper, or dedicating themselves to recording another year of Wildcat History in the annual.

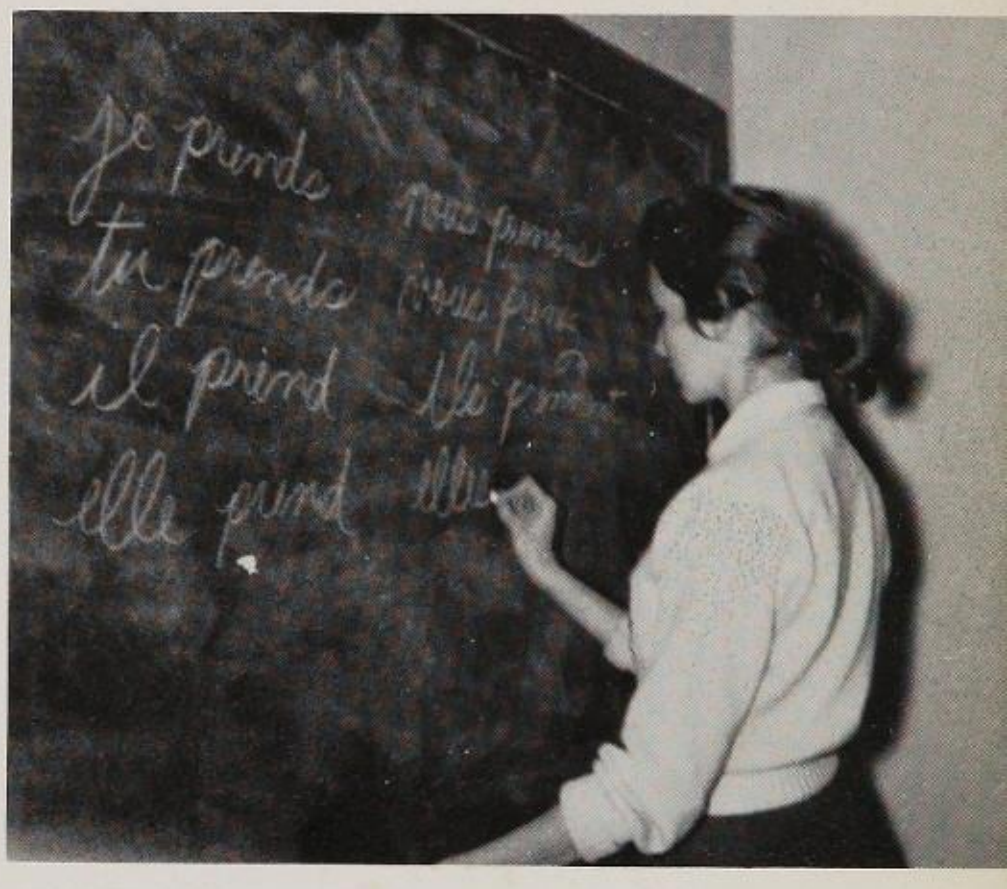
MAIL OUT TIME . .. Alice Sweatman, Carol Kerby, Jack Hill, and Jeanie Lindberg sweat it out.

French

Les Eleves Study Language of Love and Beauty

FRENCH CLUB OFFICERS . . . Gayle Besancon, Martha Perry, and Jerry Plummer.

FRENCH IS FUN, BUT NOT FUNNY—Martha Bowen experiments with her translations.



I TAKE, YOU TAKE, WE ALL TAKE—FRENCH—Sue Wynns conjugates the verb.

Although French is known as the language of love and beauty the N. L. R. H. S. French student is soon to learn that there is much more to the study than that.

"Les Eleves" are first introduced to French by a study of phonetic symbols which are necessary to learn pronounciation. During the first year of his two year course the student will pick up a working vocabulary. In addition to learning five different tenses he will become familiar with many of the idiomatic expressions which are used in French. Since French is composed of many irregular verbs, the student will learn to conjugate many verbs.

Second year students begin with a stiff review then go in to study 5 additional tenses, many more verbs and vocabulary words and the subjunctive mood. Also included in the second year study is a charming little French reader which tells a great deal about the people, their habits and their way of life.

Students are encouraged to correspond with French Students who are studying English. Beginning the correspondence with a letter in English the student is then answered by the French student in his native language. A great deal of profit is derived from this correspondence and the student soon realizes that he is having fun as well as learning.

Spanish

We Learn To Speak With Our Neighbors

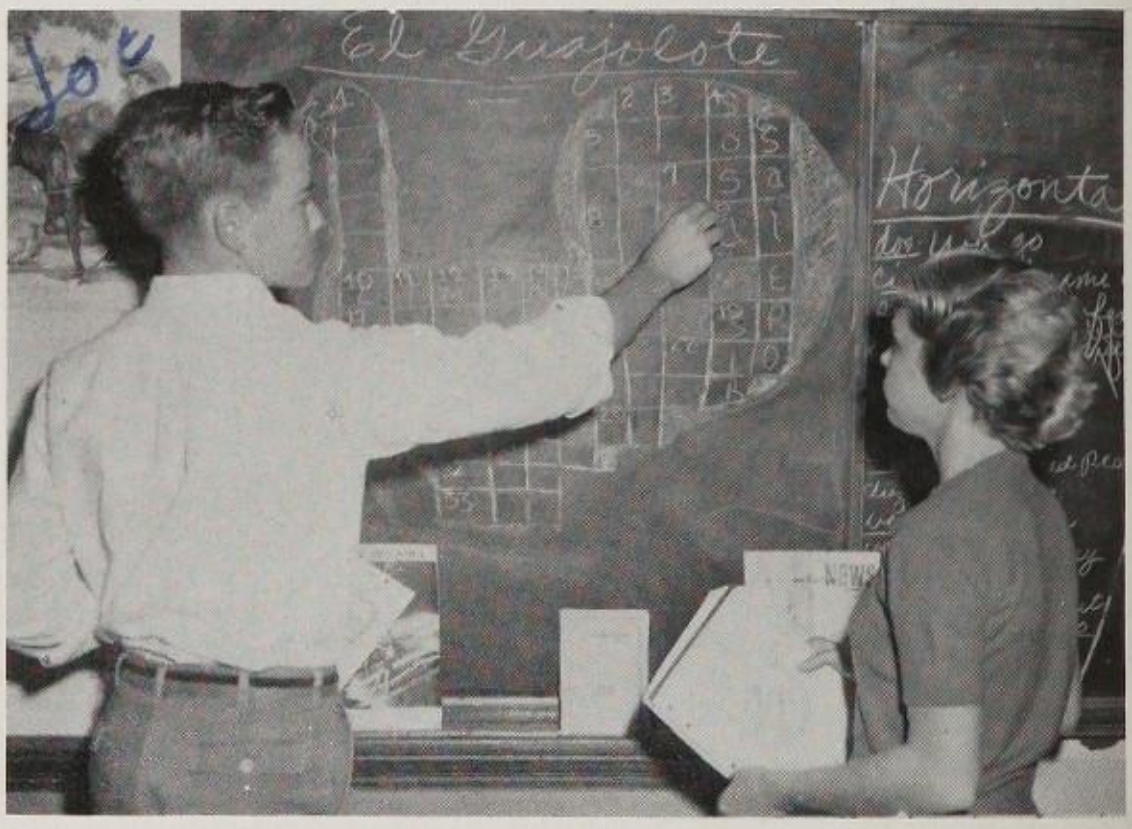
All the fun of knowing our colorful neighbors south of our border of the United States, a golden opportunity to learn how our indigenous friends speak, and a marvelous chance to broaden our outlook on the world around us is provided by the Spanish classes at N. L. R. H. S.

The study of Spanish on Wildcat Hill is divided into a two year course. First year students learn tense and conjugations of verbs, pronouns, subjects, objects, and reflexives. To spice their study of Spanish, students sing Spanish songs, present dialogues in class, and participate eagerly in Spelling matches using only the Spanish alphabet.

As final polish to this golden language, the second year students study the indicative and subjunctive moods of verbs, present by memory oral dialogues in Spanish, and carry on conversations entirely in the language of Latin America.

Spanish speaking pen pals, book reports, gaily decorated bulletin boards, and celebrations commemorating Mexican fiestas further stimulate interest in this soft-spoken language.

Miss Bernice Blankenship
Spanish
Bachelor of Arts, Hendrix College, Conway,
Master of Education, University of Arkansas, Fayetteville



CROSSWORD PUZZLES always present problems in any language—especially on a Spanish turkey.

Of course the Spanish classes believe in Santa Claus!

Latin

The Famous Classic Language Still Has Charm

Believing that Latin is valuable even in a world of rockets, missiles, and anti-missiles, North Little Rock High offers two years of this classical language. Latin develops in the student careful and precise study habits and forms the foundation for the study of many other subjects.

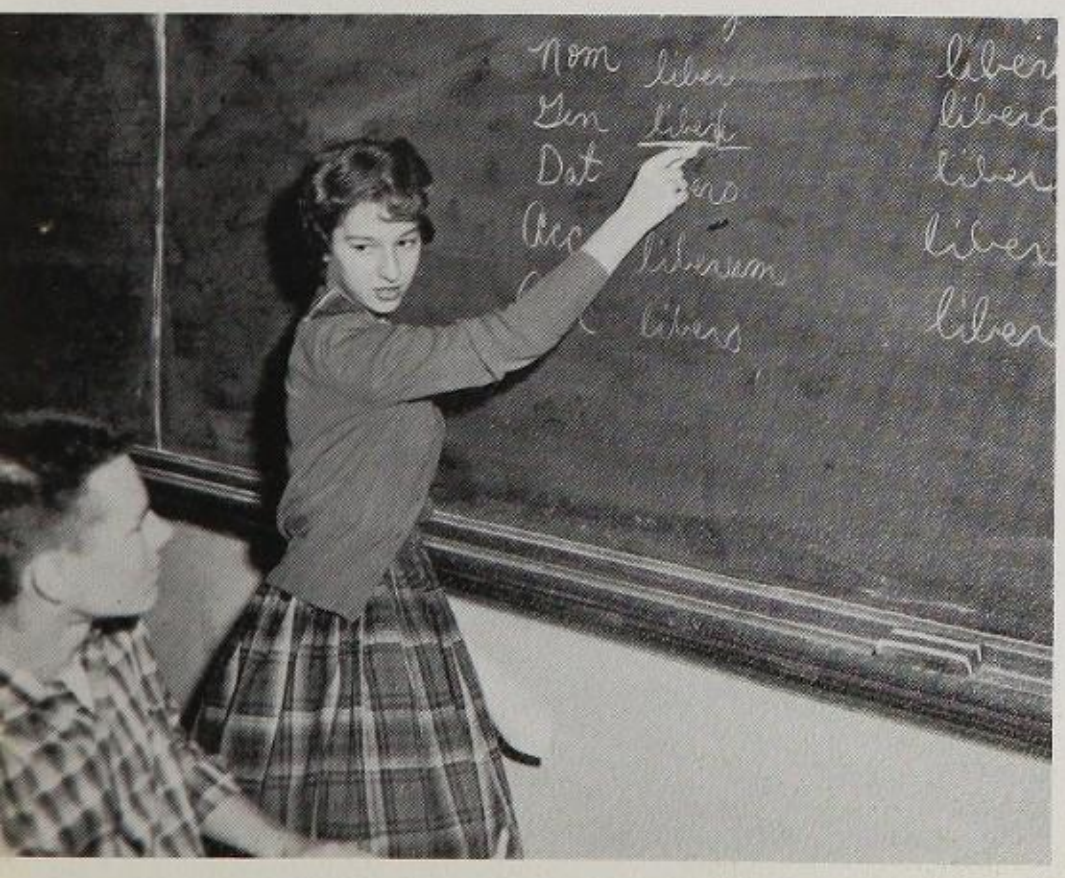
Not only does Latin prove extremely valuable in learning other languages but also in increasing one's vocabulary and offering a new outlook into English grammar. By Latin translations the students become acquainted with ancient Roman civilization which became the foundation of our Western Civilization.

First year Latin depends much upon drill and memory work.

Second year Latin consists of more drill and memory work, but it also includes translations of the Gallic Wars of Julius Caesar.

CAESAR'S LEGIONNAIRE . . . Mrs. Allbright and Paul Petty admire the model of a centurion.

Mrs. B. F. Allbright
Latin
Bachelor of Arts, Hendrix College, Conway



IT'S ALL GREEK TO ME! . . . Josephine Egner declines "liber" for Mike Vaughn.

Social Studies

For Better Citizens As The World Turns

As the world turns social studies are elevated to a position of utmost importance in student life on Wildcat Hill. Designated with the purpose of making better citizens for the world of tomorrow, a social studies program varying from the study of ancient history to family relationships and constituted of American and World Histories, World Geography, American Government and Economics, and Human Relations is offered to each and every N. L. R. H. S. student.

Records of the past and full of clues to the future are the American and World History courses. Here students obtain the knowledge necessary to help them appreciate their great heritage.

Secrets of physical, regional, economic, and political geography are unveiled in their many forms to the student of World Geography.

For the student who wishes to be well-informed there is the study of American Government and Economics. In this class students are taught the functions of various government departments, the importance of free ballots, and to understand and appreciate the democratic form of government that so many people take for granted.

That "finishing touch" is admirably added by the Human Relations course offered on Wildcat Hill. Directed at helping students become intelligent and understanding individuals, it teaches the social graces, and presents them with the magical key that will enable Wildcats to live successfully among their fellow men.

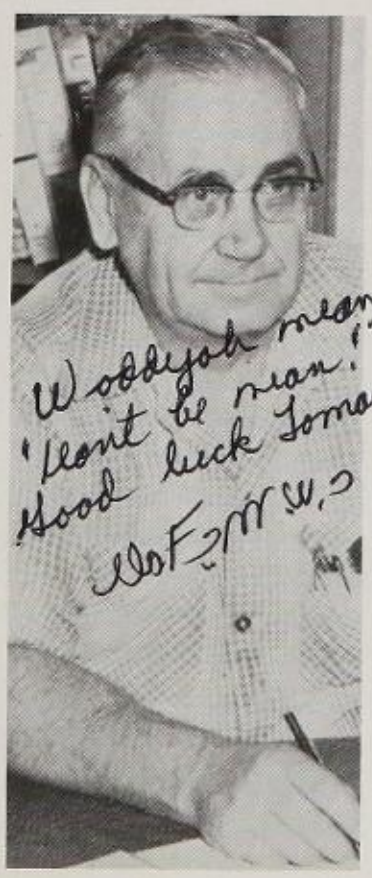
Mrs. Hazel Ragland
Head of Department of Social Studies
Bachelor of Arts, State Teachers College, Conway, Arkansas

Mrs. Garland Beavers
Head of Human Relations Department
Bachelor of Music, and Special Studies in Guidance Counseling, University of Arkansas, Fayetteville

THIS ART will make history! Grove Oholendt, Linda Fielding, and Isao Oishi mount their posters in American History.

Mrs. Paul Mosley
World Geography and Current Events
Bachelor of Arts, Ouachita College, Arkadelphia, Ark.

Mrs. William G. Fleming
American History
Bachelor of Liberal Law, University of Arkansas, Fayetteville



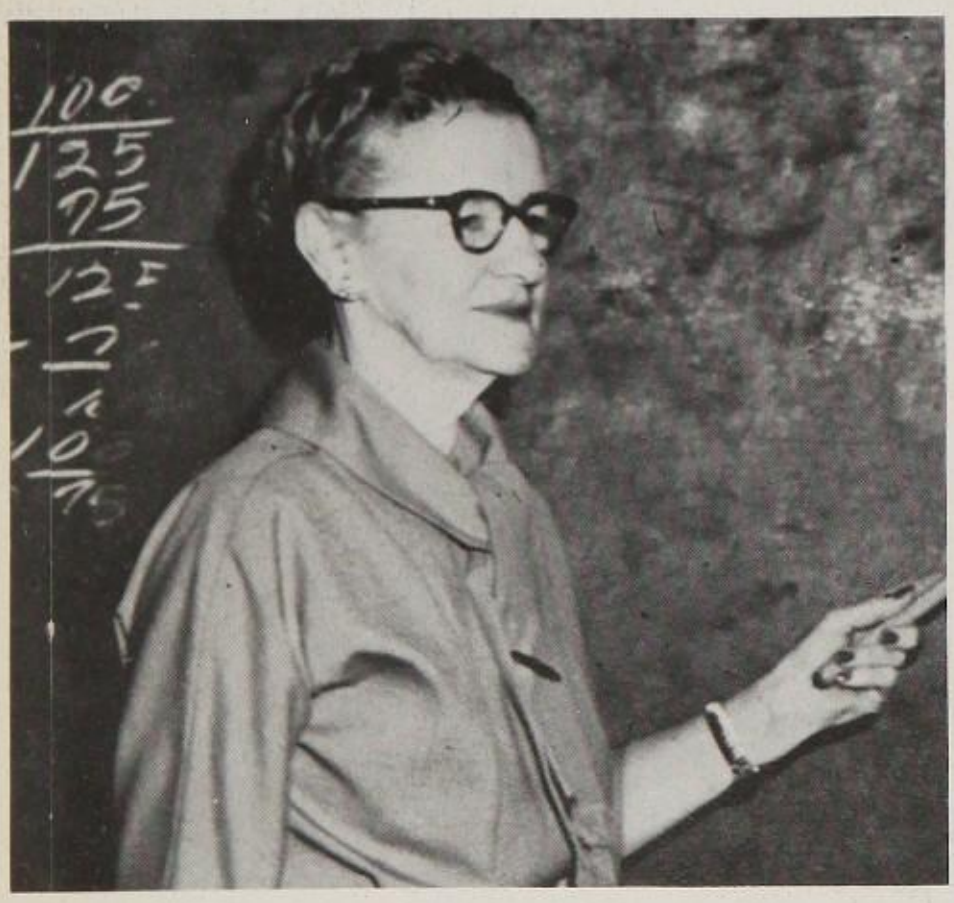
Mr. C. W. McFall
World History
Bachelor of Arts, University of New Mexico, Albuquerque

Mrs. Louise Schmidt
Human Relations
Bachelor of Science, Howard Payne College, Brownwood, Texas

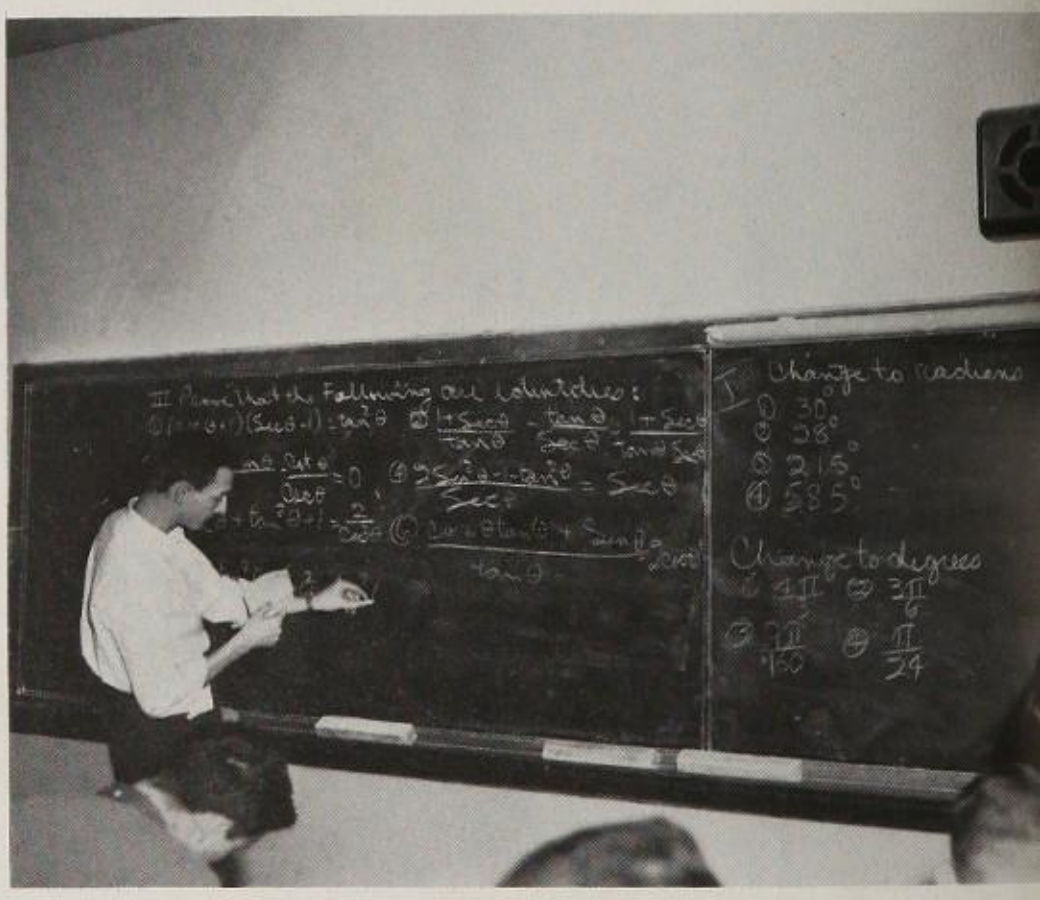
Mr. A. F. Aldridge
American History
Bachelor of Science in Education, State Teachers College, Conway, Arkansas; Master of Education, University of Arkansas, Fayetteville

Mathematics

Fascinating Is The Word For Math



Miss Bess Johnson
Head of the Department of Mathematics
Bachelor of Arts, University of Arkansas, Fayetteville



"WHAT, *ANOTHER* TEST??" (I'll race you to the sick room!)

North Little Rock Senior High is fortunate enough to possess an excellent Mathematics department. In the age of strenuous competition with other countries in the areas of math and science, North Little Rock students are just beginning to compete as they study all phases of mathematics, algebra I, II, plane geometry, solid geometry, trigonometry, and general math.

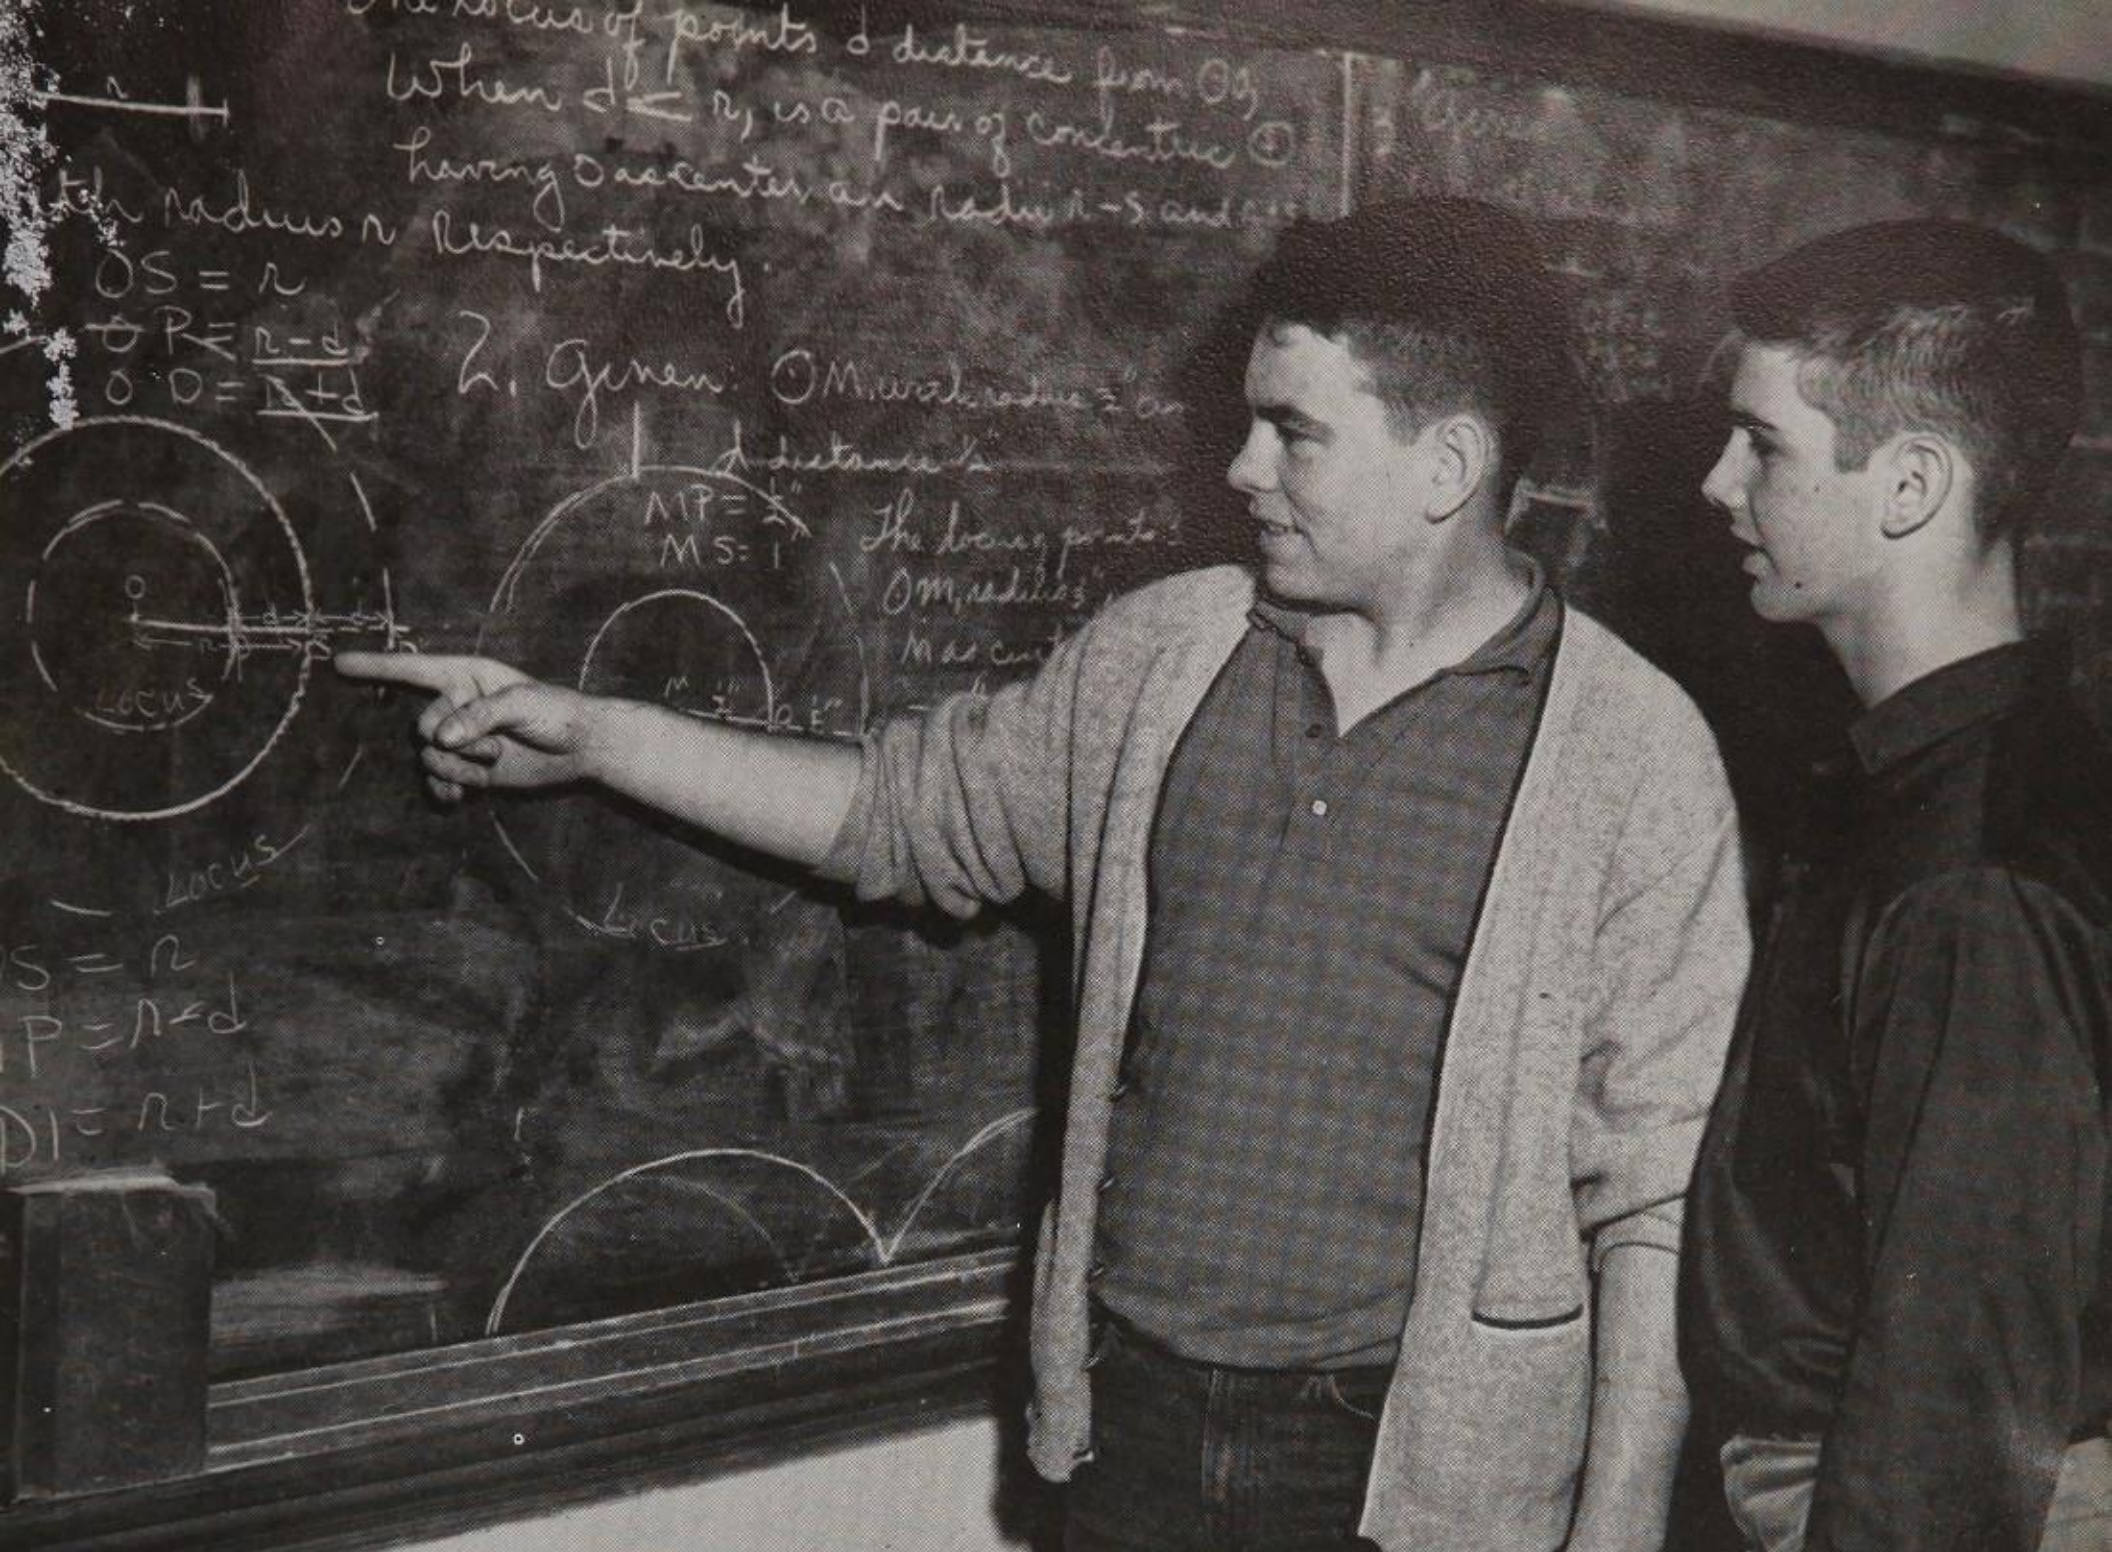
The objectives of algebra I, II are to give the student a basic understanding of solving equations with unknowns. The study of graphs is explored so that the student may be able to follow the progress of any later venture with comprehensive understanding of its success. These courses teach the handling of ratios, proportions, and variations, and the extractions of roots. Students who plan to enter the profession of engineering, architecture, and other similar professions find the study of solid geometry a necessity. An understanding of the properties, measurements, and relations of solids is thoroughly explored.

Those entering the field of aviation, astronomy, mechanics, and engineering become fascinated with trigonometry. This course is a mathematical science which deals with the relations of the angles and sides of triangles.

General Math is the basis of all math. It is important, therefore, that the course include simple principles of math as well as principles enlarged upon in higher math courses. The general math course at North Little Rock Senior High reviews the principles of adding, subtracting, multiplying, dividing, and problems in business arithmetic.

Plane Geometry not only adds a knowledge of mathematic principles, but also trains its students to think more logically. It is a must for the college bound student.

The field of math is wide open to anyone who is thoroughly trained and in the near future it will welcome many of the graduates of North Little Rock Senior High.



BULLSEYE!!!! Woody Armor shows point "S" of concentric circle "O" to James Coker.

Mrs. O. D. Lawless
Plane Geometry
Bachelor of Science in Education, State Teachers College, Conway, Arkansas

Mrs. Henry C. Whitting
Algebra and General Mathematics
Bachelor of Science, Alabama Polytechnic College, Auburn

Mrs. Fred Croom
Plane Geometry and General Mathematics
Bachelor of Arts, University of Arkansas, Fayetteville

Natural Sciences

Existence Depends Upon Them

In this eve of a gravity-defying, barrier-breaking, heavens-grasping age in which we live, emphasis turns to the field that is perhaps now receiving its greatest recognition since the Middle Ages; the field of science.

Missile corporations cry out for new scientists; thinking citizens hope for them; the public takes them for granted; and governments depend upon them.

Often a student discovers while taking a science course abilities and spontaneous interests never before suspected, for never before were these hidden talents given the opportunity of uncovering and developing themselves.

Stripping science of its enormous vocabulary brings it to fairly simple basic ideas. The foundation of the natural sciences is that the laws of nature can be understood by the human mind, when one applies himself.

In North Little Rock High, students may elect to take three major laboratory sciences. These are biology, chemistry, and physics. The scientific experiments tried and studied are interesting; the lab equipment, excellent; the subjects, fascinating. High school is an opportune time to experiment with the different sciences and to decide whether one's future career may lie somewhere in the many-sided field of science.

Although the scientific subjects are generally thought of as being exclusively for the brightest pupil, this impression is distorted. The study of science can prove to be interesting to anyone, rewarding to those who master it, and to the true student—fun!

Mrs. James Taylor
Head of Science Department
Bachelor of Arts, Erskine College, Due West, S. C.;
Master of Education, University of Arkansas, Fayetteville

HOPE THEY KNOW WHAT THEY'RE DOING — Marion Alford, Gretchen Van Tuyle, and Jane Roberts are attempting an experiment on Heat of Vaporation.

Bachelor of Science and Master of Science, University of Arkansas, Fayetteville

Mr. James L. Arnett
Chemistry
Bachelor of Science, University of Arkansas, Fayetteville

Commercial Subjects

We Train For the World Of Business

The Commercial Department of North Little Rock Senior High School is widely acclaimed by businessmen to be among the finest in the state. The students also realize its worth as the business subjects take their place among the most sought-after courses that are offered.

Typing, two years of Shorthand, Office Practice, Bookkeeping, Business Law and Business Math are the subjects which make up the Business Department.

Although these are all elective subjects, the alert student choosing them recognizes that with the knowledge obtained from these courses he will be equipped to earn his own way in the world and really applies himself to acquire all the knowledge and skill that he can.

Despite the fact that our world is often termed a "World of Automation" there is still a great demand for high quality, efficient business personnel—the kind that is graduated from the Commercial Department of Wildcat Hill.

Greater Little Rock Businessmen are also appreciative of the fact that our graduates are not only skilled in machine usage but they have also picked up many helpful hints concerning office procedure, business punctuation, spelling, business jargon and other such desirable extras which combine to produce the capable worker so essential to the efficiently run business office.

Mrs. W. W. Miller
Head of the Commercial Department
Arkansas State College, Jonesboro;
Master of Education, University of Arkansas, Fayetteville

Mrs. Vertie Baxley
Bookkeeping
Bachelor of Arts, Harding College, Searcy, Arkansas

OF MEN AND MACHINES: Jim Mills ponders the conquest of the typewriter.

Shorthand, and Business Training
Bachelor of Science in Business, University of Tulsa, Tulsa, Okla.

Mrs. Mary Hendrickson
Typing and Shorthand II
Bachelor of Science in Business Education, Mississippi State College for Women, Columbus, Mississippi

Homemaking

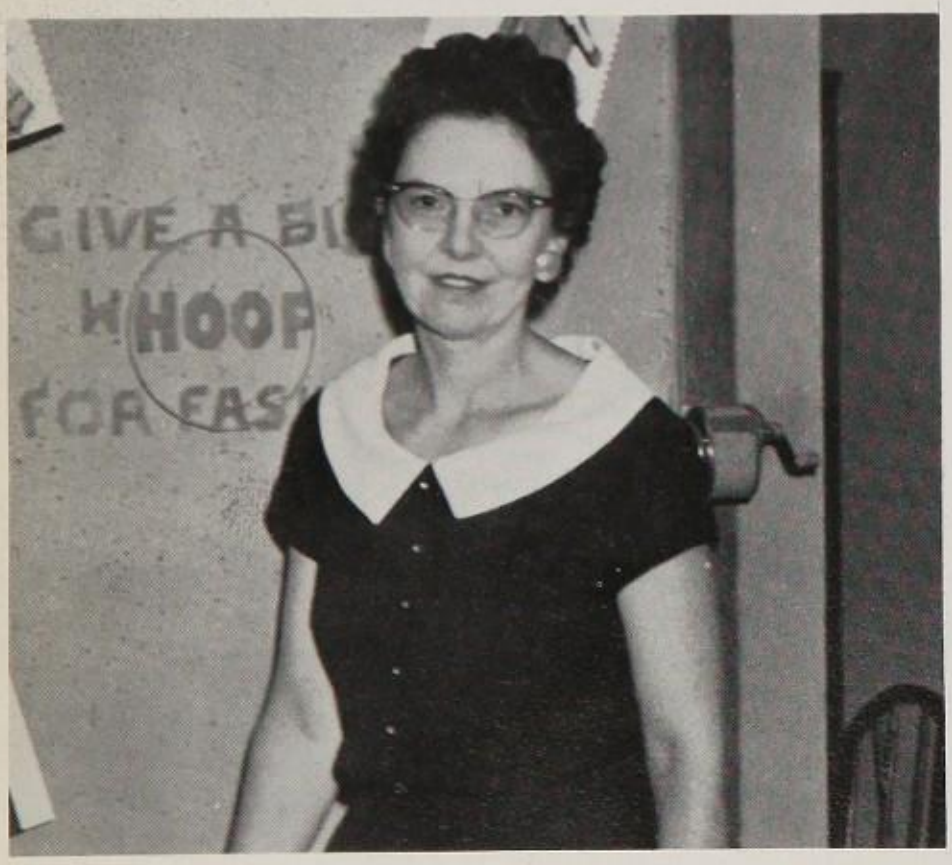
Priceless
Is the word
For Homemaking Skills

"Home is where the heart is".

Home is where we go to rest, to find comfort, companionship, understanding, and love. Based on these beliefs the Homemaking Department on Wildcat Hill strives to produce homemakers who can make these qualities inherent in tomorrow's homes.

Girls not only learn the basic mechanics of homemaking but how to make the best of all possible opportunities by application of interior decoration inspired by imagination and needs, child care, home nursing, entertaining in the home, and maintaining a cheerful, friendly atmosphere in the home.

Learning by experience is the method of teaching applied in this course. Thus the ability to sew is developed through the making of garments for personal use. The garments are made during class periods with the help of sewing partners and under the shrewd eyes of the class instructor.



Mrs. Frances Smith
Head of the Homemaking Department
Bachelor of Science in Home Economics, University of Arkansas, Fayetteville

ALL WRAPPED UP IN CHRISTMAS SPIRIT—Dee Lister and Becky Hall experience one phase of Home Economics.

"Man shall not live by bread alone," and in accordance with this, homemaking students at NLRHS learn to prepare various meats, breads, vegetables, salads, desserts, and dainty goodies to use in home entertaining!

To encourage the use of their training outside of school, the girls are required to turn in three home projects—each representing a separate phase of homemaking.

The study of homemaking here at NLRHS is divided into two elective courses—first and second year Homemaking.

IF I KNEW YOU WERE COMING I'D HAVE BAKED A CAKE! Barbara Horton and Barbara Higgons learn the art of cooking.

Mrs. Janive Blanchard
Homemaking I
Bachelor of Science in Home Economics, University of Arkansas, Fayetteville

Mrs. Anne W. Browder
Home Economics
Bachelor of Science, Alabama Polytechnic College, Auburn
Master of Science, Iowa State College, Ames

Vocational Arts

Here Tomorrow's World Is A-borning

Never were two words more inclusive than the words "Vocational Department," for within the four walls of our vocational building are educated tomorrow's draftsmen, mechanics, electrical engineers, machinists and craftsmen.

The vocational department at NLRHS is not only an extension of the high school but a school in its own right where students learn not only by reading and thinking but by actual experience. Here they develop the skill and knowledge that may be their very existence in later life.

Everything is born of an idea; all ideas must be drawn up into blue prints before an actual product can be produced: this is our Mechanical Drawing Department. Here students meet requirements of exactness and precision as they make the map to guide a workman in his job.

Mrs. Virgil E. Tyler
Director for the Vocational Department
Bachelor of Science in Education, State Teachers College, Conway;
Master of Science in Education, University of Arkansas, Fayetteville

Mr. Chester L. Gates
Electronics, Related Science and Math
Bachelor of Science in Education and Master of Science,
University of Arkansas, Fayetteville

Our product would then travel to the woodwork department or perhaps into the hand of a machinist whose skill would begin the transformation of a dream on paper into a reality.

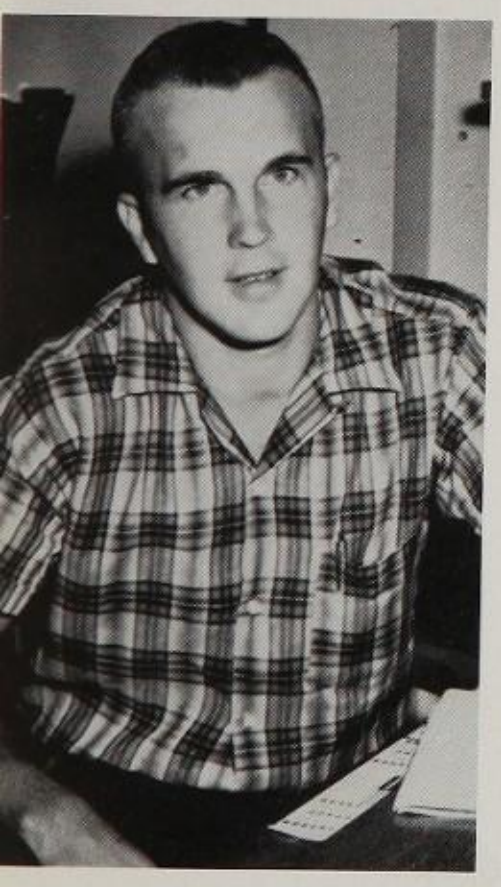
Meanwhile in the auto shop junior and senior boys are repairing and overhauling cars for the faculty members, students, and outsiders; perhaps using some part that another student has learned to make in his course of study.

As its small part in trying to fill the quota of electrical engineers the scientific world is clamoring for, the electrical engineering course on Wildcat Hill introduces electronics and heads them toward this field of work.

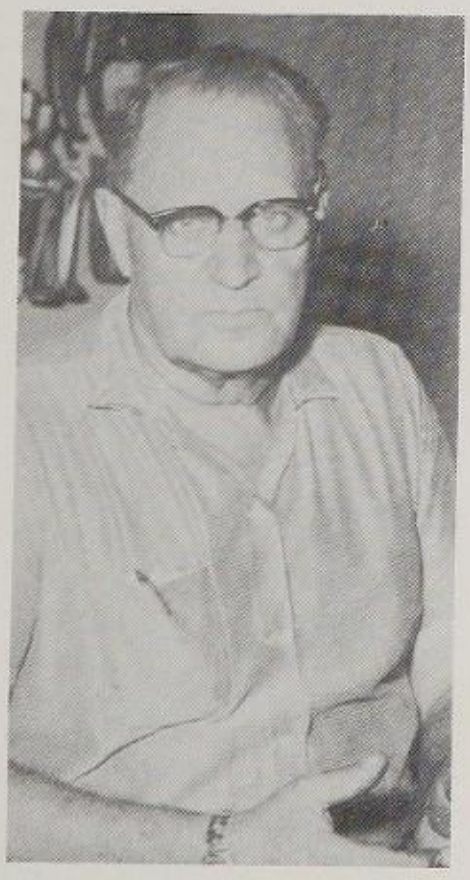
The Vocational Department of the Wildcat Hill truly plays an important part in the world of tomorrow.

ELECTRONICS classes in N. L. R. H. S. study radio waves with the use of an oscillascope.

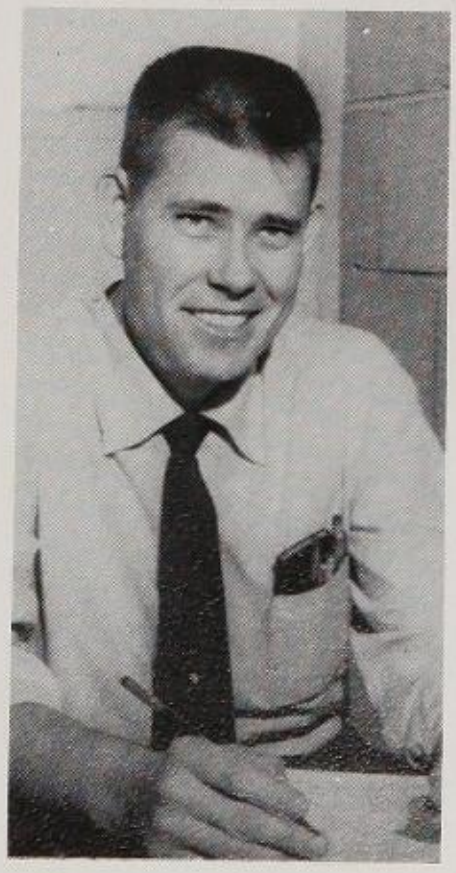
BOX DIAGRAM of a radio is shown to electronics students by Mr. Gates.



Mr. Merrill Ollar
Mechanical Drawing
Bachelor of Science, Arkansas A and M College, Monticello



Mr. Eugene A. Parker
Auto Mechanics
University of Arkansas, Fayetteville; Sweeney School of Auto Mechanics, Kansas City, Mo.



Mr. Charles B. Newton
Woodwork
Bachelor of Science in Education, State Teachers College, Conway

Mr. Wm. Conway Wilson
Machine Shop and Industrial Arts
Bachelor of Science in Education, University of Arkansas, Fayetteville

Fine Arts

Man Need Not Live For Bread Alone

Knowledge of drama, music, and art all go into the shaping of a well rounded outlook on cultural side of life. The Fine Arts Department on Wildcat Hill is amply qualified to provide the N.L.R.H.S. student with this cultural background.

Carrying a large load on it's capable shoulders is our small but efficient art department. In addition to providing the scenery that sets the moods for annual school presentation and various holidays, our art department helps to develop and encourage those students who show promise in various fields of art.

A more than admirable success in their aims are the Speech and Drama departments. Together they help students develop poise, large and varied vocabularies, and the ability to speak and act well. A special feature of this department is the outstanding debate class, which holds an attraction for us all.

Proof of the adage, "music has charms to sooth the savage beast," are the students in our band. Schooled in music of all types, the band has outdone itself in producing the finest marching band in the state.

Not to be overshadowed by other members of the Fine Arts Department is our Choral Department. Divided into the Sophomore Glee Club, and Junior and Senior Choirs, this department furnishes delightful entertainment for the people in our city as well as N.L.R.H.S. students.

Mr. Raymond Brandon
Head of the Department of Music
Bachelor of Music, Vandercook School of Music, Chicago, Illinois
Master of Arts, Western State College, Colorado

Mr. Clarence S. White
Vocal Music
Bachelor of Arts, Ouachita College, Arkadelphia, Arkansas;
Bachelor of Music and Master of Religious Education, Southwestern Theological Seminary, Ft. Worth, Texas

THIS IS DANCING? . . . A modern impression of a group of teens dancing painted by second year art students and is shown by Judy Summers and A. C. Ketzscher.

Mrs. Searcy Thompson
Head of the Art Department
Bachelor of Science, Murray State College, Kentucky

Mrs. Jim Grimmett
Head of the Department of Speech and Drama
Bachelor of Science in Education, State Teachers College, Conway

The Wildcat Band

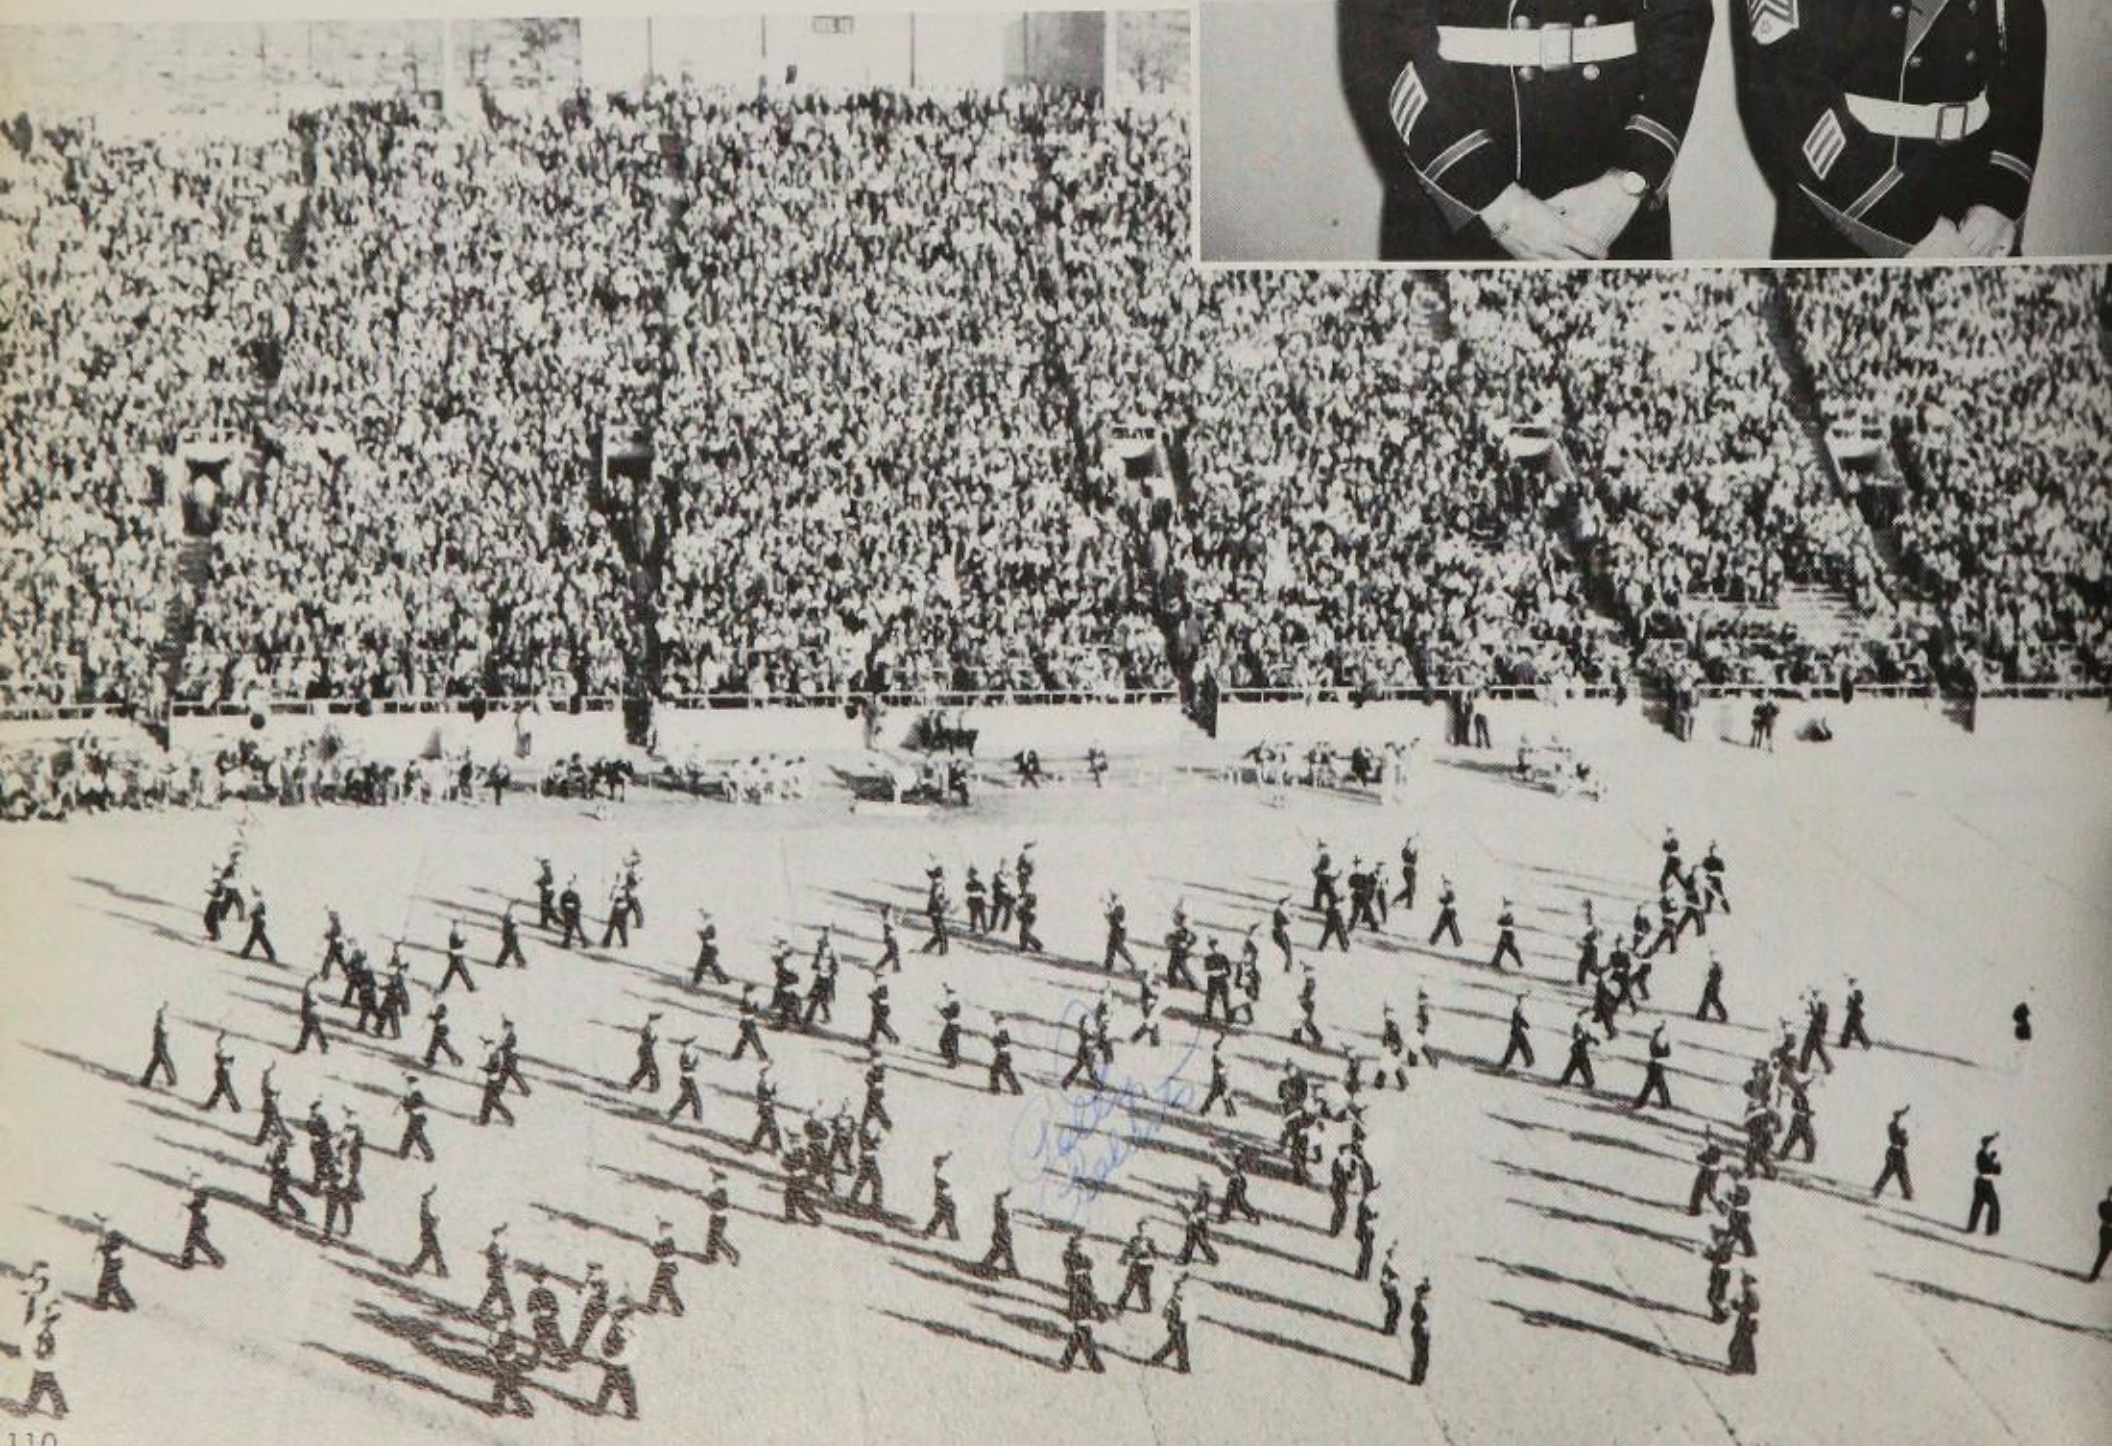
Widely Famous Is This Group of Musicians

When Mr. J. R. Brandon took over the Wildcat Bands in 1949, there were only a scant 28 people in the department. Today, in 1960, there are over 160 students enrolled in instrumental music.

The Wildcat Band is divided into three sections, the Marching Band, the Concert Band, and the Varsity Band, which is composed of those students who are not in the Concert Band. For twelve weeks, the Wildcat Marching Band is a colorful spectacle at football games.

But with the close of football season, the Band gets down to serious business and the Concert Band, composed of the Marching Band, begins to prepare for its two annual concerts, and its varied program throughout the year.

Band Captain Ray Carter and Band Lieutenant Jerry Hanchey.



In concert, in rehearsal, at pep assemblies, in novelties—whatever the Band is doing, it's doing superlatively.

Choir

Masters the Art Of Making Lovely Sounds

The art of making sounds that are lovely and putting them together into beautiful arrangements is the art of music that is developed by the Choral Department at NLRHS..

As everything must have a foundation so must musical ability. The Sophomores of Wildcat Hill receive this basic fundamental training through an elective course known as Glee Club. During this year of training, the student not only learns the principles of music but is taught to apply them through actual participation in singing.

During the Junior year the advanced essentials of music are mastered, and our Junior classmen become more and more appreciative of the music art.

SENIOR CHOIR OFFICERS . . . Lela Fisher, Donna Walhausen, Student director Ray Carter, Bobby Johnson, and Linda Hickey.

WE COULD MAKE BELIEVE . . . but, that wouldn't be half as much fun . . . Shirley Thomas and Danny Bartell, surrounded by the music department doing Show Boat at the annual Musical Varieties.

Finally as accomplished musicians the Senior Choir is ready to perform. One of the benefits derived from the previous years of training is the opportunity to perform for various groups throughout the school, city, and state, such as the annual Christmas program, Musical Varieties and the State Choir Festival.

Special honors are given some students as they take their place in either the Boys Quartet, the Girls Trio or the Girls Ensemble.

"SUMMERTIME—AND THE LIVING IS EASY . . . Glee Club sings on the Christmas Assembly.

WAIT, I THINK DICK'S GOING TO SNEEZE . . . AH-CHOO!!! . . . Senior Boys Quartet, Dicky Shafenberger, Gail Russell, George Jinks, and Ray Carter . . .

ALL DRESSED UP AND NO PLACE TO GO . . . Ensemble sings again . . .

MOVE OVER, WILL YA! Judy . . . they are taking a picture!! . . . Senior Girls Trio, Suzanne Odom, Shirley Thomas, and Judy Mathews, perform again. (left) . . . "AND, SHE TOLD ME THAT THIS DRESS WAS AN ORIGINAL!!!" . . . Senior Girls Ensemble entertain at the fall Senior Breakfast.

SKIP TO MY LOU, MY DARLIN' . . . Senior Choir wows them again . . .

ALL STATERS STRUT THEIR STUFF . . . (right) GET PAID? . . . ARE YOU KIDDIN'????? . . . Art students paint backdrop for the Musical Varieties.

"SHALL WE GATHER AT THE RIVER?" . . . The 1960 Musical Varieties were a big success.

We Study Histrionics

Many students will recall the long walk from the Speech Department. They will recall their first hard year in the class, where they learned how to speak in public, to speak correctly, and to speak without speech defects.

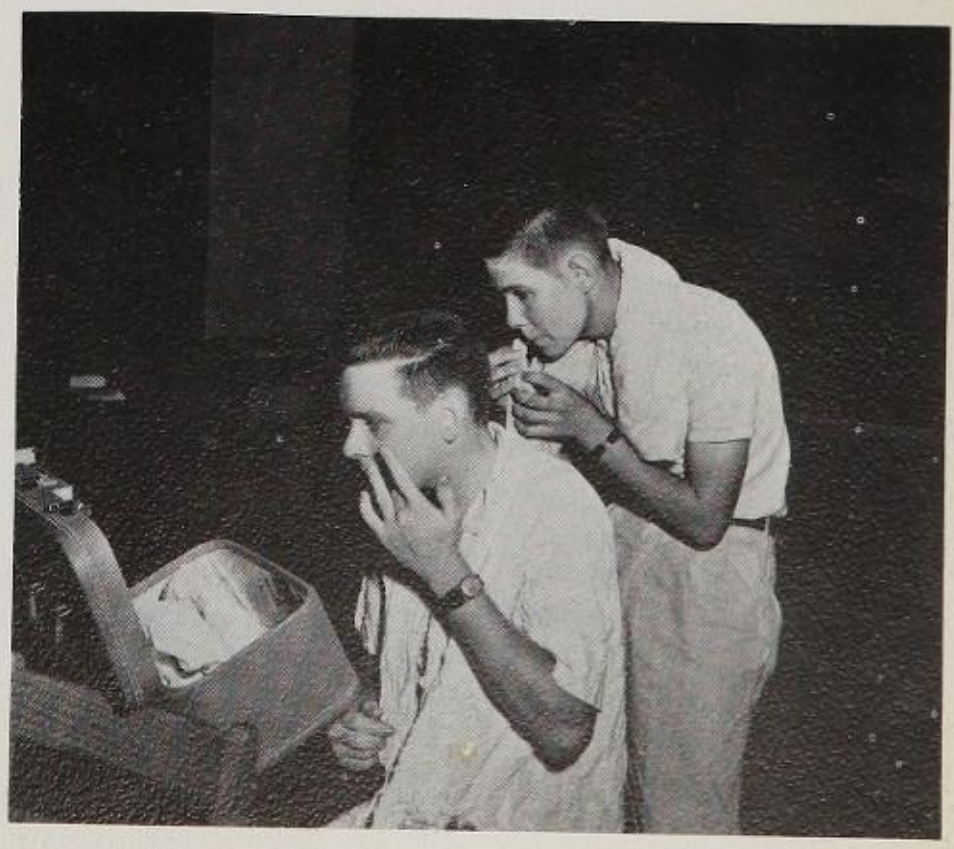
In the second year they were taught the essentials of make-up, costuming, acting and play production.

In 1959 a third year course of speech was opened to students at Wildcat Hill. This course was the Debate Class. Students who are on a debate team may debate with students from

CONTACT . . . At the hands of Carole Swaim, Gail Russell for the first time in his life is "really clean."

IF I M ELECTED . . . Speaker Emmons charms her audience.

THE CIRCUS MUST BE IN TOWN CAUSE HERE'S A CLOWN —Jackie Venable demonstrates the application of makeup.



"IF MARLON BRANDO CAN DO IT, SO CAN WE!" exclaims Gail Russell and Jackie Kinard.

other schools in the state and, at times, on television. When a person studies debate, he will discover the importance of learning about both sides of a problem before making a final decision.

Many plays are presented by the Speech Classes in assemblies. The classes are well-known for high ratings at the Arkansas Speech Festival, and they have walked off with several awards in city and state contests.

The pride and joy of the Speech Department is the production of the Senior Play, in which any Senior may take part.

I THINK THEY ARE SUFFERING FROM POST-NASAL DRIP . . . Margaret Whitting, Gail Russell, Charlotte Morris, and Carole Swaim portray characters in *"Elizabeth's Young Man."*

PESKY SKEETERS . . . Doris Noble pantomimes during speech class.

DON'T SAY THAT, I TAKE DARES . . . Mrs. Grimmett demonstrates how NOT to apply makeup on Margaret Whitting.

Physical Education

The All-Important Course Of Study

Some students take courses in history to better themselves in the knowledge of the history of our country and world. Some take courses in math to learn more about the world of figures.

Girls take courses in home-making to better prepare themselves for the time when they will be managing a home and family of their own. Boys take courses in mechanics and woodwork to learn more about the fascinating world of mechanism.

Students take many different business courses so that they will be able to meet the challenge of the business world.

There are so many courses for a student to choose from today to prepare himself for the time when he will soon step out into the arms of the adult world, but just what sort of course does a student take to prepare for the world of physical fitness?

Mr. James Albright
Head of the Department of Physical Education
Bachelor of Science, Arkansas Tech, Russellville

Miss Patricia Bane
Physical Education
Bachelor of Science in Education, State Teachers College, Conway, Arkansas

This is where that all-important course, Physical Education, comes in. Physical Education at North Little Rock High School will be remembered as a pleasant, fun-filled experience by students who took the course. Not only do the students have a large variety of exciting games to participate in, but they also have a big new gymnasium.

Girls physical education classes participate in Volley Ball, Badminton, Charge, Flag Football, Softball, Basketball, Shuffleboard, Ping Pong, Archery, and other various activities.

Flag Football is perhaps the most interesting game for a girl to learn. By participating in this game, not only does she learn all the rules and techniques of football, but she is able to actually play the game! Flag football is the same as boys' football except for a shorter time limit and the wearing of different colored flags which are pulled instead of the girl being tackled.

Boys' physical education student participate in basketball, softball, track, calisthenics, and other various activities.

IT'S A HIT!!!—Umpire Joe Lee Rotton, Catcher Penny Nolen, Batter Vikki Thatcher, Pitcher Margie Slocum, and outfielders enjoy the nation's favorite pastime

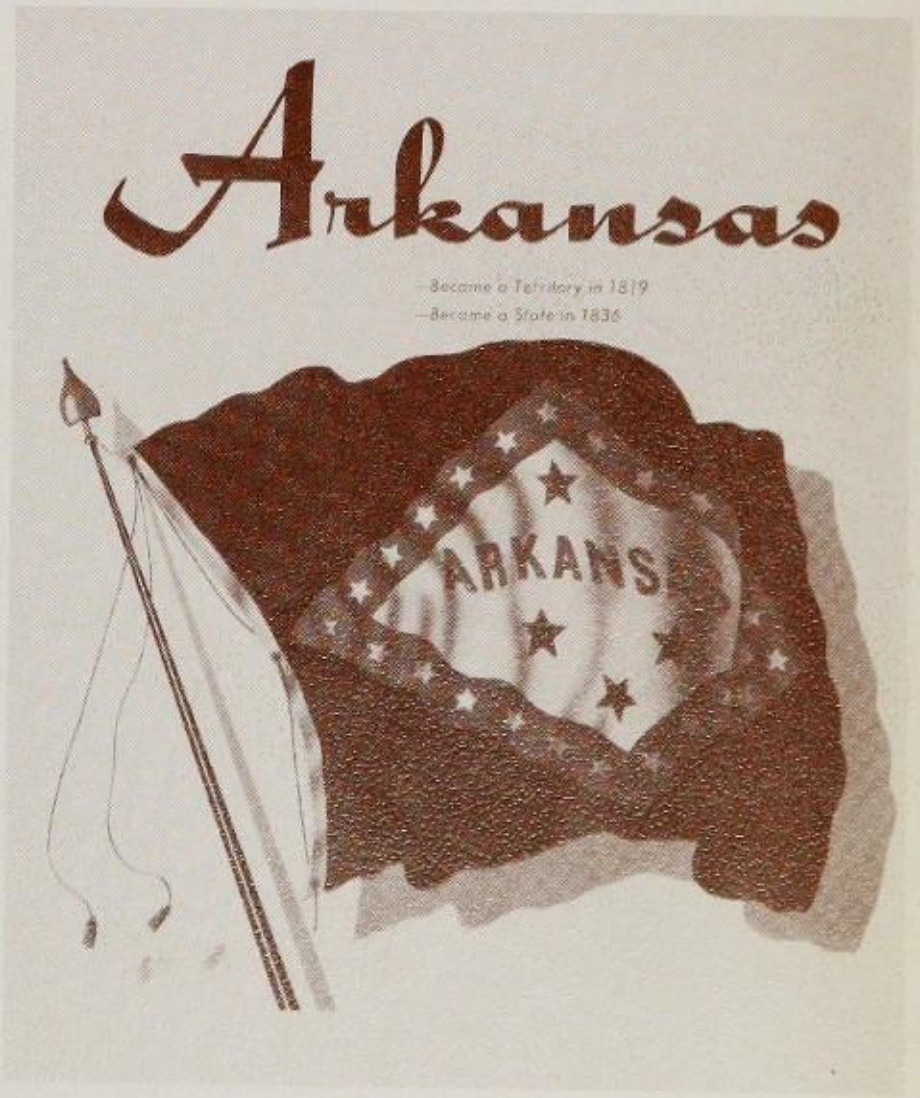
DECISIVE ACTION



State Flag

Photo by Phelps, Courtesy Arkansas Publicity and Parks Commission

Daisy State Park

Mt. Nebo State Park

Into all decisive actions go ingredients such as suspense, heart, strong beliefs, and the desire to reach a certain goal. A worthy goal is first found and then the battle to reach the goal and conquer all opposition begins.

Perhaps the best-known battle fought on Arkansas soil was the Battle of Pea Ridge or Elk Horn Tavern, the first battle fought in Arkansas. Here the South fought and conquered the North, even though the victory proved to be a costly one for the Confederates, with the deaths of two generals as the price. It is said that the Battle of Pea Ridge was the most important Civil War engagement west of the Mississippi River.

Another Civil War Conflict took place in Arkansas at Prairie Grove. Here again the Confederates won the battle, forcing the Union forces to retire from the field. Cries of "Hold the Post until help arrives or all are dead," must have resounded through Arkansas Post when it was under Federal attack. The small Confederate force defending the post was forced to surrender three days after the attack because of a lack of reinforcements, and thus the brave Confederates reluctantly gave up the battle.

The Battle of Helena was bravely fought with great loss to the high-spirited but weary Confederates. While Helena was held by Federal forces, a Confederate army marched to Helena and attacked the fortifications in an unsuccessful attempt to capture and take possession. Upon meeting with heavy fire, they were driven back with great losses. Overwhelmed by numbers and fires, the heroic Confederate fighters were forced to give up the battle and retreat.

In connection with battles we often think of flags and although our present state flag was not in existence during the Civil War, Arkansas Confederates would have been just as proud to display it at their battles as we are today.

Wildcat Hill has also seen its decisive action —on its football field, its basketball courts, and track fields. Our players, like the brave Confederates, march forward into battle with high ideals, the desire to win, and the desire to uphold the traditions that enable us to fly our sportsmanship flag.

Youthful Wildcats Gain Experience In 5-3-3 Season

Coach Jim Albright started his third year at the helm of the North Little Rock Wildcats with grave difficulties staring him in the face.

His line was small and green, but his new aid, Coach Don Jolly, took things into stride and developed one of the stronger stalwart walls in the state. The Wildcats were blessed with nine one year lettermen and two two-year returnees.

But the fates were against the Cats and they lost both two-year lettermen. As if that wasn't enough, injuries plagued the Wildcat camp all year long.

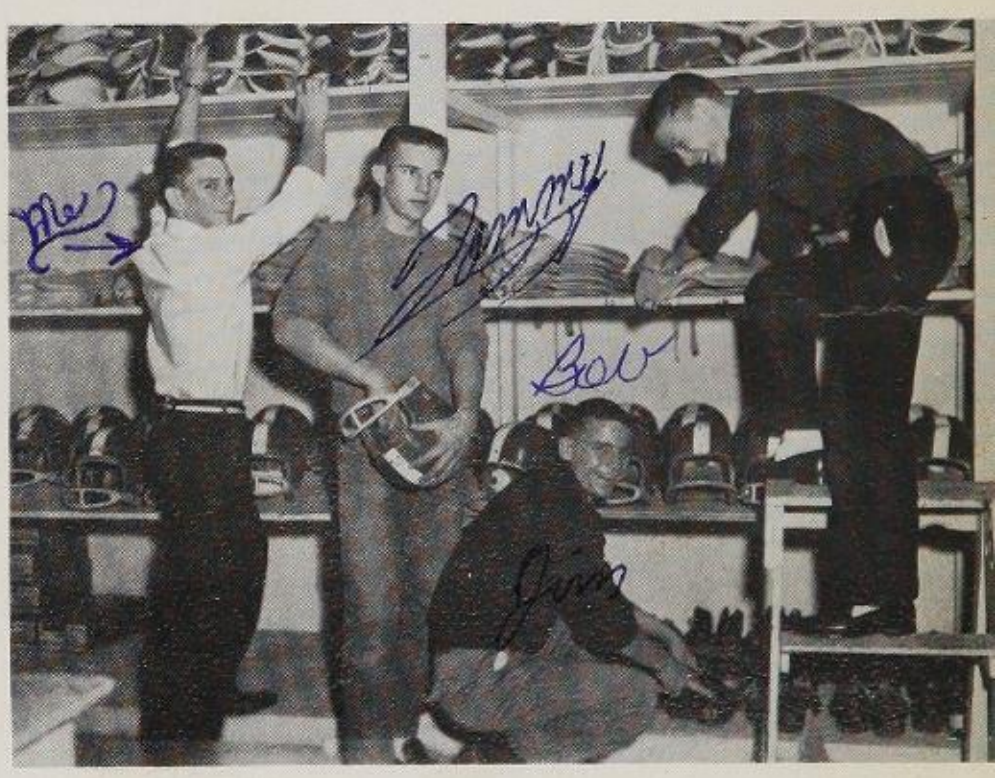
All the pre-season polls picked the Cats to finish not higher than eighth in the Big Nine. But they rose up to meet the challenge and landed a fourth place spot, and with a few breaks could have won the crown.

The Cats tied three teams who at one time or the other were picked number one in the state.

The Valiant Cats rolled on, against odds, to beat their arch rival, the Little Rock Tigers, and then on Thanksgiving Day became the first North Little Rock team to beat the Catholic High Rockets.

This wound up one of the best seasons in years, with a 5-3-3 record.

PLANNING MAJOR STRATEGY . . . Coaches Jolly, Bohannon, Albright, and Hutchins.



PUTTING AWAY EQUIPMENT . . . Managers Tommy Bradshaw, Tommy Witkowski, Jim Campbell, and Bob Gullett.

First Game Jittery: But Cats Win 20-7

Two tallies by left halfback Gary Parker and one by right half Buddy Bleidt, gave the Cats a 20-7 victory over a much improved Subiaco team.

The Cats first touchdown came in the first quarter of a 30 yard romp by Gary Parker.

Subiaco held the ball 22 plays in the third quarter and allowed the Cats to run the ball only four times, yet the Trojans did not cross the goal line. The second TD was set up by a blocked punt which tackle Tommy Adams recovered on Subiaco's 29 yard line. On the next play, Bleidt took a pitch out around end and scampered for the touchdown.

Jones, Bleidt, Flake, and Caple carried the ball down to the Subiaco two in the fourth quarter. From here Jones dived over for the final TD.

Parker kicked both PAT.

Subiaco's only score came in the fourth period by right end Wewers, with the PAT by right half Gorrell.

Cats Surprise Chicks 34-0

The North Little Rock team turned loose a determined pack of Wildcats on a much improved Blytheville Chickasaw tribe. The Cats were one point underdogs but pulled a surprising 34-0 victory out of the bag.

The initial score came in the first quarter as 190 pound Jerry Jones scampered nine yards into the end zone. With just two minutes gone in the second period, Don Caple tossed to Jerry Jones for the second tally. Caple, Bleidt, and Flake moved the ball to the Blytheville 40, where Mumme spotted Montgomery open and connected for the third score. Parker was successful on two PAT, and the half ended 20-0.

The first score in the second came as Jones took a punt on the 38 and moved it to the Chicks 12 yard line. From here, Mumme spotted Jones open and connected for the TD.

The final TD came as Jack Parker hit Roberts inside the five for the TD.

Hall Wins Heartbreaker 14-12

North Little Rock's green line came into its own and put out a great effort only to loose a heartbreaker to Hall of Little Rock.

The first score came as Alex Dietz of Hall fumbled the opening kick-off and the Cats recovered on the Hall 21. Jones, Parker, Flake, and Caple picked up four first downs and moved the ball to the Hall two. From this point Jones plunged over for the TD.

Eight seconds later Dietz returned the Cats kickoff up the side line to tie the score. McKnelly's kick was good and Hall went ahead 7-6.

The next score came as Mumme had to punt, but the kick was blocked and David Byrd scooped up the ball and stumbled over for the TD. This ended the half with Hall 14, North Little Rock 12.

The final score was set up by Mumme as he recovered a Hall fumble on the Hall 16. Jones, Mumme, and Caple moved to the two. From here Caple barreled over for the score. The PAT was no good.

Underdoged Cats Upset Oilers 0-0

A fired up pack of Wildcats pulled off what most people termed the upset of the year. By battling number one ranked El Dorado to a 0-0 tie.

The Cats outshined the oilers on offense by 149 yards to 142. The North Siders line consisting of Blair, Butler, Montgomery, Adams, Vaughn, Johnston, Tester, Darter, Hankins and Sisk pushed the giant El-Dorado linemen around like bulldozers.

Parker, Jones, Bleidt, Flake and Mumme moved ball well and several times moved down to the oilers five yard line but never could cross into pay dirt.

The Cats defense jelled together and became one hard fighting unit.

In the fourth quarter Parker tried a field goal from the two but the ball went astray about an inch to the right. This ended the game 0-0.

Wildcats Tough On Trojans 27-0

Tallies by Jones, Caple, Flake, and Rowell gave the Cats a 27-0 win over Hot Springs.

The first score came in the first period as Mumme spotted Jones open in the end zone and passed for the six pointer. Mumme's PAT was wide.

Caple romped into the end zone in the second period after having carried the ball 28 yards to set up the TD play. Mumme converted to make the halftime score 13-0.

The Trojans were unable to penetrate inside the Cats 24 yard line during the whole contest.

The third score came after Bleidt, Jones, Caple, Flake and Mumme had moved the ball to the Trojan two. From here Flake bulled his way over for the TD. Mumme's PAT was good.

The final score came as defensive end Rowell picked up a Trojan fumble and galloped 82 yards for the score. Mumme's PAT was good.

Fast Conway Baffles Cats 20-13

The North Little Rock Wildcats were completely baffled by a very fast Conway team.

The Cats were not ready mentally and before they could catch their breath James Turner and John Simmons had put 13 fast points on the score board.

The North Siders dug in hard and countered back on a three-yard plunge by Caple. Parker's PAT was good.

Again the eager Cats took over the ball on the Conway 35 yard line and with some fine passing by Mumme and hard running by Jones, Parker, Flake, and Bleidt moved the ball down to the one yard line where Caple bulled his way into pay dirt. The PAT was unsuccessful.

With just eight second left in the first half, Turner returned a kick-off all the way to put Conway out in front 20-13. The second half saw no scoring and Conway went home as winners.

After Eight Long Years - Wildcats 14 - Tigers 12

The North Siders journeyed across the bridge to return with a victory for the first time in eight years.

The Tigers scored first, late in the first quarter on three passes by Fulton. The last pass found Jim Kinderman on the receiving end and was good for six points. The PAT was no good.

The Cats took the lead for good early in the second period as Jones, Mumme, Flake, Caple and Bleidt moved the ball to the eight yard line where Caple, behind strong blocking of Sisk, Tester and Parter, drove over for the TD. Mumme's PAT was good.

The Cats next seven points came as Mumme's only pass of the evening which found Jones in the end zone and put another six points on the score board. Parker's PAT made it 14.

The Tigers final TD came as Larry Dunn picked up a Wildcat fumble and rumbled 50 yards to make it 12 for the Tigers.

Zebras Trip North Siders 19-13

The Pine Bluff Zebras took revenge for a previous beating in the 1958 season, in the way of a 19-13 victory.

The first score came when Phillips of Pine Bluff took a Wildcat punt on the 49 yard line and returned it to the nine, then minutes later crashed over for the initial score.

The next score came as Jones of Pine Bluff blocked a Mumme punt and scampered into the end zone to make the score 13-0.

The first North Side score came as Mumme, Jones, Caple, Flake and Bleidt moved the ball to the four where Caple dove in for the TD.

The next score came in the fourth period when Zebra Richard Smithwick caught a 13-yard pass and advanced to the one. Two plays later Smithwick drove for the TD.

The final six pointer came as Mumme, on some fine running and passing plays, moved the ball to the one where Parker dived over for the points.

Cats Battle Hogs To 14-14 Draw

The Wildcats went into their last Big Nine game as underdogs and facing the potential best team in the state.

The initial score came in the first period on a 26 yard scamper by Potter, Texarkana's fine quarterback.

After the kickoff the Cats drove 73 yards on the hard running of Jones, Flake, Caple and Bleidt and fine passing on the part of quarterback Gem Mumme. The drive was climaxed on a Mumme pass to Caple who was standing in the end zone.

The next score came as Parker intercepted a pass and returned it to the Hog 22. Minutes later he was on the receiving end of a touchdown pass. Mumme kicked both PAT.

The Razorbacks final score, and tying one, came in the final seconds of the second period on a two yard plunge by Potter. The second half saw no scoring and the game ended 14-14.

Cats, Grizzlies In 7-7 Deadlock

The Wildcats went into the Friday 13th game with the number one ranked Fort Smith Grizzlies as underdogs, but held the over-sized Bruins to a 7-7 deadlock.

The North Siders controlled the first half with nine first down and a tally. The scores came as the Cats marched from their 44 to the Bruins one where Jeff Flake dived in for the touchdown. Parker's PAT was good and the Cats went ahead 7-0.

The second half was all Grizzlies. The Bruins made nine first downs and one tally. Their score coming on a two-yard plunge by Jim Wier. Grizzlies' PAT was good.

The game was played on a muddy Wildcat stadium. The North Side line consisting of Rowell, Adams, Darter, Hankins, Sisk, Tester, Johnston, Vaughn, Blair and Butler played a fine game, opening up fine holes in the Grizzlies line so the heavy North Side backs could make that all important yardage.

Cats Close '59' Season With 6-0 Turkey Win

The North Little Rock Wildcats took the field for the last time in 1959 against a strong Catholic High team, which had won their conference championship.

The only score took place on the opening kickoff. The Rocket back fumbled the ball on his own one yard line, and Wildcat Stuart Hankins recovered the fumble. From this point Caple rambled over for the TD. The PAT was no good.

Seniors: Mumme, Parker, Adams, Sisk, Caple, Jones, Bleidt, Tester, Butler, Rowell, Nichols, Dunn, Carroll and Yeargin played their last time as a Wildcat.

The '59' season was very successful and it ended for the first time in nine years in victory, by defeating Catholic High 6-0 on Thanksgiving, 1959.

For The First Time In History

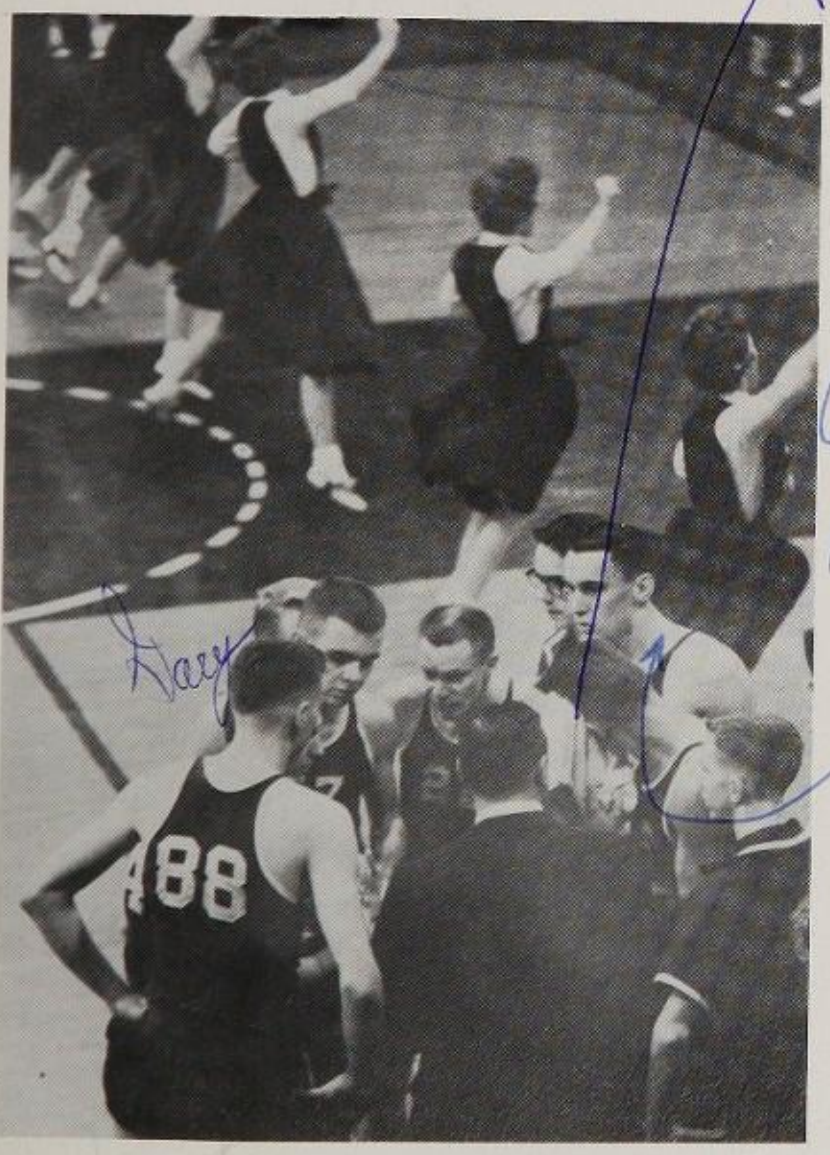
WILDCATS SCORE CLEAN SWEEP IN BIG NINE

When the cat roundballers first started practicing coach Jim Bohannon would laugh at them and say they would be lucky to win any games. Well they did. They came out with a 25-1 record for the season and a history making 16-0 record in the Big 9.

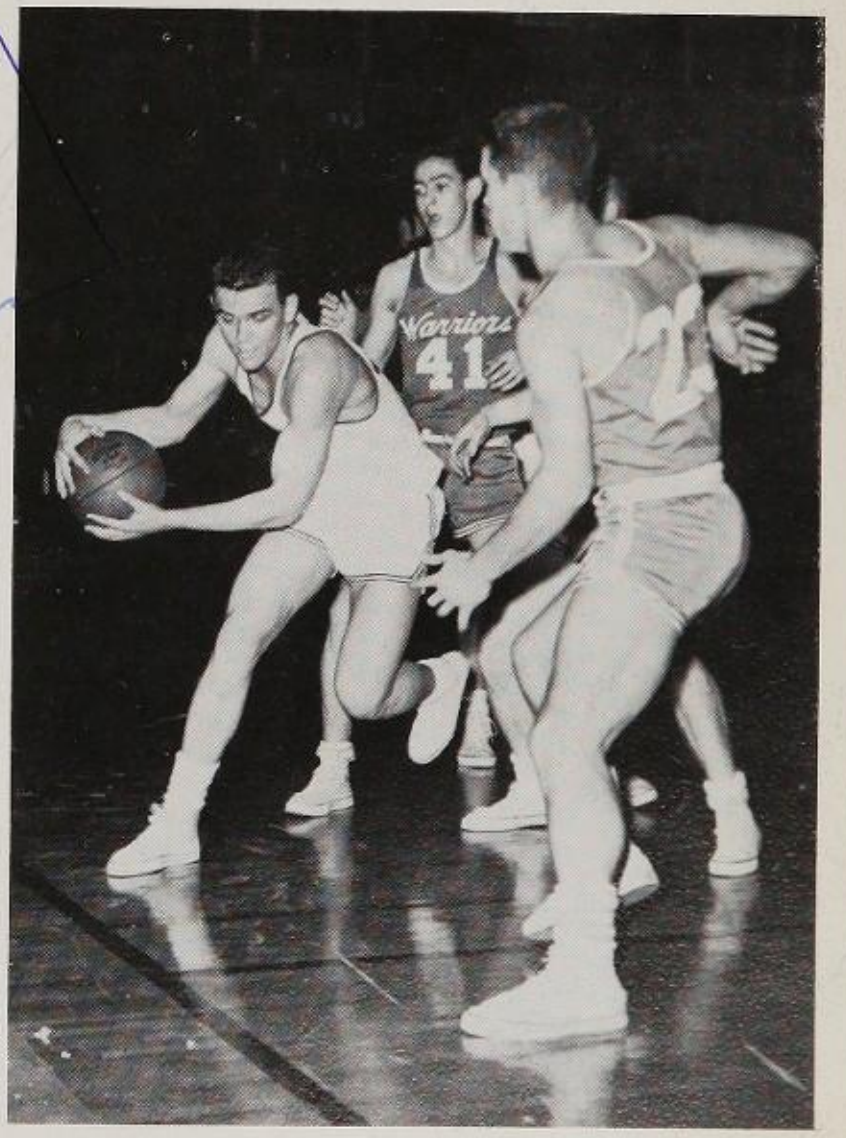
The cats were led by seniors Larry Hogue, Dub Wilson, Marshall Schuster, a transfer from Fort Smith, Tommy Sherrill, George Ponder, Don Zimmerman, and Gary Parker; and backed up Jim Mills and Tommy Hopkins on the bench.

With Hogue's tip-ins and dunks, Wilson's mixing-it-up, Schuster's fancy dribbling, Sherill's dead-eye shots from any place on the floor, Ponder's tip-ins and Parker's lay-ups the Cats were sure to win.

But in their first game in the AA-AAA state basketball tournament the Cats lost 55-53 to Forest City.



H-HOUR . . . Last minute briefing from the mentor while the cheerleaders whoop it up.



DUB HAS DIBS ON THE BALL . . . Hall was on the losing end.

Cats Start By Taking City Title

Jonesboro's Golden Hurricanes was a tough game to start out the season with, but the Cats came through and out-classed them with a 59-53 victory.

The Cats led by 6-5 Larry Hogue with 22 points, and closely followed by Dub Wilson with 19, were supposed to be the underdogs; but they gave a sample of their playing that was to resume through the entire season.

After spending a rough night in Jonesboro, the next morning the Cats journeyed to nearby Leachville. The weary Cats dropped the game to the Lions by a mere 37-34. But the Cats held the Lions' star Don Shatley to 10 points to knock down his average of 28 points a game in the 7 games played before facing the Cats. The Cats were led by Hogue and Ponder with 13 and 11 points respectively.

The Wildcats became host to Catholic High, Central, and Hall for an inter-city tournament. The Cats won the first game by beating Central 59-49. Larry Hogue led the Cats with 19 points. The next night the Cats dumped Catholic High 59-45.

At the end of the week the Cats were up against the Rockets again. This time the Catholics were ready for the Cats and really threw a scare into them and the fans with a half time score of 16-12 in their favor. But the Cats came back after a good pep talk and skunked the Rockets 38-33.

The inexperienced Hall High Warriors were no match for the Cats during a holiday tilt. The Cats led the Warriors the whole game and came out with a 64-28 smashing victory. Schuster led the Cats with 16 points.

The Cats went to Texarkana on New Year's Day starting the New Year off right with a 49-33 defeat over Texarkana. According to Coach Bohannon the Cats defense won the game but rebounding was also a big factor with Hogue's 14 and Ponder's 13 points from rebounds.

The Cats journeyed up to Ft. Smith winning a tight game 39-33. The Grizzlies were Big 9 champs last year, so this was a big win for the Cats. With George Ponder's and Larry Hogue's tip-ins the Cats were able to pull away from a 23-23 tie in the third quarter. Wilson's high points of 11 also helped the Cats.

The next week the Cats were still on the road. They were up against the Blytheville Chicks, a strong contender for the Big 9 crown. The Cats were behind 33-24 at the half, but came back to life and walloped the Chicks 63-53.

With the win over the Pine Bluff Zebras it made a 5 wins, no losses in Big 9 play. Gary Parker made one of those spine tingler last second shots at the end of the game and made the final score 34-28.

Cats Well On Way As Central Falls

Over 1400 people were on hand to see the Cats whip the Little Rock Tigers 43-28. The Cats kept the game one-sided until the final quarter but Coach Bohannon's defense got to work and shut out the Tigers from scoring. This was win number 12 for the Cats.

The Cats defeated Jonesboro 71-57, but the score was nothing compared to the game. The Hurricanes were ahead by one point at the half but the Cats came back fighting in the third and fourth quarter. Larry Hogue's 26 points helped the Cats out but it was Sherrill's and Schuster's quick points in the third quarter that put the Cats ahead and on to victory number 13.

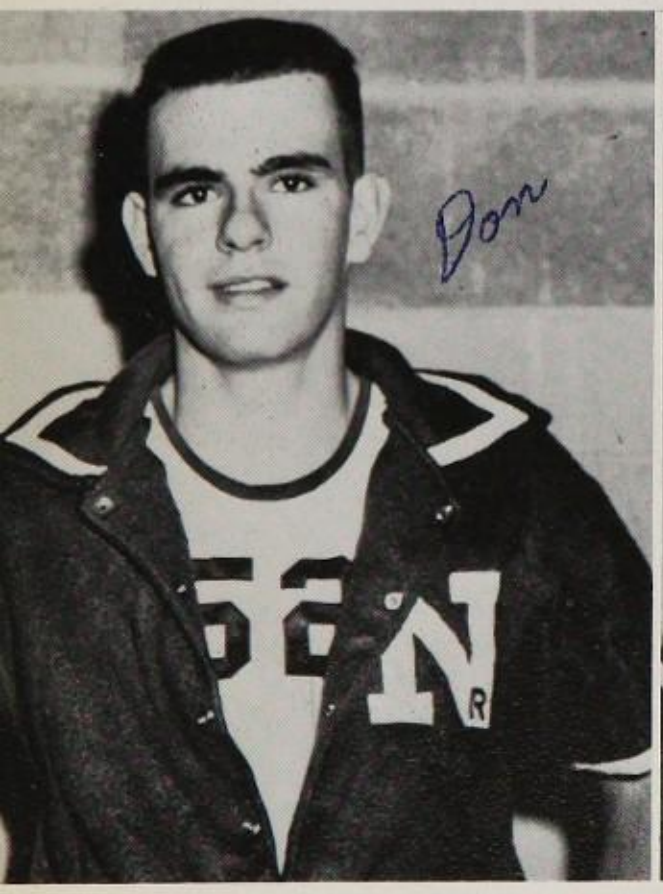
Texarkana was no sweat for the Cats here at home. Sherrill and Hogue led the Cats with 16 points each. In the end of the fourth quarter Coach Bohannon sent his B-Teamers in. Jim Holsted closed up the game with a free-throw making the final score 74-50.

15 consecutive wins for the Cats. Hogue led the Cats with 24 points hitting 10 out of 14 shots. The Wildcats as a whole hit 22 out of 46 shots for an outstanding night.

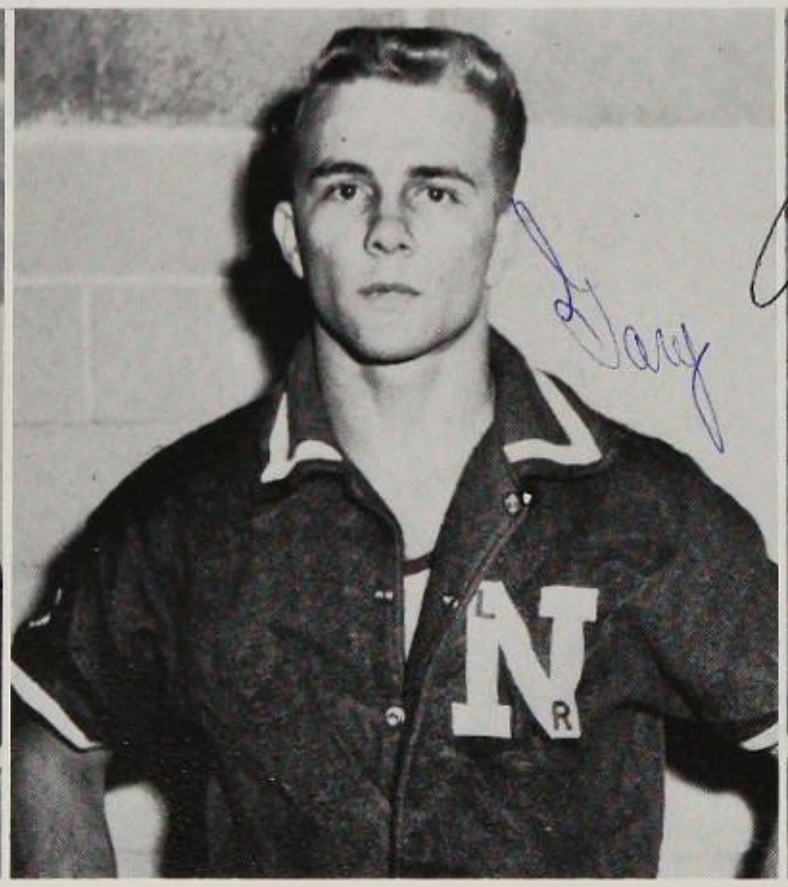
The Wildcats held their lead of number 1 in the Big Nine with a 80-28 smashing win over Hall High. Hogue led the Cats with 18 points followed by Sherrill and Parker with 13 points each. All in all the Cats just wouldn't let Hall score or keep the ball.

Big Nine champs of 59, Fort Smith, were the victims of a second loss thrown to them by the Cats. The game got off to a slow start and remained 2-2 until the last minutes of the first quarter when Hogue made a free throw and made it 3-2. But the Grizzlies came back and made it 6-3 over the Cats. Then the Cats went out ahead 10 points and remained there until the end of the game with a final score of 47-37.

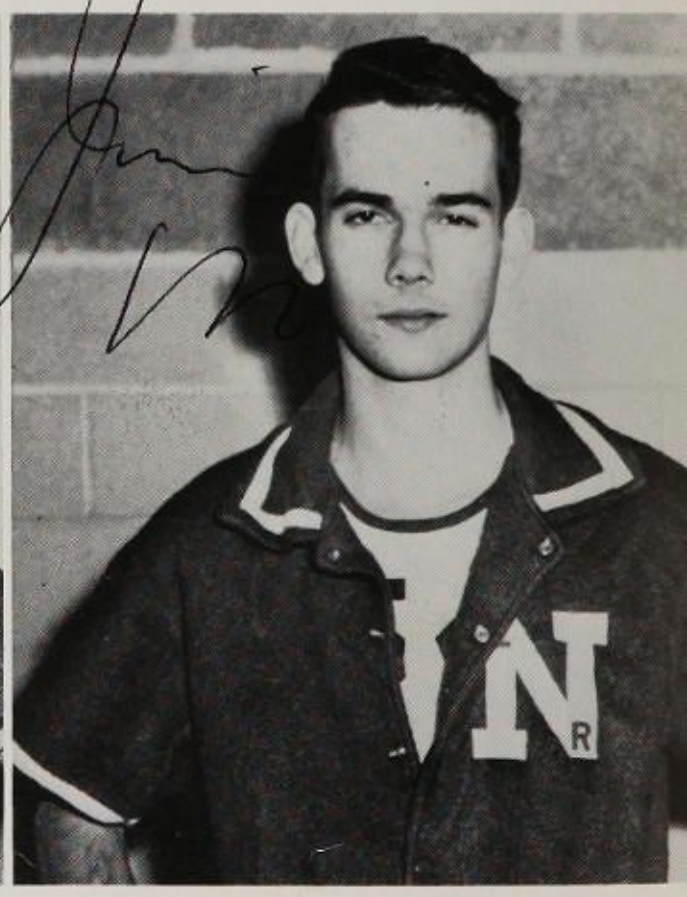
Tommy Sherrill led the Cats at Hot Springs with 23 of the 59 points scored against the



Don Zimmerman, Forward, 2 year letterman



Gary Parker, Guard, 2 year letterman



Jim Mills, Forward, 1 year letterman

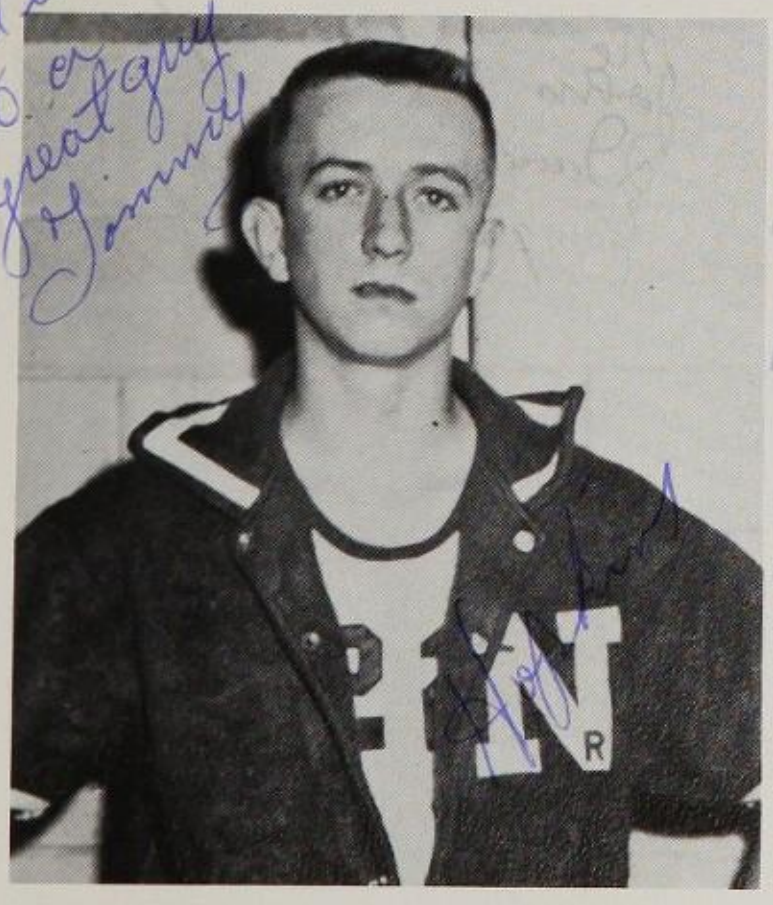
Beating the Eldorado Wildcats 47-33 made win 15 for the Cats. Hogue and Wilson led the Cats with 12 and 10 points respectively. The game got off to a slow start but our Cats got settled down and ran off from the Oilers.

The game with Hot Springs was one that had been postponed a few weeks before because of snow. Dub Wilson led the Cats all the way in this game. In fact he was a big menace to the Trojans the whole game. Dub made 23 of the 61 points helping beat the Trojans 61-45.

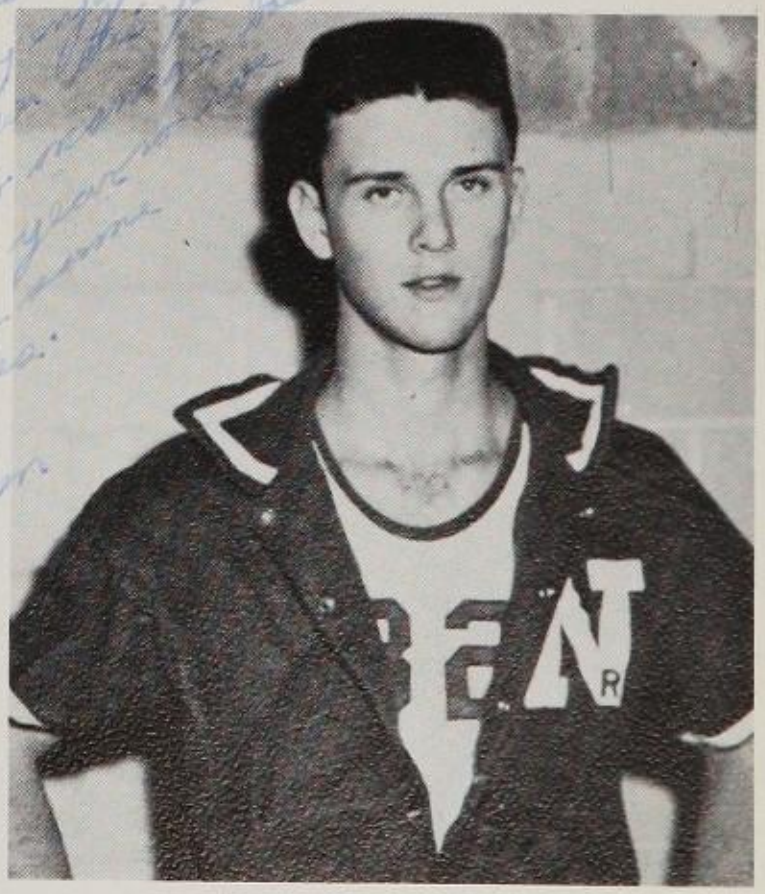
The 62-51 win over Catholic High made it Trojans. This win made the Cats record 12-0 in the Big Nine and 18-1 for the season. The 59-45 win was helped by frequent trips to the "charity stripe" taken by the Cats. 27 points were collected there.

Central was the first team to really put the Cats under pressure here on their home court. The Tigers never got ahead but late in the third quarter they got as close as 25-22. But the Cats got a run on points making the final score 37-32.

MIGHTY TWISTER . . . As the Wildcats tamed the Jonesboro Golden Hurricanes to a mere zephyr.



Tommy Hopkins, Guard, 1 year letterman



Jim Lance, Forward, Squadman

Cats Take Big 9 Crown

This was the deciding game for the Cats, to win this one would mean the Big Nine crown. And that is just what the Cats did. They whipped Blytheville 61-42. Larry Hogue was high point man with 15 points. But without the doings of Wilson, Sherrill, Schuster, Parker and Ponder the Cats would have been nothing. The Cats were behind at the half but came back so fired-up they looked like a new team. From then on the Chicks never got near the Cats.

72-61 was the score of the win over El Dorado to make number 15 straight in the Big Nine. Dub Wilson made a spectacular shot at the end of the third quarter. With just 3 seconds left on the clock he shot the ball from behind the half court line and made a swisher. Larry Hogue was high point man with 30 points.

The win over Pine Bluff made history in the Big Nine. The Cats were the first team in Big Nine history to go undefeated. Larry Hogue was high point man with 20 points and closely followed by Schuster with 19 points. The score was close during the first half but in the last minutes Hogue's and Wilson's tip-ins made it 34-25. After that the Zebras never got close.

Revenge was in the air when the Cats got their second chance at Leachville. The Lions were the only team to beat the Cats. But the Cats were ready and whipped the Lions 68-54.

The 73-59 win over Conway made a 25-1 season record for the Cats. Sherrill led the Cats with 20 points and pulled them out of hot water with his dead-eye shots in the first half.

SPECIAL EPISODE

How's Tricks?

Well Tommy, we have a lot of old memories and they are really goodies. We never forget you and I hope you won't forget me. You have always been like a brother to me and we have had quite a few talks that I will never forget as long as I live. I wish you the best of luck in everything you ever attempt to do. Of course, we have done about as much meanness as any thing else but I think God we have never gotten into real serious trouble over it. Well Doll, be glad, stay sweet, and bless and keep you always. Love always & forever,

Shirley Strauch

P.S. Good luck in your Senior year!

It must never be thought that being an Arkansan is all work and no play; for our Wonder State is widely known as a land of playgrounds and parks. People from all parts of the United States, in addition to many Arkansans, visit the state's resorts each year.

Never was a state more bountifully blessed with pleasure-giving scenery than Arkansas with its green mountains and fertile plains; clear, cool streams; sleepy, mysterious bayous; intriguing forests and heart-warming grasslands. To help us enjoy this priceless gift of nature to man, parks and playgrounds have been set up in Mother Nature's fairyland.

The oldest park in Arkansas is the Hot Springs National Park, world-renowned because of the health-giving waters sought by sick from over the world. While in the park, one might ride along the bridle paths or follow trails over the majestic wooded hills and towering mountains, swim, or camp and fish on grounds that draw thousands of visitors to the "great outdoors" each year.

One of the most beautiful state parks to be found in Arkansas is Petit Jean Mountain Park. Points of interest such as Cedar Falls, about seventy feet high, Terrapin Rocks, The Natural Bridge, and Bear Cave Rocks are only made doubly beguiling by the tragic but romantic story of Petit Jean.

In Devil's Den State Park visitors can liberally explore such engaging rock formations as the Devil's Den, the Devil's Race Track, and the Devil's Ice Box where the air blows mysteriously cold.

Offering splendid scenery, a spirit of carefree gaiety, and an awakening to the wonders of nature is Mount Magazine Park. Some people say that nearly a fourth of the state can be seen from the top of the mountain on a clear day.

As versatile as the state bird, the mockingbird, is the countryside of Arkansas.

Not to be overshadowed by the happy mockbird or beautiful state parks, Wildcat Hill exhibits a charm, composure, and brand of beauty all its own. The building rests gracefully on its rich green carpet, proudly holding its gracious tower of Aztec design upward, toward the heavens.

NLRHS Students Lead A Busy Life

Come Spring, there is a stir around the halls and campus as the Wilcats begin the political whirl that results in the election of their Student Body Officers for the ensuing year.

There are petitions—according to the school constitution— then the "smoke filled room" maneuvers, the passing out of cards and smiles, handshakes and campaign promises. Finally, there is the big nomination assembly which even the Democratic Nominating Convention can't top.

Then there are the ballot boxes, the sweating out of the vote count, the announcement of results. And the Wildcats do as well as their elders in selecting their leaders.

The Student Council

At NLRHS The Council Coordinates All Activities

Sounds of "aye's" and "nay's" float outward into the corridor from Room 136 as the Student Council, a miniature House of Representatives, pursues its primary aims of promoting general welfare of the students and creating better pupil-teacher relations on Wildcat Hill.

Each home room elects one student to serve as their representative and voice their opinions to the Council. Any student who maintains a C average in scholarship and satisfactory citizenship is eligible to be a representative. These students plus four officers make up the Student Council at NLRHS.

To create active interest in scholarship, leadership, service, sportsmanship, and citizenship, the Student Council promotes talent and Thanksgiving assemblies, Friendly Week, Wildcat Follies, Club of the Month Awards, Color Day Activities, GAB Week, a non-denominational chapel service, and the election of Student Body officers for the next year. They also sponsor a school Sportsmanship Flag, and stress good sportsmanship at all school games.

The North Little Rock High School Student Council has participated in Southern, state, and district conventions during the past years, and is now District Vice-President.

At Thanksgiving, Wildcats share their blessings with the less fortunate of the city.

Councilmen tally votes.

Dee Lister and Harriet Holloway admire prize baskets while President Mumme expresses thanks to the home rooms.

The Spirit of WildCat Hill Moves in Form and Beauty

Pom-poms waving, the Pep Cats cheer the Wildcat athletic squads in victory or defeat. This organization's main purpose is to promote school spirit and to provide a proving ground for all prospective cheerleaders. To maintain membership a girl must have a C average, no unsatisfactory citizenship grades, and attend all practices, meetings, and games regularly.

The Pep Cats have displayed their school loyalty and enthusiasm by making out-of-town bus trips to attend games and by selling basketball pennants.

The Catettes, a division of the Pep Cats, march at all home football games. In past years their marching has been strictly precision drill, but this year the Catettes added dances and pom-pom routines to their repetoire.

To a real friend with a wonderful personality
Good Luck,
Betty Ware

CATETTE leader Nedra Dumas commands her charges.

STRATEGY is designed by Nedra, Miss Worden, and Miss Bane.

PEPCAT OFFICERS are Judi Evans, Claudette Caple, Jackie Venable, Marianne Bailey, Becky Rhodes.

Y-Teens Grow In Wisdom And Stature

SECOND SEMESTER Y-TEEN OFFICERS . . . Marian Alford, Carolyn Burkett, Lee Bell, and Josephine Egner.

To grow as a person, to grow in friendship with all people, and to grow in the love and knowledge of God—these are the goals the y-teens strive for.

"To grow as a person"

The y-teens sponsor informal dances, a New Years dance, a Valentine formal and picnics and other types of activities which shape a true y-teen personalities.

"To Grow in Friendship with all people."

A city conference, a state conference, a Mid-South conference and a National conference help the y-teens who are sent as delegates to make friends as well as keep them.

CHEESE IT, BOYS! IT'S A RAID!!! . . . Y-Teens present their annual assembly.

DON'T LOOK NOW, CECELIA, BUT HERE COMES THE CAMERA!! . .. Cecelia Swaim and Tomilea Harvey represent NLRHS at the National Y-Teen Convention.

"To grow in the love and knowledge of God."

"The happiness of love is in action; its tests is what one is willing to do for others." This quotation from Lew Wallace expresses the feelings of our y-teen club. The y-teens adopted a family, gave a valentine party and a Easter Egg hunt for an orphange, donated records to the youth center and took part in various community drives, including the Rainbow crutch, and Mother's March for polio. A devotional begins each y-teen meeting.

You'll know a y-teen girl when you meet her—she's the one with a smile and a friendly "Hi!"

FIRST SEMESTER Y-TEEN OFFICERS . . . Linda Lauck, Jeffrey Phipps, Donna Wellhausen, Barbara Weeks, Dee Lister, Karin Thomas.

The Junior Red Cross Is Service-Minded

One of the most active and useful organizations to be found on Wildcat Hill is the North Little Rock High School Junior Red Cross.

The chief aim of this service-minded group, which is a branch of the American Red Cross, is to lend a helping hand to our community.

Our chapter of the Junior Red Cross is made up of one representative elected at the beginning of the year from each homeroom.

Several of our chapter members take part in the Junior Red Cross Volunteen Program. These girls devote much of their time and energies to performing various tasks at Our Lady of Nazareth Home.

RED CROSS BACKERS TURN BOX PACKERS . . . Junior Red Cross representatives pack gift boxes for overseas relief.

BUT IF I GIVE THEM MY SOAP, I'LL GET B.O.!!! . . . Peggy Haye, Maxine McConnell, and Doris Noble prepare to distribute gift boxes.

Our group has included in its many activities the annual magazine drive for various hospitals, the boxes which are filled and sent abroad, the special Christmas and Thanksgiving services which are rendered and extra duties which are performed for the Childrens Hospitals and shut-ins within our community.

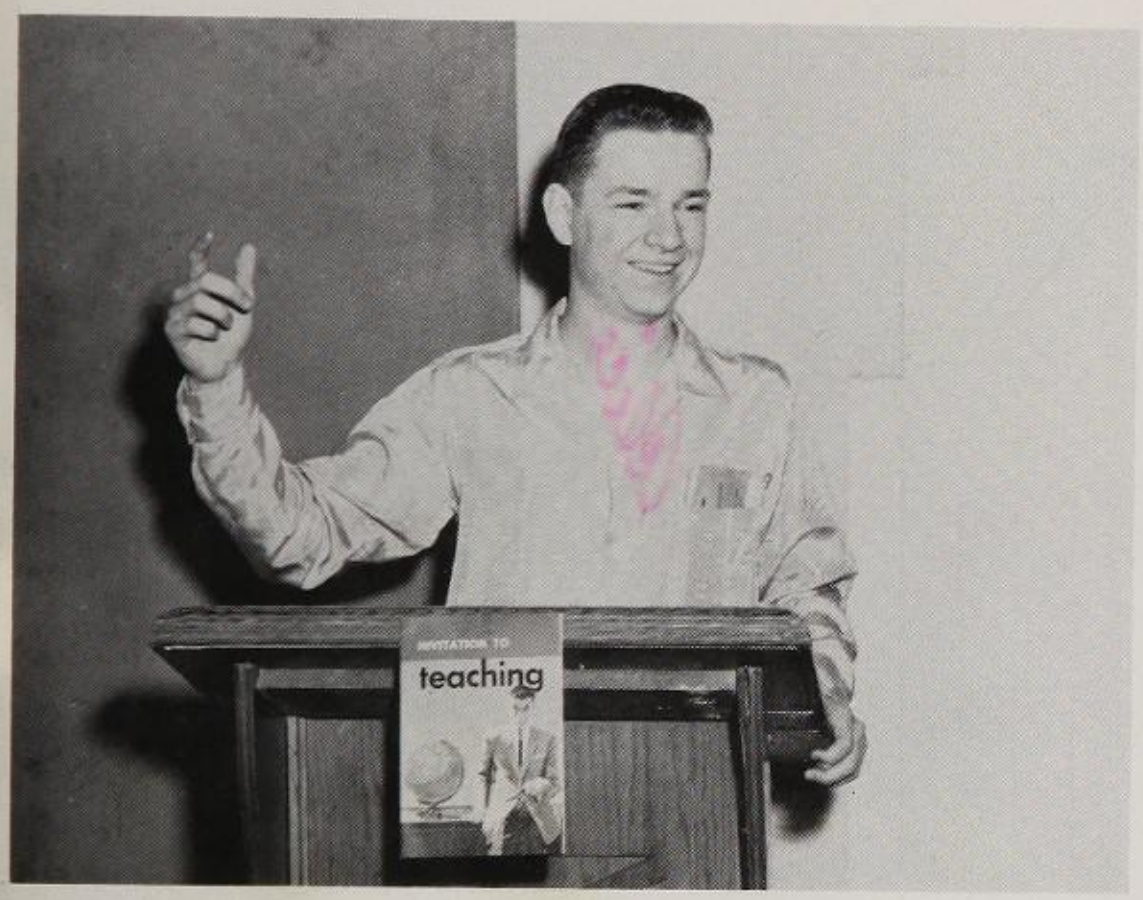
Another valuable service rendered by our chapter is the program which they present once a month at the Veterans Administration Hospital.

These girls have found that the greatest joys in life come from helping others.

JUNIOR RED CROSS OFFICERS . . . Marsha Craig, Peggy Hays Margie Smith and Mary Chisam.

Future Teachers Look to Tomorrow's Classrooms

FUTURE TEACHERS OF AMERICA OFFICERS . . . President Anne Stephens, Secretary Mary McCarthy, and Vice-President Nancy Lybarger . . .



". . . AND COKE MACHINES ON EVERY FLOOR . . ." Ronnie campaigns for state office.

HOW'S THIS FOR A REAL COOL SESSION? Future Teachers panel tr to encourage membership with assembly.

If one were asked the question "What is the natural resource most necessary to the progress and development of the United States;" one might get various answers. Probably, though, few of us would answer the question with "the youth of America;" yet this is certainly the most important and most necessary resource for the growth of our country. And the future teachers of the youth of America will be entrusted with this important resource.

In training for this great responsibility, the Future Teachers Club, here on Wildcat Hill, take on various activities including working with various teachers after school to recieve "practice teaching."

Requirements for membership are character, scholarship, leadership, and the sincere desire to become a teacher.

Future Nurses Learn Through Experience

Through experience by working at the Arkansas Baptist Hospital, the Future Nurses learn the fine points of nursing as a career.

The Future Nurses, better known to the hospital staff as the Candystripers, work as junior volunteers to become better acquainted with the do's and don't's of nursing.

The main purpose is to get their first-hand experience by working in the hospital and to have a better understanding of the nursing profession.

By films, field trips, guest speakers, and experience these girls learn that the career may not be an easy one, but it can be one of the best careers one may enter.

Among their many activities each year, they sponsor an assembly and have an annual banquet in the spring.

The name of the girls and the hours they worked are as follows:

M JUST GLAD THAT I DON'T HAVE TO LEEP IN IT . . . Pat Ballard and Doris Stehens make up hospital beds.

HAVE A DRINK . . . Aletha Lipscomb and Alice Sweatman pass the bottle.

IS THIS A BAR-B-Q-er OR IS THIS NOT A BAR-B-Q-er?? . . . Alice Jo Beggs, Patsy Fulmer, and Donna Demicis inspect hospital equipment.

Alice Jo Beggs	80	Carline Juarez	28
Patricia Ballard	87	Miriam Kayser	62
Marilyn Cook	19	Aletha Lipscomb	51
Donna De Amicis	108	Carolyn Lawson	50
Brenda Freeman	28	Virginia Lenderman	20

Diane Innmon	25	Sandra Wasson	65
Margaret Walters	30	Judith Willimas	72
Gloria Wilson	37	Donna Wirt	6

HE WAS JUST STANDING THERE AT THE END OF THE LUNCH LINE . . . Future Nurses officers Margaret Walters, Doris Stephens, and Pat Ballard study bone structure.

Future Business Leaders Trains Secretaries And Executives

"IF THIS IS WHAT SECRETARIES DO, I'VE CHANGED MY MIND!" . . . Elizabeth Sanders, Marsha Craig, and Carolyn Vogel polish school trophies as a FBLA project.

FUTURE BUSINESS LEADERS OF AMERICA OFFICERS . . . Martha Thomas, Jessie Nell Randolph, Carolyn Parritt, and Marsha Craig . . .

"I THINK THOSE DARN ATHLETES SHOULD CLEAN THEIR OWN TROPHIES!" . . . Elizabeth Sanders, Marsha Craig, Carolyn Vogel, Barbara Stanley, Susan Rogers, and an unidentified friend . . .

The Future Business Leaders of America is a club which not only trains individuals for the jobs they hope to secure after graduating; but helps its members to better understand the business world they hope to enter. In order to accomplish this two-fold purpose the Future Business Leaders Club has informal meetings where discussions are predominant, and often invites guest speakers to elaborate on their particular field in the world of business and commerce.

The requirement for membership include taking of three business subjects, maintaining a "B" average in each of them and posessing a sincere interest in entering some field in the business world.

One of the high-lights of the year is a statewide convention where contests in various business skills take place.

Artists Develop Skill And Appreciation

So they might learn to further appreciate the fine heritage handed down through the centuries by the great and sensitive men of art, and to find opportunities to participate in all phases of the fine arts, students on Wildcat Hill join the Art Club.

Students are urged to branch out and participate in creative writing, sculpture, dancing, and music composition, as well as painting and drawing. In this manner Wildcats develop appreciation, t a s t e, understanding, and talent in all phases of the fine arts.

Among the projects of this outstanding club is the painting of the beautiful scenery used each year as a background for the Musical Variety Show, and some of the assemblies.

Without the Art Club and it's devoted members, Wildcat Hill might seem a little less colorful and a little less festive during holiday seasons.

I AM NOT PAINTING, I'M DOING MY HOME WORK . . . First year Art students dabble in the fine arts.

ART CLUB OFFICERS . . . Janice Meredith, Beverly Weathersby, Lin Spann, and Barbara Thompson.

WELL, YOU'RE NO DaVINCI YOURSELF . . . Elane Voss and Carletta Brickell sketch a still life in pastels.

The Bookworms Run The Library Of 15,000 Volumes

OFFICERS—Louise Bolinger, Anita Powell, Paulette Smith, Edith Reese, and Doris Fisher.

SHOW THE BOOKWORMS HOW—Mrs. Carpenter checks a book to Nan Eggleston.

BOOKS, BOOKS, AND MORE BOOKS—Judy Sylvester and Dee Lister doing the never-ending chore of checking books.

Its hard to imagine the library on Wildcat Hill without thinking of the Student Librarian Club, the Bookworms. These students perform the duties which are so essential to an effeciently operated library—checking books in and out, mending books, arranging the bulletin board; and, in general, assisting students and teachers in any way they can.

In order to qualify for membership in the Bookworms, one must maintain a "C" average in each subject with no unsatisfactory citizenship grades.

The NLRHS Bookworms participate in the Annual Student Librarians Association Convention, along with approximately 1200 other student librarians and their sponsors. Their activities also include several Bookworm parties each year.

Key Clubbers Are Ambitious Young Men

Many of the most ambitious young men to be found on Wildcat Hill are members of the Key Club.

The Key Club, an honor organization for boys sponsored by the Kiwanis International, strives to serve the school and community, to develop leadership and to encourage spiritual participation.

To qualify for membership a boy must maintain at least a "B" average scholastically, demonstrate his leadership abilities, show his trustworthiness, and live up to certain goals which have been set by the club.

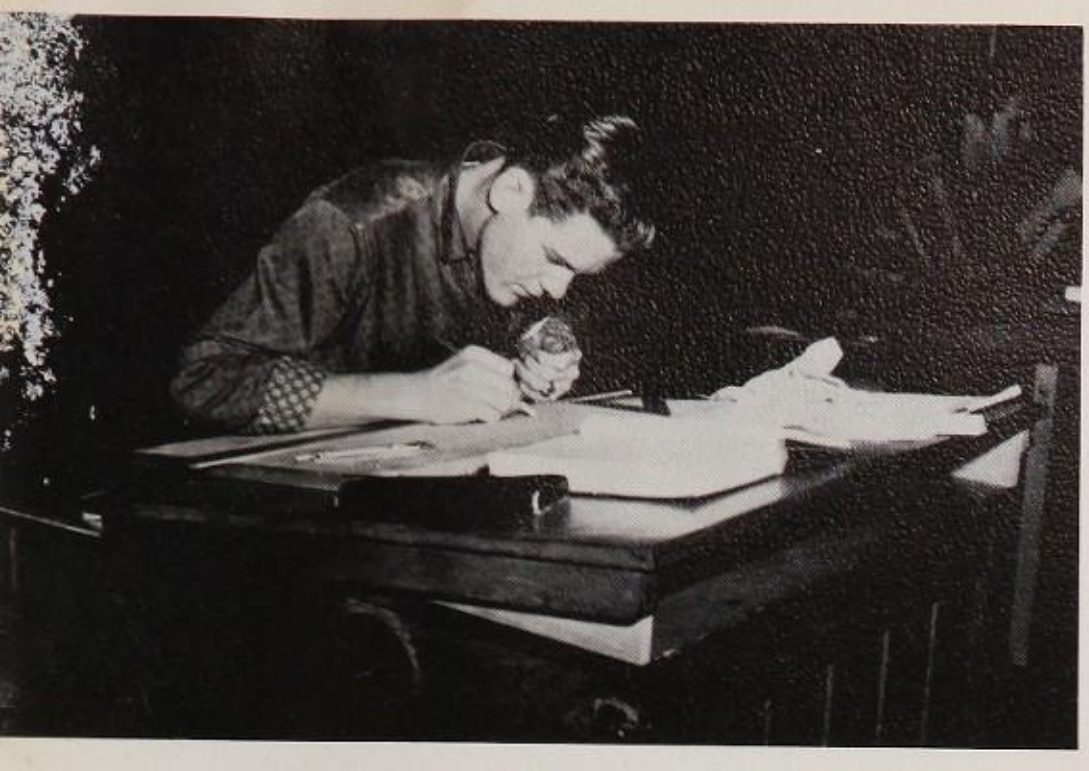
This year's Key Clubbers ran the field house concession stand, sold Wildcat booster buttons and scorecards, marked parking spaces around the school, made posters for the Heart Fund Drive, and numerous other worth-while activities.

GENTLEMEN OF THE KEY CLUB BOARD—Tommy Adams, Ronnie Esch, Paul Dickey, Jerry Plummer, and Ted Nakamura.

YOU CAN TRY IT BUT, SHE SLAPPED ME!! . . . Beatnik Ball was sponsored by the Key Club.

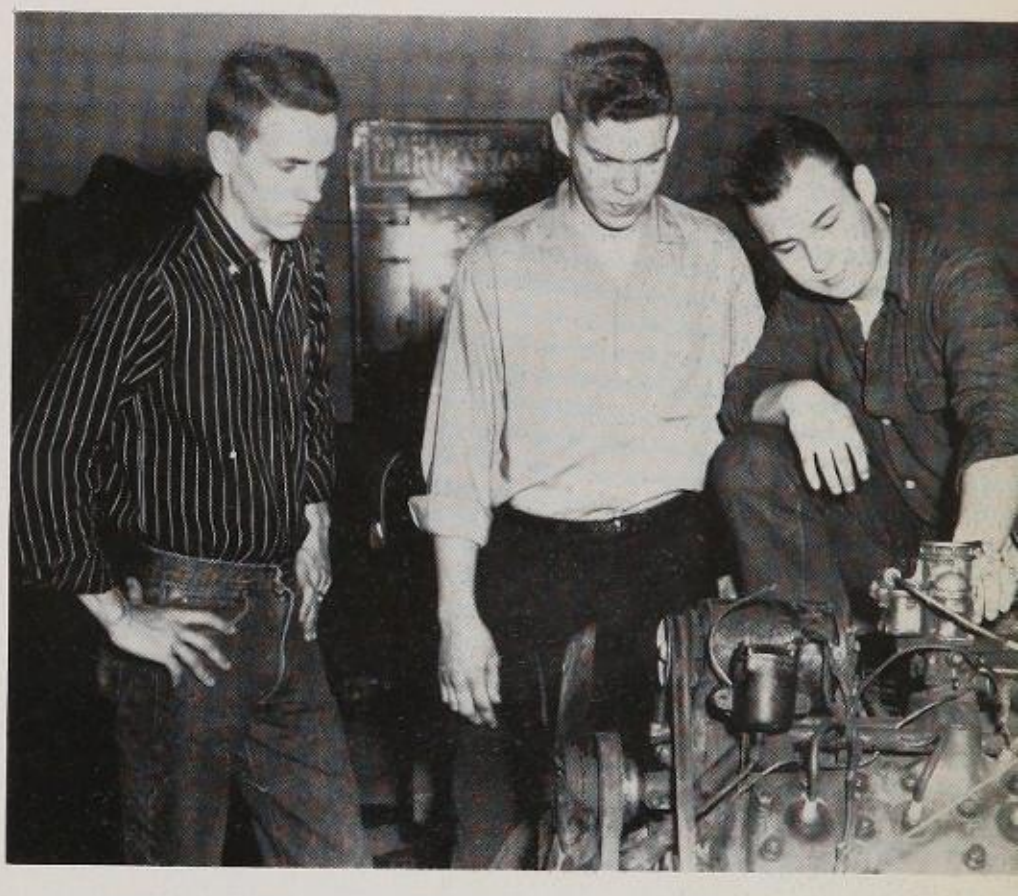
OFFICERS OF THE NLRHS KEY CLUB . . . Johnny McClain, Ron E. Hill, John Tyler, Mark McCune, and Jerry Hanchey.

Future Tradesmen Are Interested In Vocations



"DEAR JOHN, OH HOW I HATE TO WRITE" . . . Jerry Phillips makes plates in Mechanical Drawing.

MAN . . . LIKE—WE RACKED UP! . . . Officers Pete Blomenkamp, Billy Bone, Pat Moody, and Wayne Chance display their projects which won state awards in Machine Shop.



"WELL, SHE'S BEEN ASKING FOR A NEW PENCIL SHARPENER!" . . . Officers Jerry Marchett, Ronnie Hopkins, and Bob Foster examine a carburetor in Auto Shop.

Hitching their wagons to a star, the members of the Future Tradesmen Club work diligently to promote and create interest in vocational occupations.

Membership in this club is eligible to students studying vactional subjects such as machine shop, nursing, tailoring or auto mechanics and similar subjects.

In preparation for the annual state Future Tradesmen convention held in the latter part of February this year, club members work faithfully and patiently from the beginning of school to make their projects the best yet.

Wildcat Hill is exceedingly proud of this club and the Future Tradesmen from our school who have held high offices in the State Chapter, as well as those who have won awards.

Future Homemakers Take Their Role Seriously

bers must probe into each of these fields in the attempt to make her home a happier one.

Any girl who is enrolled in Home Ec., or anyone who has already completed one year of this course is eligible for membership.

Our chapter of the F.H.A. is divided into two branches.

The Jr. F.H.A. is made up of first year students. The Senior F.H.A. is the girls who are enrolled in their second year of homemaking.

Among the many activities of the F.H.A. is their Mother-Daughter Banquet, their Mother-Daughter tea, their annual show at Fort Roots, visits to various hospitals and orphan's homes, the filling of Thanksgiving baskets and visits from guests speakers who are considered outstanding in some phase of homemaking.

ENIORS SHOW THEM HOW . . . Mary Joyce Paladino, President of enior FHA initiates Junior FHA President Charlene Banks.

SENIOR FHA OFFICERS . . . Harriette Fiske, Trena Wright, Joy Fulmen, Kay Medley, Mary Joyce Paladino, Hazel Sorey, and Jo Carol Millsapps.

"Home is where the heart is" has become a saying beloved and believed by the many girls who are interested in homemaking. The girls on Wildcat Hill who share these interest make up the membership of the Future Homemakers of America.

Modern homemaking is more than just cooking and sewing.

Tomorrow's homemaker must know child care, decorating, entertaining, budgeting and the planning of nutritious meals. The F. H. A., mem

TEA FOR TWO (CHA-CHA-CHA) . . . The tables are turned as FHA members Judy French and Rebecca Hall serve Mrs. Hall refreshments at the FHA Mother and Daughter Tea.

Monitors: Invaluable Aid To Staff And Students

ONE MORE BOMB-SCARE, BOY, AND YOU'VE HAD IT!!! . . . Office monitor Lynn Sprigg operates the switchboard.

DON'T BOTHER ME NOW, I'M IN THE MIDDLE OF THE CHAPTER . . . Mary Joyce Rogers takes up monitor's position in front hall.

WATCH THAT BILLY KIEHL . . . HE USES CONFEDERATE MONEY! . . . Delores Brooks and Patricia Baller tend the book store.

Working quietly and efficiently, the monitors in all the departments of NLRHS are an invaluable aid to the staff and to other sturents.

Office monitors work the switchboard, check absentee lists, and run errands. They are chosen on recommendation of their study hall teacher.

Door monitors check people in and out and assist the Deans.

Monitors for the guidance counselor and deans are chosen from applications of the previous year and are general assistants in these departments.

Physical Education monitors are chosen by the P.E. teacher and use their studyhall to answer the telephone and act as a mainstay in the P.E. building.

Vocational monitors assist the teacher by typing and taking phone calls for the vocational department.

Library monitors check books in and out, record and collect fines, and keep books in repair.

Typing and shorthand assistants assist teachers in those fields and help first year students.

Lab monitors for chemistry and biology set up experiments and keep the lab in order.

Monitors with their dependability, integrity, and willingness represent the top quality students at NRLSH.

Film Crew: Man Friday To The Faculty

Playing their part to aid teachers in teaching by films is our Film Crew.

Operating six hours a day, our Film Crew shows film in classrooms, and cleans and cares for all equipment in the Audio Visual Department.

The Film Crew on Wildcat Hill consists of fifty-four volunteer members trained by the head monitor or sponsor of the Audio Visual Aids Department, and is divided into six crews of approximately nine members each.

One member is picked from each crew to serve as a head monitor for his group. He is in charge of writing passes, making crew assignments, and checking all equipment to see that it is kept in good condition.

Equipment in use by the Film Crew consists of several 16mm projectors, record players, tape recorders, film strip machines, opaque projectors, a set of telephones, and school maps.

Thus our Film Crew is helping to pave the road to learning through sight and sound.

HAT? *ME* GET 'N THERE? . . . John Prince and Marc Whipperman monstrate the Opaque projector.

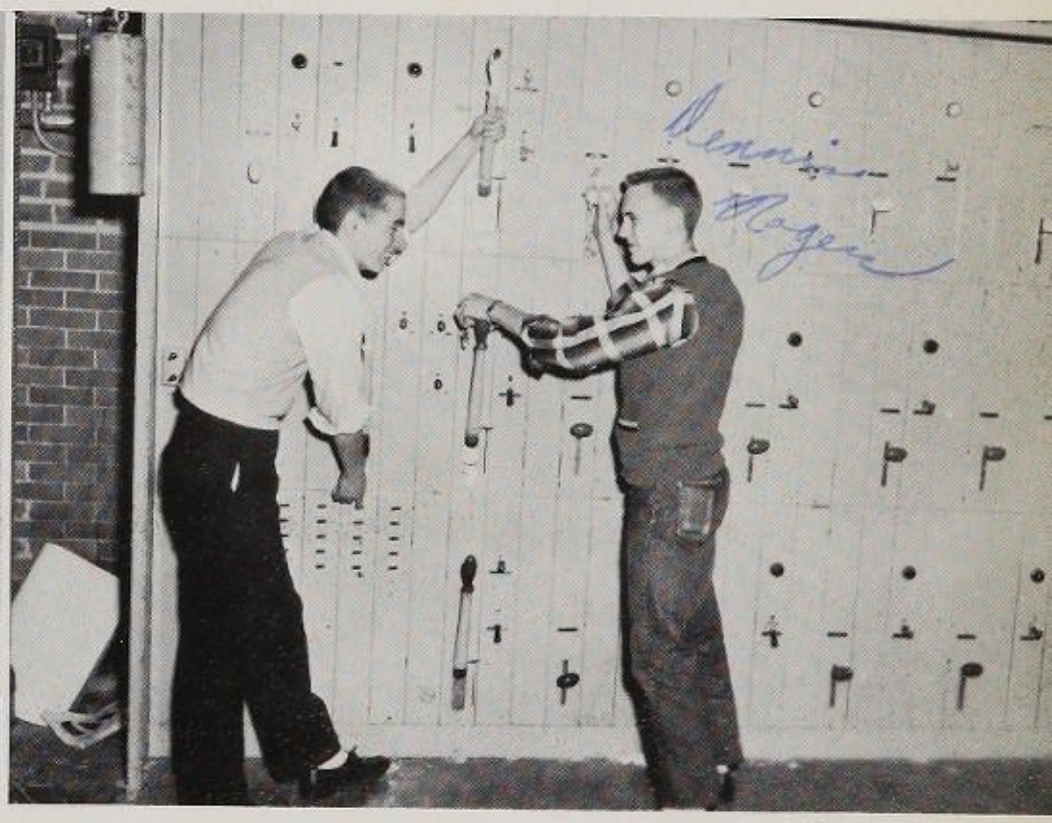
"WHO SAYS THIS PLATTER WON'T BE A HIT!!!" . . . Mary Pearl Haynes and David East erasing the recorder.

"IT SAYS RIGHT HERE 'CENSORED'!" . . . says George Jinks as he shows Clarence Vaughan and Dick Wilson how to thread a film projector.

Successful Productions Result From A Good Stage Crew

THEY AREN'T MAKING LAMPS LIKE THEY USED TO!! . . . Stage crew members Raymond Medlock, Larry Shillcut, and Paul Brown inspect one of the flood lights.

THE DIRECTIONS SAY NOT TO USE HARSH DETERGENTS . . . Dennis Rogers and Ellis Melton inspect a spotlight.



HOLD IT, HE'S GOT 10 MORE SECONDS . . . Ellis Melton and Dennis Rogers adjust light during assembly.

Stage crew boys can truly be called "Jacks of all trades."

It seems in most schools these boys are most deserving of honor but the least recognized.

Stage crew boys work many hard hours leaving out much of their social life just to help school and community to enjoy many of the wonderful productions we have on stage.

The many jobs the stage crew handles are jobs that only a few people could do with such ease and cooperation. Their jobs consists of raising curtains, working spot lights, being sound-effects men, manning the footlights and overheads, and in general being skilled electricians.

Theta Science Club Promotes Scientific Interest

To promote scientific interest, self-expression in science, and a definite channeling of scientific aptitude . . . these are the goals of the club on Wildcat Hill especially geared fo the scientifically minded—the Theta Science Club.

Among other activities such as field trips, picnics, experiments, and bi-weekly meetings, the Theta Science Club puts forth special effort to complete a project for the Math-Science fair held annually at the high school.

The Theta Science Club is open for membership to all the students on Wildcat Hill who are genuinely interested in Science. The club not only uses proceedures and charts in order to learn but most of the knowledge gained is obtained by applying the "learning by doing" process.

The programs presented by the club on regular club meetings consists of lectures, demonstrations, films, records, and student projects. The programs rotate around the various sciences and include all the sciences taught on Wildcat Hill.

Because of the influence of science on the daily life of the modern individual, the Theta Science Club is especially interesting and makes clear the modern "mysteries of life."

". . . AND I CALL THIS INVENTION C. O. W." . . . Theta Science Officers are Jean Bostain, Anita Powell, Alden Johnson, and Rachel Walthall.

"THIS HERE'S CARDBOARD . . . THIS HERE'S METAL" . . . Johnny Eddleman displays his prize-winning project at the Math-Science Fair.

THEY CAME, THEY SAW, THEY LIKED IT . . . The community turns out for the Math-Science Fair.

Los Gatos Espanoles Are Colorful Latin Americans

"PATTY-CAKE, PATTY-CAKE, BAKE A TORTILLIA!!" . . . sings the Spanish Club as they learn Latin American dances.

DON'T JUST STAND THERE, PASS THE TEQUILA! . . . Spanish Club officers are Karen Thomas, Anniebelle Fields, John Thodes, Dennis Rogers, and Bill Stewart.

MEXICAN 4TH OF JULY . . . Senorita Blankenship explains about the Mexican day of independence.

As colorful as our neighbors in Mexico are the activities of the Spanish Club, Los Gatos Espanoles. Centering its attention on Pan American Day, the club presented a play in commemoration of the exciting festivities and celebrations observed by our fiery Latin American friends.

To help the student body don a festive spirit, club members dress in colorful costumes, the cafeteria serves delightful Latin American dishes, and the halls are gaily decorated with posters.

Delicious fiestas at the Mexico Chiquito and friendships, cultiviated through correspondence with people in Spanish speaking countries, add spice to an enjoyable club. This year Los Gatos Espanoles purchased fifty song books and a record player to be used for studies, and games and dances at their meetings.

Tommy,
Be good and
continue to work
hard and you'll do fine
Best Wishes
Dennis Rogers

'Quo Vadis' Recreates Old Rome

Any student who is taking or has taken Latin is eligible to join Quo Vadis. The Latin Club introduces the student to the more lively aspects of studying the supposedly dead language. It is through Quo Vadis that one may first realize that the study of Latin can prove interesting and exciting, as well as beneficial.

Among the many activities of the Latin Club are the annual Quo Vadis Assembly, the ordering of Latin Club Pins, and several banquets held during the year.

Le Cercle Francais is the club provided for those who are studying French.

Here the French student has a opportunity to put to practice the things he has learned in class.

TURDAY NIGHT IN OLE ROME!! . . . "Caesar" Esch is stabbed ain.

JUPITER . . . WITH DIRTY FEET!!?!! . . . Latin Club entertains student body with their annual assembly.

He reads newspapers from France and corresponds with students in France who are taking English, thus enabling him to understand French as it is spoken.

During the year Les Eleves also sponsors a French banquet and orders French Club pins.

The romance and beauty of the French language becomes an appreciated reality to the students of the long accepted languages of culture and society.

When one combines the r o m a n c e of the French language and the excitement of Latin it is easy to understand why these clubs, as well as the subjects from which they stem, have become so popular on Wildcat Hill.

LATIN CLUB OFFICERS . . . Charlotte Morris, Anita Powell, Sally Keller, and Judy Mathews.

Debaters Join The Forensic League

FORENSIC LEAGUE OFFICERS . . . Vice-President, Jackie Kinard; Secretary, Carol Swaim; and President Bobby Johnson.

"WE DEMAND A RECESS" . . . Debaters Carole Swaim and Anne Stephens representing North Little Rock High, find themselves in a tight spot while debating Hall High—but manage to win anyway!

"AND OUR WORTHY (?) OPPONENTS" . . . Mary Nell Allen and Barbara Akin in debate with students from Jacksonville.

Resolved that the Federal Government Should Substantially Increase Its Regulation of Labor Unions—This was the proposition repeatedly debated by the members of the North Little Rock Forensic League. Last year the members of the debate class decided that the debate squad should be organized as a club and thus was born the Forensic League. Soon after its birth, the club members set up a constitution and the existence of future Forensic Leagues was guaranteed.

The aim of the organization, besides that of friendly competition with fellow debators, is to foster interest in all forms of public speaking by promoting activities which involve the speech arts. In order to do this, the debate class not only participates in all local contests which involve the speaking arts, but it challenges the debate classes from other Arkansas schools to an inter-school debate.

The North Little Rock Forensic League has completed six inter-school debates and has won five of these debates.

It is the desire of every member of the Forensic League that the ancient art of oratory should not die but should become a vital part of the curriculum of all schools and all pupils.

Girls Recreation Association Is Composed Of Feminine Athletes

Offering organized recreational activities to the feminine gender on Wildcat Hill is the Girls Recreational Association.

Sports ranging from such things as charge, volleyball, flag football, and softball to table-tennis, shuffleboard, and horseshoes are provided for the members of this active club.

At the conclusion of each year awards are given to members based on the number of points are gained by participation, scoring, timing and officiating games and activities and attending meetings.

In order to raise the money to buy these awards, the G. R. A. members held cake sales, car washes, and rummage sales.

CAN'T EVEN PLAY POSSUM" . . . says Georgia Stinson as the GRA esents its assembly to the students of NLRHS.

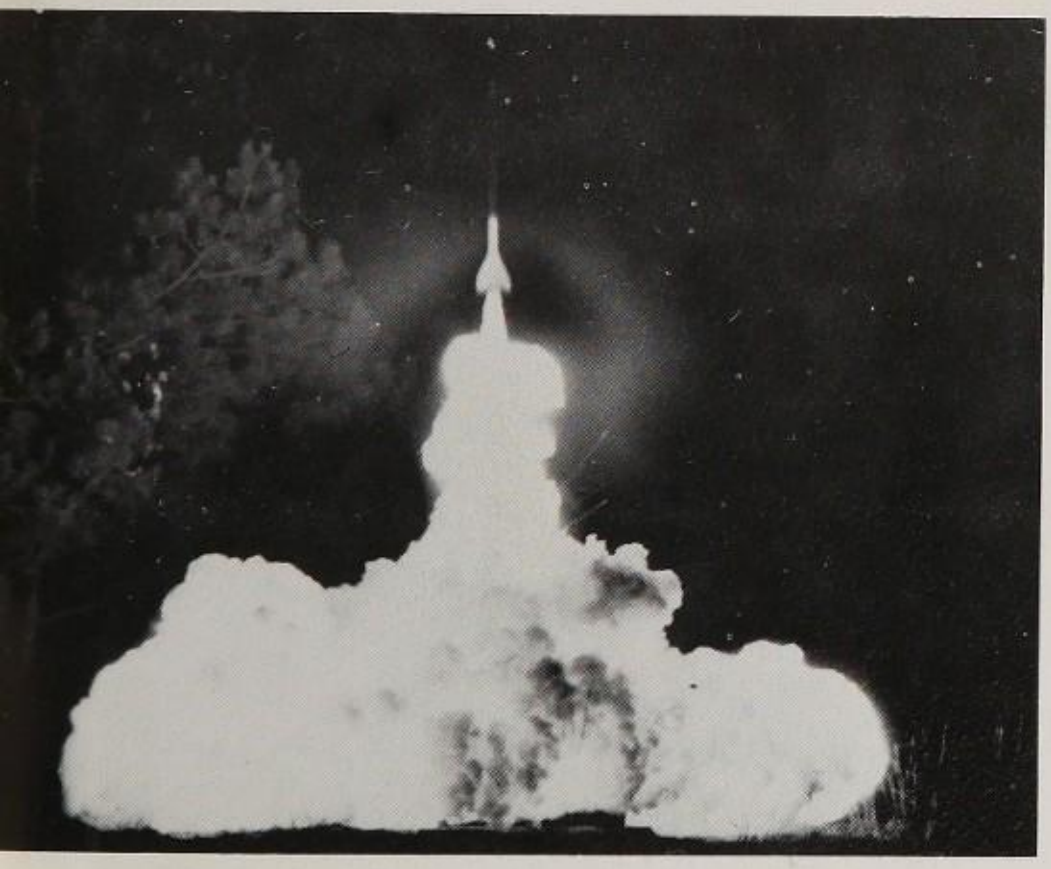
WRONG BASKET—BUT IT'S GOOD FOR TWO POINTS . . . Kay Newsome shoots for goal.

"BUT, I LIKE CHOCOLATE!!! . . ."

OFFICERS FOR THE NLRHS-GRA . . . President Doris Noble, Treasurer Nedra Dumas and Vice-President Linda Hickey.

Geniuses Dared Join Arkansas Amateur Rocket Society

HE THINKS HE'S A CANARY! . . . President Scott Hamilton strings electric wiring from the block house and the launching site assisted by Mickey McBride.



LOOK UP INTO THE SKY! IT'S GOING TO LAND! WHO PUT THAT NO SPARKING SIGN THERE?—The rocket blasts off—lighting up the landscape and sending back a shower of sparks.

Although it was the belief of many people that the Arkansas Amateur Rocket Society would live a relatively short life, the society is now in its third year and great strides have been made in the field of student rocketry.

The Arkansas society at present ranks among the best of the amateur societies. The AARS now has between 15 and 20 members, most of whom hail from Wildcat Hill.

The excellent launching site and facilities at Redfield, Arkansas have been a principal asset of the society and it has helped them considerably in maintaining their present standing.

In addition to several successful firings which were conducted this year, the society has also devoted much time and energy to research on a parachute recovery system.

AARS has been working on a movie which is to be distributed to other socities as a possible fund raising means for the society.

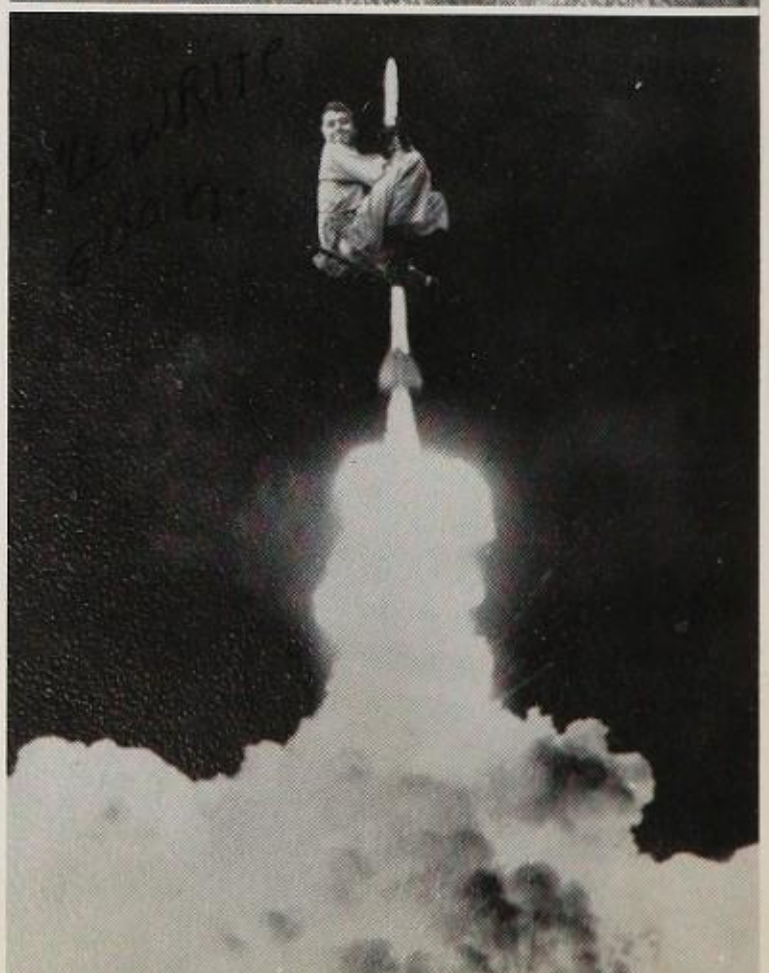
Camera Club For Victims Of The Camera Bug

Armed with flash blubs, light meters, photo plates, cameras of all makes and models, intensive looks of concentration, and dangerously infected with an insect commonly known as the camera bug, the members of the Camera Club concentrate on learning picture composition and angles so they may immortalize Wildcat Hill on film.

The camera enthusiasts meet often at NLRHS in order to discuss pictures and technical problems met by the different members of the club. The club takes part in both national and city-wide photo contests as its main project each year. The members also take field trips to find subjects for their one-eyed machines, see films, and hear speakers from the world of photography.

Thus Wildcat camera bugs learn to record on film happenings in their everyday life—happenings that may soon be history.

AND THIS MY FRIENDS" . . . is a camera, I think! . . . President Billy Kiehl explains the camera lens to his fellow officers, Mary McCarty and Jerry Phillips.



OBVIOUSLY THE WORK OF SOME CRANK!!! . . . Kiehl exhibits his project for the Math-Science Fair . . . (lower right) LOOKS LIKE THE USA HAS FOUND A BIGGER MONKEY THAN RUSSIA'S . . . through trick photography Scott Hamilton is the first man to take a ride to the moon.

GREAT MOMENTS

November 26, 1960

Dearest Tommy,

Well sweet, when it comes to writing I'm not very good at it. But I will make an attempt at trying.

I really had a blast last night. I'll never forget it as long as I live. It was a lot of fun. I just hope you remember only the good and nothing else. If there was any bad to remember. I hope not. As far as I'm concerned there isn't.

Tommy, I think a lot of you. Don't ever doubt it. No matter what. I wouldn't hurt you if I could possibly help it, no matter what it costs me. I mean that!!

I know we'll have a lot of fun together, anyway, we'll play heck trying I betcha.

Maybe one of these days when I learn how to dance, I'll dance with you. Here's hoping. Be sweet. I love you!!

Love always,

Phil

Buffalo River State Park

Diamonds, those exquisite stones sought by all who have a love of the beautiful, can be found in Arkansas. The only diamond field in North America is located in our Wonder State near Murfreesboro.

This diamond field, covering around eighty acres in Pike County, has been available as a tourist attraction since 1947. For a small fee anyone is granted the freedom of roving the eighty acres and searching for diamonds. Following the policy of "finders, keepers," a person finding one of the valuable stones is allowed to keep it. Nearly fifty thousand diamonds have been found, cut and made into valuable gems. Arkansas diamonds are twenty-seven per cent harder than any other known diamonds.

Equally as exquisite as the diamonds is the Arkansas State Flower, the apple blossom. Nothing can surpass the delicate beauty of a cluster of fragrant and colorful apple blossoms in the spring. In tints of pink, lavender, and white, it radiates a thrill of beauty and joy unlike any other.

The diamonds and the apple blossom represent rare and great moments in the story of our state. They add that "something special" needed to give our state an outstanding finishing touch and a special glow of radiance.

Symbolized by the magnificently cut, gleaming diamond and the dainty and beautiful apple blossom in full bloom are those students who add that "something special" to Wildcat Hill. They are the students who make exceptional use of their natural resources by an excellent method of applying industry; and who are then rewarded with honors as a method of recognition for their outstanding contributions to North Little Rock High School.

The boys with their diamond-tough finish may be the outstanding leaders in the world of tomorrow; while the girls with their delicate grace and beauty may be the beauty queens or mothers and homemakers of the future. Just as Arkansans are proud of their diamonds and apple blossoms, Wildcat Hill is proud of its diamonds and apple blossoms—its outstanding students and their accomplishments.

Wildcat beauties, on the basis of charm, wit, and poise, are chosen as Color Day Queens and Maids.

Just before homecoming, each home room selects two girls and each class elects its representative from among them. The sophomore and junior classes each select two maids. The girl who receives the highest number of votes among these is named Wildcat Maid and the girl with the second highest number of votes is the Visitor's Maid.

The Senior Home Rooms choose two girls each. The Senior girl winning the highest number of votes from among these is named Wildcat Queen. The second highest is the Visitor's Queen and third and fourth highest are Maids.

The Queens are crowned immediately preceding the kick-off of the homecoming game.

Wildcat Cheerleaders

The girls that are chosen to be Wildcat Cheerleaders must pass a rigid test. Each spring all the candidates try out in the auditorium before the entire student body. Ten are elected on the basis of their skill in acrobatics, their poise and spirit, and the general appearance of their demonstration yells.

Boys' and Girls' Staters

Each spring the faculty selects outstanding members of the junior class to represent North Little Rock at Arkansas Girls' State and Boys' State for a week during the coming summer. Selection is made on the basis of character, sportsmanship, grades, and previously demonstrated qualities of leadership.

These twenty-five students, selected last spring, have returned from Girls' State and Boys' State to be the leaders of the Senior Class of 1960.

Friendliest Wildcats

Being chosen the friendliest boy or girl by the student body is certainly a great honor.

To be eligible for this honor, one must be nominated by his homeroom during Friendly Week, and from there be voted upon by his fellow students. One girl and one boy is chosen from the Senior, Junior, and Sophomore classes.

This event climaxes Friendly Week, sponsored by the Student Council.

Misses and Messrs- Wildcat and Hi Comet

It is necessary to help finance the costs of the school's publications through the sale of advertising by members of the staff.

For the 1960 Wildcat and Hi Comet, the 155 staff members sold $5,675 worth of advertising and these eight people were the highest in individual sales:—Jackie McRoberts, Jerry Mateer, Jimmy Mashburn, Shirley Simpson. Jimmy Rowell, Marian Alford, Becky Rhodes, and Rita Fisher.

As a reward, they are given the title "Misses and Messrs. Wildcat and Hi Comet."

Special Honors

Some Wildcats distinguished themselves and brought honor to the school through their scholarship or prowess in state contests.

Among these are Bob Bullock who won the American Legion's Oratorical contest and the seven students—Marian Alford, Paulette Joslin, James Luker, Edwin Ray, Becky Rhodes, Frances Jane Roberts, Randall Thompson—who were finalists in the National Merit Scholarships Awards.

Bob Bullock

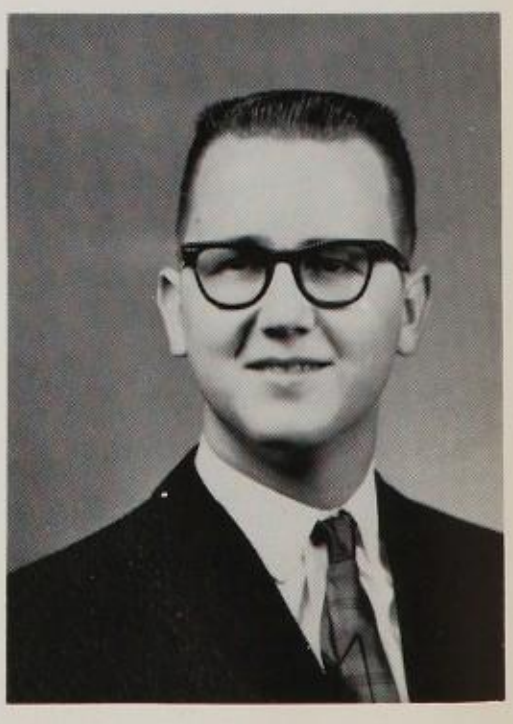
Frances Jane Roberts
National Merit Finalist

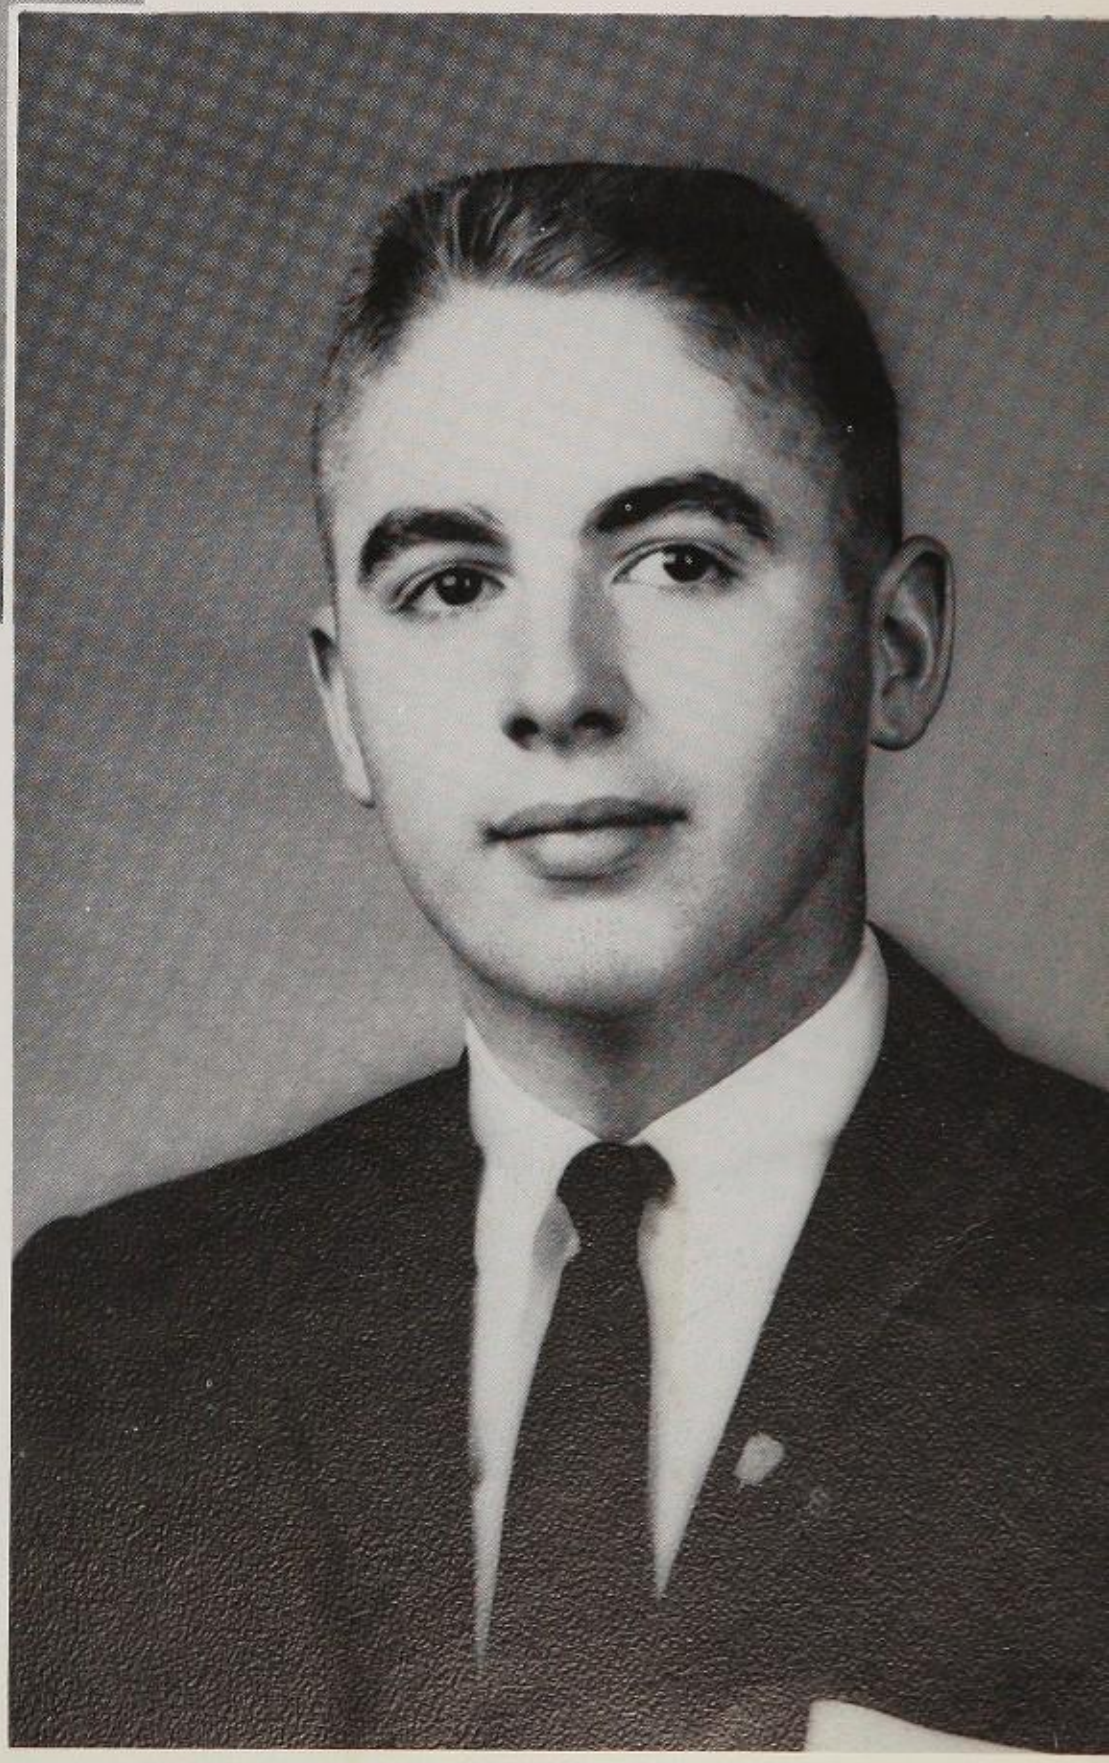


Randall Thompson
National Merit Finalist

Special Awards

Charlotte Morris
DAR Good Citizenship Award

The DAR Good Citizen Award is given by the faculty to the girl whom they consider most outstanding in the citizenship, character, leadership and knowledge of American History.



Alden Johnson
Bausch-Lomb Science Award

The Bausch-Lomb Science Award is given to the senior student whom the science teachers consider the school's most outstanding science student.

Drum Majors

Julia Garrett — Mark McCune

Because the Wildcat Marching Band is a military type band, there are no majorettes strutting before it. Instead, the band is led by the competent drum major and his feminine assistant.

Each spring the stadium resounds to the sounds of shrill whistles and loud commands as the candidates for drum major audition for the members of the band. The pair chosen must be the very best of the best, for it is they who must lead the Wildcat Band through all its exhibitions during the school year.

Student Directors

John Tyler — Danny Evans

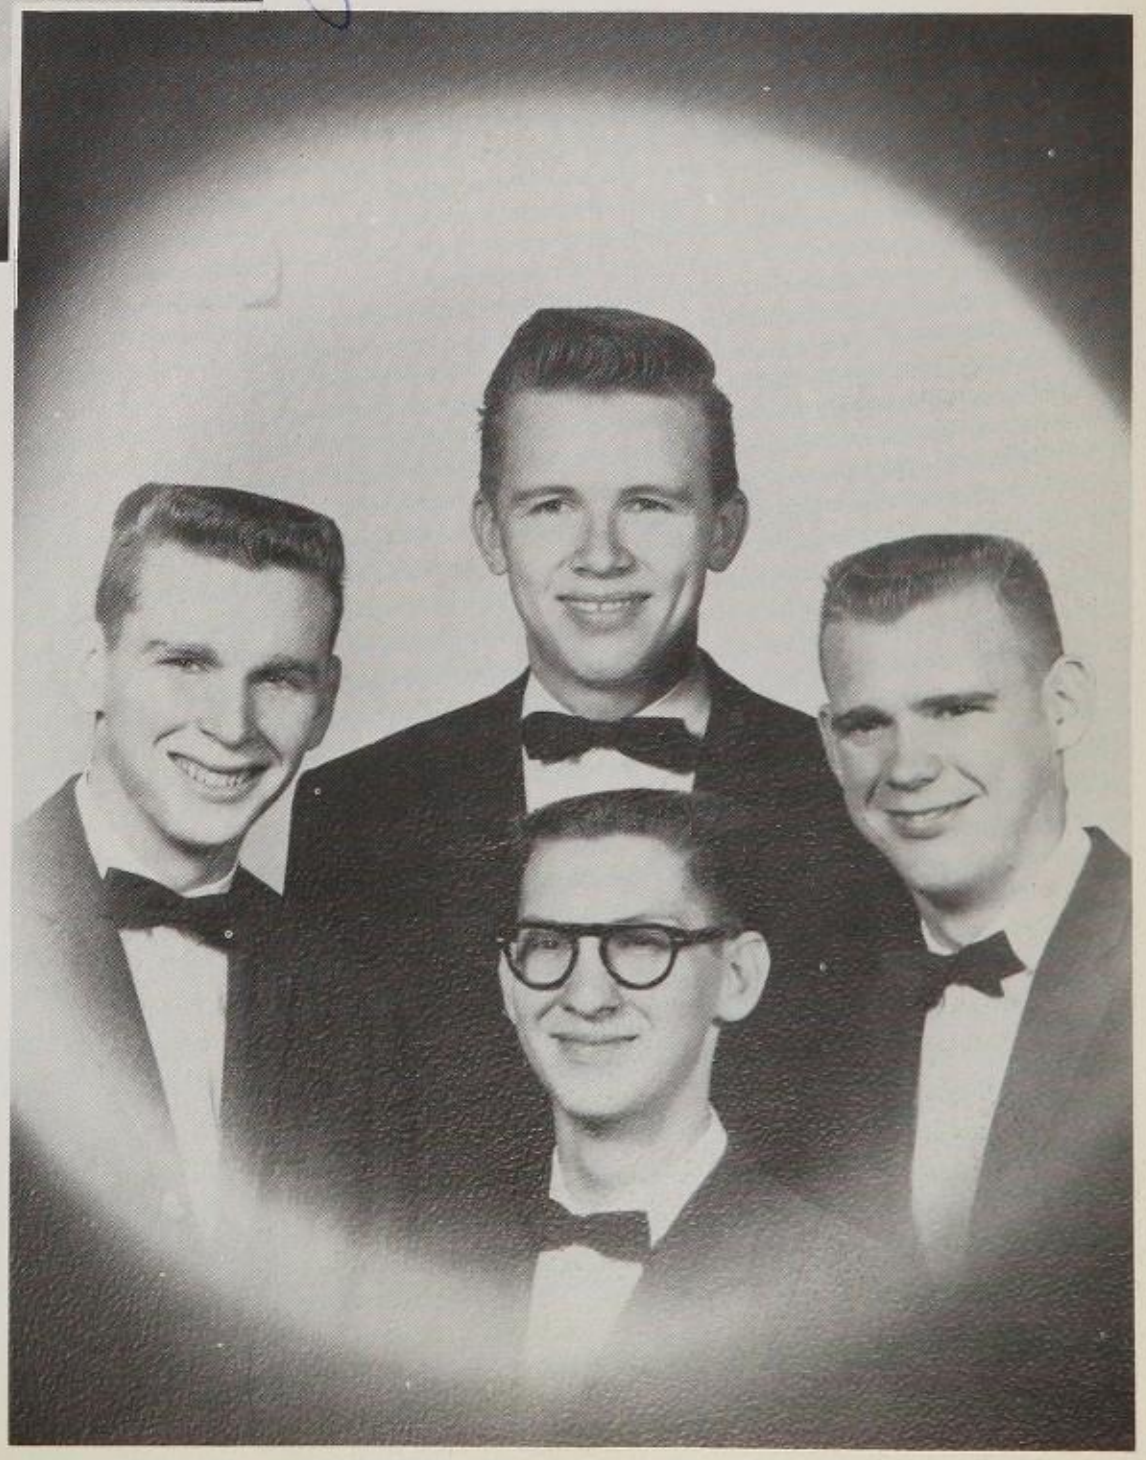
A fundamental knowledge of all phases of music, a high degree of interest in the band and the wholehearted respect of his fellow bandsmen —it takes all these to make a successful student director in the Wildcat Band.

Each year two outstanding Band members are elected on the basis of tryouts to serve in the absence of the director and to assist him in the direction of the band at football and basketball games and pep assemblies.

Girls' Trio

Suzanne Odom
Judy Matthews
Shirley Thomas

"The cream of the crop" is the Senior Girls Trio. Chosen from the Senior Girls Ensemble on the basis of their ability to harmonize, read music, and just plain sing, these girls are constantly in demand to perform before social, civic, and cultural groups throughout the city and state.



Boys' Quartet

Gail Russell
Ray Carter
George Jinks
Dick Scharfenberg

"The sweetest sounds this side of heaven" amply sums up the vocalizing of the Senior Boys Quartet. Eligible for the Boys Quartet, which performs for various groups in the state, are senior boys in the Boys Chorus and the Senior Choir.

Abilities to look at the notes, sing the music, and make harmony come forth are taken into consideration at Boys Quartet tryouts.

All State Band Members

Band Members who are rated "First Band" at the Regional Clinic are eligible to try out for All State Band.

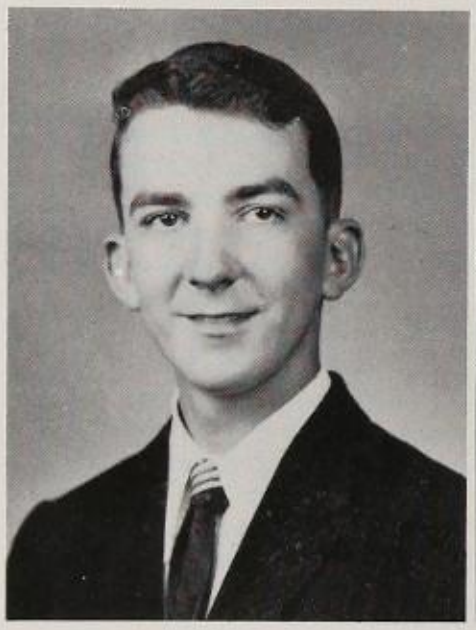
These play before a panel of three judges, and those who achieve "First Band" rating are declared All State Band.

Donna Wellhausen — Cello

John Gray — Snare Drums

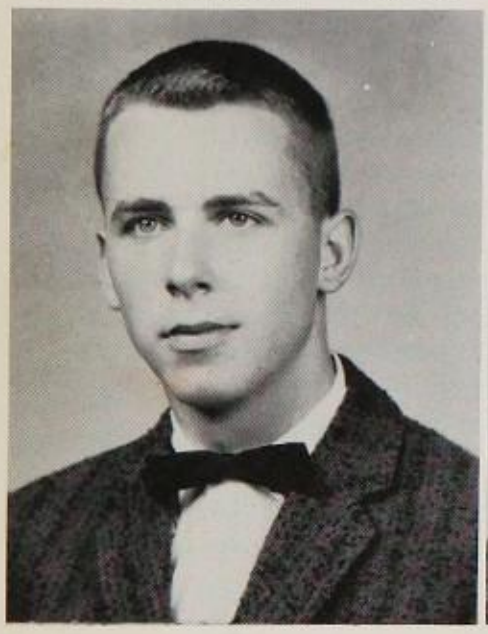
Randall Thompson — Clarinet

Bill Nichols — Clarinet



John Eubanks — Clarinet

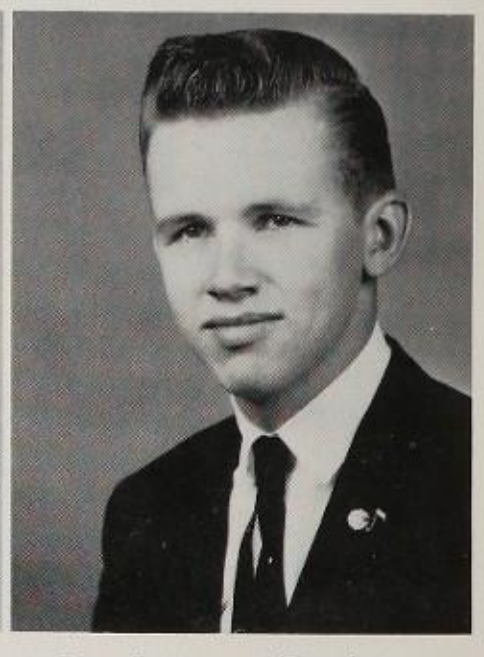
Nancy Faulkner — Clarinet



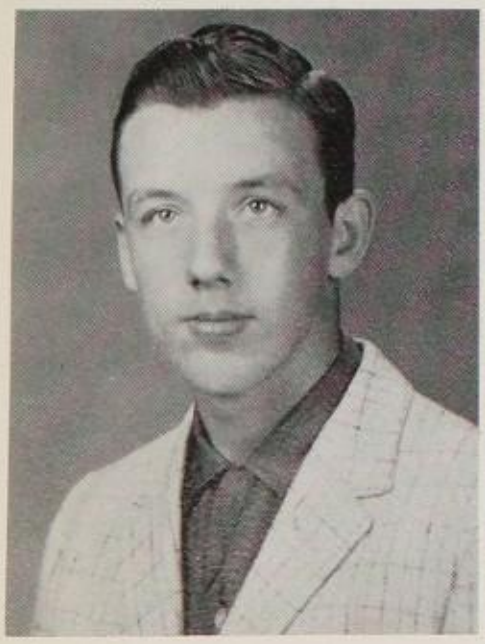
Danny Bartell — Bassoon

Ronny Jeffery — Bass Saxaphone

Carolyn Dornblaser — Oboe



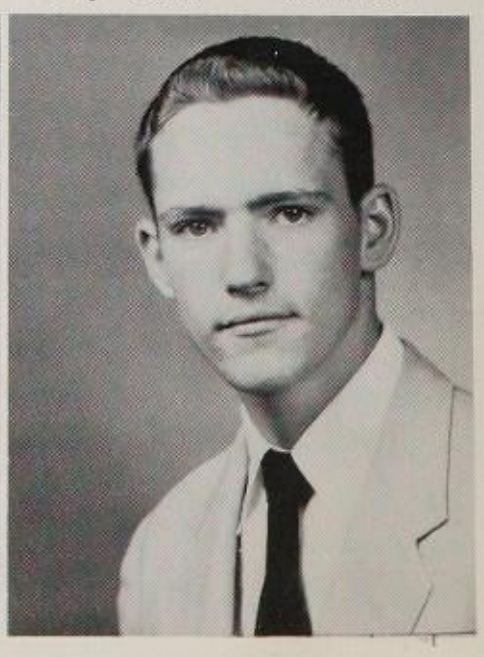
Ray Carter — Trombone



Danny Evans — Cornet

David Coles — Bass

Margaret Whitting — French Horn



Pat Jordan — Bass Trombone

All State Choir

The goal for every NLRHS music student is the All State Choir. The choir is chosen from the Choral Music Department. Each school is allowed to select ten per cent of its choral enrollment for the honor.

Outstanding musical ability, being able to sight-read, and a voice that blends well are essential for being chosen. The classroom attitude is also taken into consideration.

National Honor Society Rewards Scholarship

Each year these Honor Students sponsor the March of Dimes drive within the school. This drive takes place in an assembly in which the classes—Sophomores, Juniors, and Seniors—march in competition with each other. Again this year, as has become an established Wildcat tradition, the Seniors led the group with $710. The Sophomore class placed second with $520. And finally the Junior class contributed $240 bringing the grand total to the 1960 March Of Dimes of $1,470.

During the year NHS also sponsors two candy sales to help finance their projects.

Our Society, which received its charter in 1929, holds two initiations each year. The fall initiation is held to take in Seniors. The spring induction takes in additional Seniors as well as Juniors who will be faced with the responsibility of carrying on the work for the following year.

CANDIDATES FOR THE NLRHS HONOR SOCIETY LIGHT THEIR CANDLES AND TAKE THEIR PLEDGE . . .

Scholarship, leadership, character and service are the imperative traits which the National Honor Society member must possess. Before a student can become a truly well-rounded individual it is necessary that he develop not just one, but a combination of these four basic principles.

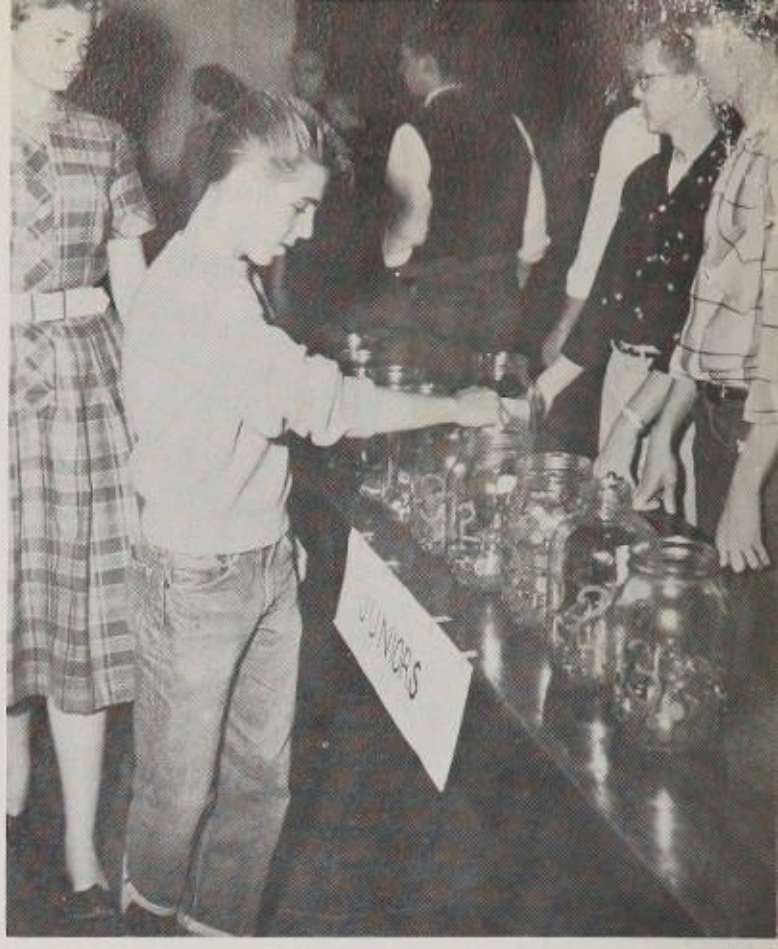
Officers for the 1959-1960 Honor Society are Jerry Hanchey, Judy Matthews, Donna Wellhausen, and Ronnie Hill.

FRONT: Marion Alford, Rachel Wathal, Paulette Joslin, Nancy Lybarger, Joan Owons, Charolette Morris, Becky Coker, Carolyn Pairett, and Judith Moore. BACK: Linda Tracy, Gem Mumme, Judy Mathews, Judy Blucker, Donna Wellhausen, Alden Johnson, Larry Hague, Ron E. Hill, Jerry Hanchey, Nedra Dumas.

FRONT: Lynda Daily, Carolyn Young, Jane Roberts, Gail Dorsey, Mary Haynes, Ann Stricklin, Pat Jennings, Linda Lauch, Lela Fisher. MIDDLE: John Gray, Barbara Weeks, Shirley Thomas, Nora Sarrie, Pat Spears, Linda Digby, Edwin Ray. BACK: Anne Smith, Bobby Johnson, George Wallace, Veletta Smith, Becky Rhodes, George Ponder, Harry King, Randall Thompson, John Tyler.

"WELL, IF I HADN'T CHOPPED IT DOWN, THE DARN TERMITES WOULD HAVE GOTTEN IT" . . . Jerry Hanchey portrays George Washington in the National Honor Society assembly.

"YOU MEAN THIS ISN'T GETTYSBURG?" . . . Bobby "Abe" Johnson speaks on behalf of "character" during the National Honor Society initiation assembly.



"ANYBODY GOT CHANGE FOR A THOUSAND DOLLAR BILL?" . . . Junior Tommy Clements contributes during the annual school-wide march for the March of Dimes.

SPRING 1960 INITIATES . . . Left to Right First: Rose Carole Williams, Heather Dodson, Emma Kinley, Glenda Bice, Mary Smith, Karen Jo Nowell, Carol Kerby, Kathy Bevans, Josephine Egner, Anita Powell, Gloria Roberson, Mary McCarty.
Second: Jessie Nell Randolph, Carolyn House, Rita Bolinger, Linda Hickey, Anita Bufford, Judy Pitts, Missy Goodloe, Barbara Green, Gayle Funk, Aletha Lipscomb, Jeffrey Phipps, Jean Bostain, Claro Ruth Cofield, Peggy Hay, Margaret Whitting.
Third: Bobby Neighbors, Jim Lance, Larry Burke, Robbie Bridenthal, Sally Keller, Donna Munsey, Rebecca Hall, Judi Evans, Norman Priddy, Tommy Adams, Joe Ball, Gail Russell.
Fourth: Dee Spann, Johnny McClain, Mark McCune, Pat Jordan, Ed Nokumura, Don Vogel, Virgil Lyons, Carl Halford.

Quill And Scroll Honors Top-Flight Journalists

Symbolizing a worthy goal, desired honor, and intriguing challenge, Quill and Scroll, the International Honorary Society for High School Journalists, represents the utmost dreams of all high school journalists.

BETTER WATCH THAT FLAME, GANG, HERE COMES SMOKEY THE BEAR!!! . . . 1960 Quill and Scroll candidates are initiated at annual banquet.

QUILL AND SCROLL OFFICERS . . . Treasurer Ruth Woodcock, President Anne Stephens, Vice-President Clara Bess Matson, Secretary Carolyn Hampton.

I WISH THEY WOULD HURRY UP AND PLUCK THOSE CHICKENS, I'M HUNGRY . . . Candlelighters await main course.

To become a member of this club, one must meet the following requirements: (1) They must be of junior or senior standing. (2) They must be in the upper third of their class at the time of election. (3) They must have done superior work in some phase of journalistic or creative endeavor. (4) They must be recommended by the adviser of publications and (5) They must be approved by the international executive secretary.

The Quill and Scroll is to the high school journalism students what the National Honor Society is to all students, and membership in Quill and Scroll is a coveted thing among students.

Each year new members are granted a life long membership in Quill and Scroll. Thus they are permitted to wear with pride the symbol of this club which strives to uphold the high ideals of true journalism.

YOU MEAN YOU GIVE TOP VALUE STAMPS, TOO??? . . . Initiates receive pins and membership cards.

Thespian Club Recognizes Dramatic Talent

Thespian membership has many benefits—the experiences gained by the activities of the club, the feeling of gratification gained by the knowledge that you have served others, the enjoyment gained during the fun filled activities, and the fellowship gained by association with the other club members. These and other benefits, compose the advantages of Thespian membership.

Although the club was organized chiefly for member benefits, it does not offer benefits along, for when a student takes the Thespian pledge of membership, he is obilgated to assume greater tasks and responsibilities in the carrying on of the dramatic arts program in his school and by doing this, furthering his personal training as a participant in the serious works of the dramatic arts program.

Because Thespians membership is based on the "honor" or "recognition" scale, the would-be Thespian must accumulate a number of points before he is eligible for membership. The point system which is uniform throughout the nation, is based on participation of the student in stage productions. The highest honor one can achieve is honor Thespian, a title which requires 50 points over his original ten necessary for membership.

For those who are willing to apply their talents and a good deal of "good, old-fashioned elbow grease" Thespian membership can be very rewarding as well as interesting and fun.

IF YOU DIDN'T HAVE THAT GUN, BUSTER . . . Thespian candidates are initiated.

LOOK, HANDSOME, DO YOU WANT TO GO TO GRANDMA'S WITH ME OR NOT??? . . . Bobby Johnson and Dianna Wingfield perform in a skit during the annual Thespian assembly.

THESPIAN OFFICERS . . . Dee Lister, Carolyn Pairett, and Shirley Thomas.

DON'T LET HIM FOOL YOU, HE'S NOT REALLY MODEST . . . Pat Thresher, Dee Lister, and Johnny Gray rehearse for the Senior Play.

STUDENT DIRECTORS FOR THE 1960 SENIOR PLAY . . . Mary Nell Allen, Carolyn Pairett, Ginger Garrison, and Barbara Akin.

ROMEO, ROMEO—WHERE ART THOU, ROMEO?? . . . Bob Bullock and Carole Swaim learn their lines.

AN ANGEL??? . . . Karen Jo Nowell entertains studyhalls during the Christmas season.

BUT SANTA, I DIDN'T ASK FOR A MICROPHONE . . .

Ace Scientists Are Invited Into Tri Chem

Tri Chem, an honor society for science students, has become highly competitive as only the top ten per cent of the students in the science department are eligible for membership. Also among the qualifications is a "B" average and at least two previous years of scientific study.

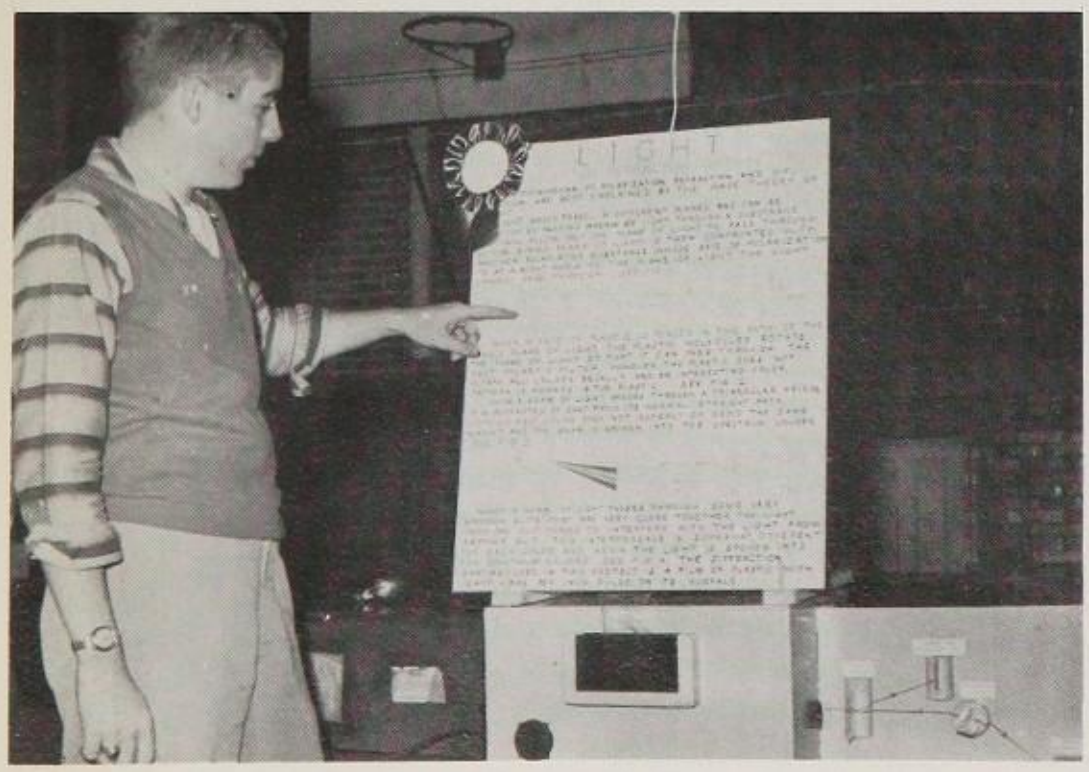
This honor club was chartered for the purpose of promoting and strengthening scientific interest on Wildcat Hill.

During the year, Tri Chem members prepare various projects for the Math-Science Fair, which they enthusiastically support.

The annual Tri Chem banquet could easily be called the highlight of the year since it is on this occasion that the outstanding science student of the year receives the Bausch-Lomb Science Award.

TRI CHEM OFFICERS . . . Dru Kelly, Mischa Martin, Jay Means, and Tommy Adams.

HEY, I'VE GOT NEWS FOR YOU GUYS . . . MR. BELL INVENTED THAT THING A LONG TIME AGO . . .



TO MAKE A LONG STORY SHORT, FLIP THIS AND THE LIGHT COMES ON . . . Aldon Johnson gets first prize on his Science Fair project having to do with poloroid lenses, refraction, etc.

WHICH END HAS THE FILTER??? . . . Don McDaniels holds up a neon tube to a tesla coil in order to make the tube light up by magnetic waves at the Science Fair.

Five Achieve All Big Nine Football Honors

The Fighting '59 Wildcats of North Little Rock placed five men on the All Big Nine. All State first and second team selections.

Tommy Adams landed a first team tackle berth; Jerry Jones, first team line backer; and Jimmy Rowell, first team end. Jerry Sisk, second team center; and Gary Parker, second team half-back.

Eight players received an honorable mention: Donnie Caple, Gem Mumme, Buddy Bliedt, Jeff Flake, Gene Vaughn, Gary Whisnat, and Skippy Johnston.

Five positions on the All State Team is the most that North Little Rock has earned since 1951, They placed five on the team that year also.

Chimney Rocks, Clinton

Like a proud lady showing off her best finery are the ten thousand miles of paved highways running through the scenic wonderlands of Arkansas. It might be said that one of the favorite pastimes of Arkansans is "just lookin' " while driving through the Wonder State.

Arkansans are filled with pride for their state as they follow the unwinding ribbon of highway through the breath-takingly beautiful Ozark Mountains in autumn when the leaves are dressed in hues of gold and red. Riding in the lower regions of the state one begins to realize the splendor of nature as the numerous lakes come into sight and then disappear one by one.

The highways lead on through this "Land of Opportunity" through the many small towns like Magazine, Lonoke, and Benton to the larger cities like Texarkana, Ft. Smith. Little Rock, and to our town, North Little Rock. In these towns we see progress in motion as the people go about their daily tasks.

Arkansas is called the "Land of Opportunity" because it was pointed out by great leaders in business and industry to be one of the brightest spots on the United States map for growth and development for business and industry. As the people of the state became interested in the future of Arkansas and made an effort to acquaint themselves with the kinds of industries best suited to our state, soon the theme "Arkansas, the Land of Opportunity" became so popular among the people it was placed on automobile license plates.

As highways lead us on to bigger and better things, we meet the backers of our state, the businessmen. Without the civic-minded businessmen of Arkansas there would be no "Arkansas Story." They are the men who are interested enough in our state to invest their time and money in its future that the story of Arkansas will always be a glorious one, more enchanting with each telling.

A *fool for a patient*

It has been said that he who treats his own illness has a fool for a patient. The wisdom is obvious. What may seem to be an insignificant ailment actually may be a warning of serious illness, especially if symptoms persist or recur. Only a physician has the ability and knowledge required to diagnose and prescribe medical treatment. Seek his attention at the first warning signal. A prolonged and serious illness may be thwarted. If medication is needed, bring your prescription to us.

You Pay for a Business Education Whether You Get It or Not

(These facts are based on a study made by Dean Everett W. Lord of Boston University nationally recognized authority on the relation of education to salary.) The original data have been evaluated by the Equitable Life Insurance Company of Iowa to conform to the changed index of the purchasing power of the current dollar.

1. THE UNTRAINED MAN: He goes to work at 14 and reaches his maximum income at 40 with his life average of less than $2,400 a year.

Since his income is largely dependent on physical strength and manual dexterity, it falls off at 50 or earlier, often to a point below the level of self-support. More than 50 out of every 100 untrained workers are dependent upon others after the age of 60.

TOTAL EARNINGS FROM 14 TO 60 ABOUT $110,400.

2. THE HIGH SCHOOL GRADUATE: He goes to work at 18, passes the maximum of the untrained man within ten years, rises steadily to his own maximum at 50 with a life average of $4,000 annually and declines but little thereafter.

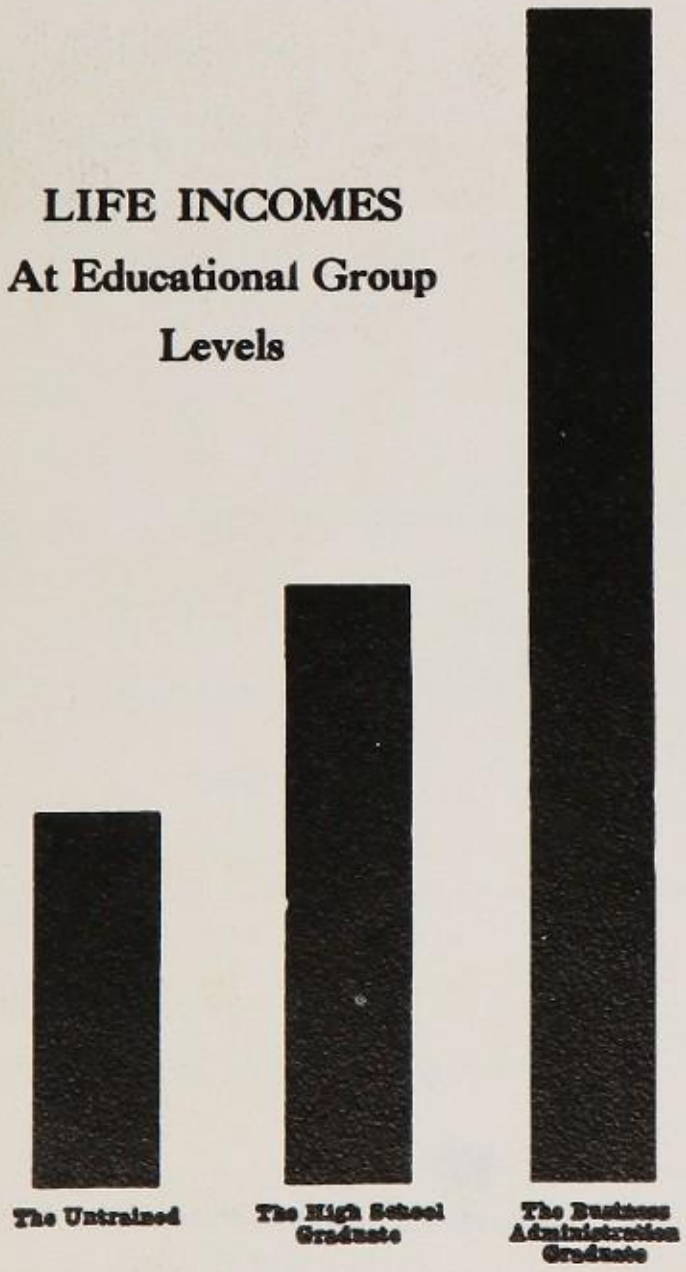
TOTAL EARNINGS FROM 18 TO 60, ABOUT $168,000.

3. THE BUSINESS SCHOOL GRADUATE: His permanent earnings begin at 22. By the time he is 30 his income equals that of the high school graduate at 40, and continues to rise.

Since his income is dependent upon his mental ability and training and is constantly improved by practice, it increases rather than diminishes. The graduate in business administration reaches his maximum at 60 and has a life average income of $11,000 annually.

TOTAL EARNINGS FROM 22 TO 60, $300,000 TO $418,000.

LIFE INCOMES
At Educational Group Levels



For fifty-nine years Draughons School of Business, Little Rock, Arkansas, has accepted the responsibility of supplying business and industry within our area with properly trained office personnel.

For more than ten years our Free Employment Department has received many, many more calls for trained personnel than we could possibly fill because we could not train them fast enough. Not having the words to express to you the possibilities of thorough business education, we submit to you the above report entitled "You Pay For A Business Education Whether You Get It Or Not." Won't you read and study this report and ask yourself this question: "May I also receive profits and benefits by attending Draughon School of Business, Little Rock?"

For full information about courses offered, write us for our free book, TRAIN FOR BUSINESS.

-Tommy-
I really have enjoyed
meeting you this year.
Lots of Luck in the Future.
Marshall Schuster

Tommy,
I Hope you have
a wonderful time next
year. You'll make a
wonderful manager, I know.
Lots of luck, Tommy.
Love,
Shirley Thomas

Tom: Good luck to a real good boy, and a real fine manager.

Billy Bullock

Dear Tommy

I haven't known you long, but it seem like a life time. I really don't know what to say. There no way to explain to anyone how swell of a guy you are. Stay as you are now and you will have almost everything in the future. May God go with you in the future and watch over you in the years to come.

Love ya!

Senior of '62

Connie Faber

To a real sweet and
Cute guy, stay that
way, you will go far.
Love ya,
Doris Faber

The United Daughters of the Confederacy Room with the lavish furnishing of the War Between the States Period.

Daughters of the American Revolution Room features eighteenth century design of the Colonial Drawing Room. (Photos by Harold Phelps)

The Old State Capitol

on Markham at Center Street was the center of almost a century of Arkansas history. It is acclaimed as one of the finest examples of antebellum architecture in the South. The building was finished in 1840; was designed by Gideon Shryock.

This is the famous "Pioneer Room" where the Arkansas Supreme Court once met.

The Senate Chamber appears in its original state, authentic in decoration and furniture—a classic example of a bygone era . . . The hallway with its famous vanishing arches . . . Poetic in every season, the Doric columns of the center section invite behind the opened wrought iron gates.
